Introduction

Hello, My name is _____ from Abt SRBI.

Could I please speak with _____?

Thank you for taking the time to speak with me today. We are conducting interviews with people who agreed to be in a study about a program offered at [Name of organization] called [program name]. The study is called Innovative Strategies for Increasing Self-Sufficiency or ISIS for short. It is funded by the U.S. Department of Health and Human Services Administration for Children and Families. Abt SRBI is conducting this survey.

We need to talk with people who got into the program and those who did not. Your participation in this study will help policymakers and program operators better understand how to help people attain educational credentials and find and keep jobs. This interview will include questions on your education activities, your use of services, and your overall well-being. It should take about 50 minutes including the time for reviewing instructions and gathering and maintaining the information needed.

Before we begin the survey, I would like to assure you that all of your responses on this survey will be kept private; the research staff has been trained in protecting private information and your name will not appear in any written reports we produce. All of the study results will be reported for groups of individuals; no results will be analyzed or reported for individuals. Your responses to these questions are also completely voluntary. That means you may choose not to answer any question, or you may stop the interview if you wish, but we hope you don't. Your responses to these questions will in no way affect your participation in any programs or your receipt of any kinds of public benefits or services. At the end of the interview you will receive \$30 in appreciation for your time.

According to the Paperwork Reduction Act (PRA), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection is 0970-0397 and it expires xx/xx/xxxx. If you have comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, please send them to [Contact Name]; [Contact Address]; Attn: OMB-PRA (0970-0397).

Do you have any questions before we begin?

B.3 Next, I'm going to read some statements about how people approach various tasks in life. For each, please tell me if you strongly agree, somewhat agree, somewhat disagree, or strongly disagree that the statement applies to you. Be honest—there are no right or wrong answers!

B.4 [INTRODUCE B4 AND B5 VIA:] The following contains a series of statements you might use to describe your behavior, opinions, interests, and feelings. Some are quite general while others ask about your feelings at work or school. If you are not currently working or going to school, please think about how you would respond if you were.

After I read each statement please decide how it describes you using the following scale: Strongly disagree, moderately disagree, slightly disagree, slightly agree, moderately agree, strongly agree. Please don't spend too much time deciding on any one answer. Although some items are similar, answer each without considering your other answers.
