## The Impact Aid Section 8002 Program

Payments for Federal Property under Section 8002 of the Elementary and Secondary Education Act assist local school districts that have lost a portion of their local tax base because of federal ownership of property. To be eligible, a school district must demonstrate that the federal government has acquired, since 1938, real property with an assessed valuation of at least 10 percent of all real property in the district at the time of acquisition.

Before completing the application, you should review Section 8002 of the Elementary and Secondary Education Act which provides detailed eligibility requirements, definition of terms, and the specific requirements of P.L. 112-239. Due to amendments in P.L. 112-239, authorized with the National Defense Authorization Act for Fiscal Year 2013, changes were made to the reporting requirements of Section 8002 of the Impact Aid program. These changes are reflected in Table 1, Table 3, and Table 4 of the application.

You can prepare and submit this application only by using G5 e-Application, the Department of Education's electronic application system, which is available on the Internet at <u>www.g5.gov</u>. If you need further assistance in preparing this application, please call the IAP at 202-260-3858.

## Who May Apply

Any local educational agency (LEA) in which the Federal government has acquired significant amounts of local real property since 1938 may apply for assistance. The term "LEA" means a board of education or other legally constituted local school authority that has administrative control and direction of free public elementary and secondary education through grade 12 in a county, township, independent or other school district located within a State. An eligible LEA must provide free public elementary and/or secondary education, under public supervision and direction without tuition charge, pursuant to the law of the State in which the LEA is located.

Your application is not complete until you have submitted the G5 e-Application online and you have emailed or faxed all pages with signatures to the Impact Aid Program.

In addition, you must forward a complete copy of the application to your State educational agency (SEA) at the same time you submit it to the U.S. Department of Education. ## **Cover Page**

**Impact Aid and PR/Award Numbers**—Your Impact Aid Number and PR/Award Number will be pre-populated if you previously have applied for Impact Aid. If your LEA previously has applied for Impact Aid and any of these numbers is blank or the Impact Aid Number displayed

on the screen begins with "GIA" please contact the Impact Aid Program at (202) 260-3858 before continuing so that we may be certain your application has been correctly pre-populated.

If your LEA has not received Impact Aid previously, these numbers may be blank or the Impact Aid Number may begin with "GIA." The Impact Aid Program will assign these numbers for you after you submit your application.

**DUNS Number**—If you do not know your LEA's DUNS Number or if you would like to verify the number displayed on the application screen, call Dun and Bradstreet, Inc., at 800-333-0505 or <u>visit their website</u> to obtain or check the number. The DUNS Number on the application should be assigned to the same name and address that is on this application.

**Applicant Name and Address**—Your LEA's name and address will be displayed as they are listed in the Impact Aid Program records. The name should be your LEA's legal name and the address should be the mailing address of your school district offices. We use this address to mail information to you.

**Contact Person**—The Contact Person should be for the person on your LEA's staff who is most knowledgeable about this application. Please be careful to provide an accurate email address. The IAP uses this address to provide applicants with timely information throughout the year.

**Changes in Acreage of Eligible Properties and Changes in Boundaries**—Check the applicable box on the cover sheet if there has been a change in the number of acres of eligible Federal property that you include on your application. If, for example, ownership of some of the section 8002 property has been transferred from the Federal Government or the Federal Government has acquired additional property in the school district, you should check this box.

Check the applicable box if there have been changes in the geographical boundaries of the LEA, including through a consolidation with one or more other LEAs.

If you check either of these boxes, you will need to upload supporting documentation (i.e., consolidation, annexation, dissolution, or deed documentation).

## **Program Assurances and Certifications**

**Authorized Certifying Representative**—Enter the name and title of the LEA's authorized certifying representative. The signature of the LEA's representative commits the applicant to the assurances contained in the application, including the assurance that the applicant meets all statutory, regulatory, and administrative requirements. New applicants must obtain and file the additional assurances and certifications noted on page two of the application by the application deadline. Contact the Impact Aid Program for additional information.

# Table 1

SECTION 8002- ELIGIBLE FEDERAL PROPERTY IN THE LOCAL EDUCATIONAL AGENCY

On Table 1, you will need to list all Section 8002-eligible Federal property in the LEA. Since all Federal acres in your LEA may not be Section 8002-eligible, it is essential that you include only Section 8002 acres that have been approved by the Impact Aid Program. Do not assume that all Federal acres in your LEA are eligible or approved for the purposes of Section 8002. Contact your program analyst if you have any questions concerning the number of approved Section 8002-eligible acres in your LEA.

When the Section 8002-eligible Federal property is located in more than one jurisdiction, enter the total number of acres in each jurisdiction.

1. In column 1, enter the name of the Section 8002-eligible Federal property.

2. In column 2, enter the name of the corresponding taxing jurisdiction.

3. In column 3, enter the number of Federal acres associated with and approved as eligible federal acres for the purposes of the Impact Aid Program.

If the total number of Section 8002-eligible acres has changed from last year's total (increase or decrease), you will need to submit official documentation of this change which will be verified by the Impact Aid Program prior to approval. An example of the documentation required is a deed showing the property has been acquired by the Federal government (increase in acres) or returned to the LEA (decrease in acres).

You can only upload one document for each table. If you have more than one document, you will need to scan those documents into one PDF document and then upload it.

# Table 2

#### REVENUE FROM ELIGIBLE FEDERAL PROPERTY

List all revenue from Federal and non-Federal sources during the second preceding fiscal year (e.g., FY 2011-2012 data for the FY 2014 application) from activities associated with section 8002-eligible Federal property. If revenue is from Federal programs, provide the name of each Federal program and the name of the Federal agency responsible for administering that program. If only a portion of the Federal property generating the revenue is eligible under Section 8002, prorate the revenue to reflect the share attributable to the section 8002-elgible property. For example, if the LEA has 10,000 acres of U.S. Forest Service property that generated \$20,000 in timber revenues, but only 2,000 acres are eligible under section 8002, the LEA should report one-fifth (20 percent) of the total, or \$4,000, as revenue associated with

section 8002-eligble Federal property. Do not report Impact Aid revenue or receipts from other U.S. Department of Education programs on this table. If you receive no other revenue for the Section 8002-eligible acreage, leave this form blank.

# Table 3

TOTAL ACREAGE AND TAXABLE VALUE IN THE LOCAL EDUCATIONAL AGENCY

To assist the Secretary in determining the taxable value of the eligible federal property, an authorized LEA official must obtain the information for columns 2 and 3 and provide the source of the official data, such as a document from a State website or website address. Upload a PDF file of this documentation to the G5 application or fax it to the Impact Aid Program along with the LEA's signature pages. If the information was obtained directly from a local official (e.g., local tax assessor), you must submit a certification by that official that includes the person's name, title, email address, and telephone number. If the LEA is located in more than one taxing jurisdiction (e.g., two counties) or contains more than one taxing jurisdiction (e.g., two townships), enter the information for each jurisdiction on a separate line.

1. In column 1, enter the name of the taxing jurisdiction. This information must match the jurisdictions listed on Table 1.

2. In column 2, enter the total number of acres located in the LEA or taxing jurisdiction. Include all types of property (taxable and non-taxable, including the Federal acres) in the total acreage amount.

3. In column 3, enter the total taxable value, for the purpose of levying property tax for school purposes for current expenditures, of real property located within the boundaries of the LEA for the prior fiscal year (e.g., for the FY 2014 application, enter the taxable value for the 2012-2013 year, or the specific value as of January 2013). If the LEA is located in more than one taxing jurisdiction (e.g., two counties) or contains more than one taxing jurisdiction (e.g., two townships), enter the information for each jurisdiction separately.

You can only upload one document for each table. If you have more than one document, you will need to scan those documents into one PDF document and then upload it.

# Table 4

#### TAX LEVY INFORMATION

Enter the local real property tax levy, in mills or dollars, that was used to raise funds for current operating expenditures for the local educational agency (LEA) for the prior fiscal year (e.g., FY 2012-2013 data for the FY 2014 application). Enter a single tax rate for school operations expenditures for all types of real property in the jurisdiction. When funds for current operating expenditures for the LEA are raised by more than one taxing jurisdiction, enter the tax rate information for each additional jurisdiction on a separate line. If this page is pre-populated with information provided by your LEA in last year's application, please update or correct items as needed.
