Attachment M
Checklist Evaluation

1. *Is the list complete (no significant omissions)?*

2. *Are there incomplete items?*

3. *Do any items overlap?*

4. *Are there unclear items?*

5. *Is the list concise?*

6. *Is it easy to use?*

7. *How long did it take you to use the checklist?*

8. *In general, can the checklist be completed in a reasonably brief period of time?*

9. *Does using the checklist fit the flow of work?*

10. *Are the items in the order you would like them? How might you reorder them?*

11. *Would you prefer to read each step, then do it or do the steps from memory, then pause and check?*

12. *Does the checklist cover costs to society of choosing particular types of investigation, treatment and recovery*
