

450k(a)(2)(A)(ii). The joint regulations at 25 CFR part 900 was developed through negotiated rulemaking with tribes in 1996 and governs, among other things, what must be included in a tribe's initial ISDEAA contract proposal to the BIA. A response is required to obtain and retain a benefit.

The information requirements for this joint rule represent significant differences from other agencies in several respects. Under the Act, the Secretaries of Health and Human Services and the Interior are directed to enter into self-determination contracts with tribes upon request, unless specific declination criteria apply, and, generally, tribes may renew these contracts annually, whereas other agencies provide grants on a discretionary or competitive basis. Both the BIA and IHS award contracts for multiple programs whereas other agencies usually award single grants to tribes. This information collection addresses only the information that BIA collects under the joint rule.

The BIA uses the information collected to determine applicant eligibility, evaluate applicant capabilities, protect the service population, safeguard Federal funds and other resources, and permit the Federal agencies to administer and evaluate contract programs. Tribal governments or tribal organizations provide the information by submitting contract proposals, and related information, to the appropriate Federal agency, as required under the ISDEAA. No third party notification or public disclosure burden is associated with this collection. IHS estimates are not included in this submission as they will provide their estimates to OMB at a later date. The revisions included in this renewal include two information collection items that were not previously included.

II. Request for Comments

The BIA requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents.

Please note that an agency may not conduct or sponsor, and an individual

need not respond to, a collection of information unless it displays a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personally identifiable information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

III. Data

OMB Control Number: 1076–0136.

Title: Indian Self-Determination and Education Assistance Contracts, 25 CFR part 900.

Brief Description of Collection: An Indian tribe or tribal organization is required to submit this information each time that it proposes to contract with BIA under the ISDEAA. Each response may vary in its length. In addition, each subpart of 25 CFR part 900 concerns different parts of the contracting process. For example, Subpart C relates to provisions of the contents for the initial contract proposal. The respondents do not incur the burden associated with Subpart C when contracts are renewed. Subpart F describes minimum standards for management systems used by Indian tribes or tribal organizations under these contracts. Subpart G addresses the negotiability of all reporting and data requirements in the contracts. Responses are required to obtain or retain a benefit. IHS estimates are not included in this notice, but will be submitted to OMB at a later date by IHS.

Type of Review: Revision of currently approved collection.

Respondents: Federally recognized Indian tribes and tribal organizations.

Number of Respondents: 533.

Estimated Number of Responses: 7,063.

Estimated Time per Response: Varies from 4 to 122 hours, with an average of 38 hours per response.

Frequency of Response: Each time programs, functions, services, or activities are contracted from the BIA under the ISDEAA.

Estimated Total Annual Hour Burden: 127,127.

Dated: May 23, 2013.

Christine Cho,

Acting Assistant Director for Information Resources.

Renewal of Agency Information Collection for Navajo Partitioned Lands Grazing Permits

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of submission to OMB.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Bureau of Indian Affairs (BIA) is seeking comments on the renewal of Office of Management and Budget (OMB) approval for the collection of information for Navajo Partitioned Lands Grazing Permits authorized by OMB Control Number 1076–0162. This information collection expires May 31, 2013.

DATES: Interested persons are invited to submit comments on or before June 28, 2013.

ADDRESSES: You may submit comments on the information collection to the Desk Officer for the Department of the Interior at the Office of Management and Budget, by facsimile to (202) 395–5806 or you may send an email to: OIRA_Submission@omb.eop.gov. Please send a copy of your comments to David Edington, Office of Trust Services, 1849 C Street NW., Mail Stop 4637, Washington, DC 20240; facsimile: (202) 219–0006; email: David.Edington@bia.gov.

FOR FURTHER INFORMATION CONTACT: David Edington, (202) 513–0886. You may review the information collection request online at <http://www.reginfo.gov>. Follow the instructions to review Department of the Interior collections under review by OMB.

SUPPLEMENTARY INFORMATION:

I. Abstract

BIA is seeking renewal of the approval for the information collection conducted under 25 CFR 161, implementing the Navajo-Hopi Indian Relocation Amendments Act of 1980, 94 Stat. 929, and the Federal court decisions of *Healing v. Jones*, 174 F. Supp. 211 (D. Ariz. 1959) (*Healing I*), *Healing v. Jones*, 210 F. Supp. 126 (D.

Ariz. 1962), aff'd 363 U.S. 758 (1963) (Healing II), *Hopi Tribe v. Watt*, 530 F. Supp. 1217 (D. Ariz. 1982), and *Hopi Tribe v. Watt*, 719 F.2d 314 (9th Cir. 1983).

This information collection allows BIA to receive the information necessary to determine whether an applicant to obtain, modify, or assign a grazing permit on Navajo Partitioned Lands is eligible and complies with all applicable grazing permit requirements. This renewal includes changes to the Navajo Partitioned Lands: Grazing Permit (Form 5-5015), to make the guidance and instructions clear and easy to understand.

II. Request for Comments

The BIA requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) Ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) Ways we could minimize the burden of the collection of the information on the respondents.

Please note that an agency may not conduct or sponsor, and an individual need not respond to, a collection of information unless it displays a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personally identifiable information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

III. Data

OMB Control Number: 1076-0162.

Title: Navajo Partitioned Lands Grazing Permits, 25 CFR 161.

Brief Description of Collection:

Submission of information is required for Navajo Nation representatives, members, and authorized tribal organizations to obtain, modify, or assign a grazing permit on Navajo partitioned lands. Some of this information is collected on the following forms: Form 5-5015—Navajo

Partitioned Lands: Grazing Permit, Form 5-5022—Navajo Partitioned Lands: Modification of Grazing Permit, and Form 5-5023—Navajo Partitioned Lands: Assignment of Grazing Permit. Changes were made to Form 5-5015—Navajo Partitioned Lands: Grazing Permit, to make the guidance and instructions clear and easy to understand. Response is required to obtain a benefit.

Type of Review: Revision of currently approved collection.

Respondents: Tribes, tribal organizations, and individual Indians.

Number of Respondents: 700.

Estimated Number of Responses: 3,120.

Estimated Time per Response: Varies, from 15 minutes to 1 hour.

Estimated Total Annual Hour Burden: 2,122 hours.

Dated: May 21, 2013.

John Ashley,

Acting Assistant Director for Information Resources.

National Park Service

**[NPS-PWR-PWRO-12639;
PPPWCHISM0.PPMOMFM1Z.Y00000]**

Scorpion Pier Replacement Project, Channel Islands National Park, Santa Barbara County, California

AGENCY: National Park Service, Interior.

ACTION: Notice of Intent to Prepare an Environmental Impact Statement.

SUMMARY: Pursuant to § 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), and pursuant to the Council on Environmental Quality Regulations (40 CFR part 1500-08), the National Park Service (NPS) is initiating the conservation planning and environmental impact analysis process for the proposed replacement and potential relocation of the existing Scorpion Pier at Santa Cruz Island's eastern waterfront. The NPS is the lead federal agency for environmental review under NEPA. The lead state agency for environmental review under the California Environmental Quality Act is currently being determined. As described in 36 CFR 800.8(c), the NPS is also using the NEPA process to fulfill certain provisions of § 106 of the National Historic Preservation Act related to consultation and public involvement.

DATES: All written comments must be postmarked or transmitted no later than July 29, 2013.

ADDRESSES: Submit comments by mail to Superintendent, Channel Islands National Park, Attn: Scorpion Pier Project, 1901 Spinnaker Drive, Ventura, CA 93001 or electronically to <http://parkplanning.nps.gov/parkHome.cfm?parkID=292>.

FOR FURTHER INFORMATION CONTACT: Karl Bachman, Facility Manager, Channel Island National Park, at (805) 658-5710.

Background: Santa Cruz Island and the surrounding one nautical mile of marine waters are located in Channel Islands National Park. The NPS owns and manages the eastern 24% of the island, including the Scorpion Valley area. Santa Cruz Island is surrounded by the Channel Islands National Marine Sanctuary which extends six nautical miles from the island. The Scorpion Pier is also within the Scorpion State Marine Reserve designated by the State of California. Over 55,000 people come ashore at the Scorpion pier annually for recreational activities including hiking, picnicking, camping, kayaking, and swimming. Many people also visit the island's historic Scorpion Ranch.

The existing Scorpion Pier is a flatbed railcar that was installed as a temporary facility in 2000. The pier is rapidly deteriorating due to wave action and saltwater. It has been closed numerous times due to weather hazards and to perform required repair and maintenance activities. The pier sometimes cannot be used by park or concession boats, such as during low tides, because of inadequate water depth. The existing pier access road undergoes reconstruction several times per year due to wave erosion.

Purpose and Need and Preliminary Alternatives: The NPS seeks to construct a permanent replacement pier that provides a safe, accessible, efficient, and sustainable access point for visitors and Park staff to Santa Cruz Island. Additionally, the NPS intends that this replacement pier, along with proposed improvements to the access road, will decrease future impacts to the island's sensitive archaeological resources. Permanent replacement of the pier is required due to the following current conditions:

- Shallow water depths at the pier, especially during low tide;
- Difficult vessel navigation and mooring during moderate to extreme wind and wave conditions;
- Challenging and limited access for visitors embarking from ferries onto the pier and from the pier onto the ferries;
