

Healthcare News Subscriber Survey

Thank you for taking this brief survey to help the Division of Laboratory Systems (DLS) at the Centers for Disease Control and Prevention (CDC) assess the effectiveness of their efforts to provide a broad laboratory-centric view of news and developments that may be of interest to those working in the public health and clinical healthcare professions, and in particular those in medical laboratories. Your feedback is important in helping DLS and CDC improve future activities in this area.

The survey questions are anticipated to take approximately 10 minutes to complete. Your participation is entirely voluntary. Your responses will be anonymous and no unique identifying information will be sought or kept.

INSTRUCTIONS:

Please respond to each question by clicking on the button beside the option(s) that best reflect your opinion. When you have completed answering the questions, click on the 'END of SURVEY' button, then exit the page.

Public reporting burden of this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0974)
