

## Attachment 3 Chemical Exposure Question Bank

Items from the question bank can be used to develop a survey for each submission.

Items marked with “\*” are mandatory

[see <http://minorityhealth.hhs.gov/templates/content.aspx?ID=9231&lvl=1&lvlID=10>].

31 October 2011 - The Affordable Care Act requires new standards for the collection and reporting of health care information based on race, ethnicity, sex, and primary language. Making data standards consistent will help identify the significant health differences that often exist between and within ethnic groups. The new data collection requirements also will improve researchers' ability to consistently monitor more dimensions of health disparities among people with disabilities.

The use of all other items is not mandatory

All forms will display OMB Control Number, Expiration Date, and Public Reporting Burden

## Example Script for Environmental and/or Biologic Sampling Events

### **Sample Introduction for Environmental Investigation:**

*Hello, my name is {SAY NAME}. We are doing an Exposure Investigation for the Agency for Toxic Substances and Disease Registry, or ATSDR. ATSDR is a sister agency to the Centers for Disease Control and Prevention. As part of the investigation, we will be asking you some common questions like your name and address. We will also ask questions about your contact with chemicals. We are asking these questions to better understand all the data we collect.*

*The questions should take less than thirty minutes. After that, we will be offering free {FILL IN TYPE(S)} = [FOR ENVIRONMENTAL-air, soil, water, foods testing] Once we are done with this investigation, you will be given a copy and details of -your location or the exposure location test results. Generally, we are able to get results to you within {FILL IN ADJUSTED TIME FRAME OR INSERT 4 – 8 WEEKS}.*

## General Information Questions

*Example Script: Now I want to ask you questions about how I can contact you. I may also be asking how long you have lived at or visited certain places. This is needed to find out how long you may have had contact with chemicals and how long it may have lasted. We may also ask your age, race, weight and height, and about your jobs. This is useful to put your test results side by side with others like you to see what is typical.*

**NOTE: It is recommended that you ask the general questions last.**

Receive from family and friends</li> <li>7. Other (SPECIFY)</li> </ol>			

**Game**  
*Script: Game refers to wild animals such as deer which are hunted and used as a source of food.*

Do you currently eat game (of any kind)?	No, NEVER I do not currently eat game, nor have I ever eaten game.	No, PREVIOUS but I have previously eaten game.	Yes
How long have you eaten game? (RECORD IN YEARS)			
Do you hunt or is game given to you to eat?	Yes	No	
Where do you hunt? (RECORD LOCATION)			

Check the game you consume and list how often (weekly, monthly, yearly) and the primary place you get the game (READ LIST. ONE ANSWER ONLY):

<i>Game</i>	<i>Frequency</i> <i>(Weekly, Monthly, Yearly)</i>	<i>Source</i> <i>(see list)</i>
