Assent/Consent/Parental Permission Forms

Colorado Smelter EI

Attachment 3A

Parental Consent Form for Blood Sampling for Lead

Children 9 to 72 months of age

ATSDR Exposure Investigation (EI)

Colorado Smelter, Pueblo, CO.

Who are we and why we are doing this EI?

- We are from the Agency for Toxic Substances and Disease Registry (ATSDR), Centers for Diseases Control and Prevention (CDC)
 - We are doing this Exposure Investigation to find out if **children 9 to 72 months** from Pueblo, CO. have high levels of lead in blood
 - We are inviting your child/ward to have his/her blood tested for lead
-

Location for the testing

- The blood testing will take place at: **St. Mary's Church in Eilers**
-

What is involved in this EI?

- **Blood Test:**
 - We will collect 3 milliliters (ml) of blood (less than a teaspoon) from a vein in your child/ward's arm.
 - This will take 5 minutes or less
 - **Short questionnaire:**
 - We will give a short questionnaire, this will take 15 to 20 minutes
-

What will happen with the left over blood?

- The leftover blood will be discarded and not used for anything else
-

When will we get the results?

- You will receive your child/ward test results by mail 14 to 18 weeks after testing
-

What are the Benefits from being in this EI?

- You will know if your child/ward has an elevated level of lead in blood
 - There is **NO COST** to you for the testing of your child/ward
-

What are the Risks from participating in this EI?

- Some bruising may occur in the location of your child/ward arm where the blood is collected
-

What about Privacy?

- We will protect your child/ward's privacy as much as the law allows
 - We will give your child/ward an identification (ID) number
 - This ID number, not your child/ward's name, will go on the blood sample
 - We will not use your child/ward's name in any report we write
 - We will keep a record under locked key, of your child/ward's name, address and ID number so that we can send you the blood test result. The information will be used by ATSDR scientist to link the results with each individual and send the blood and urine test results to you.
-

When can we Ask Questions?

- If you have any questions about this testing, you can ask us now
 - If you have questions later, you can call:
Dr. Lourdes (Luly) Rosales-Guevara at 770-488-0744, or

Cell phone: 404-272-8902
 - Or at the ATSDR **toll free number 1-888-320-5291**
-

Parental/ Guardian Voluntary Consent

- I agree to have my child/ward tested for lead in blood
 - I was given the chance to ask questions on my child/ward behalf and feel my questions were answered
 - I know that having this test done is our choice
 - I know that even though we have agreed to this testing, my child/ward may leave it at any time without penalty
-

Attachment 3B

Parental Consent Form for Blood Sampling for Lead and

Urine Sampling for Arsenic

In Children 6 to 17 years of age

ATSDR Exposure Investigation (EI)

Colorado Smelter, Pueblo, CO

Who are we and why we are doing this EI?

- We are from the Agency for Toxic Substances and Disease Registry (ATSDR), Centers for Diseases Control and Prevention (CDC)
- We are doing this EI to determine if **children 6 to 17 years** of age from Pueblo, CO. have high levels of lead in blood and arsenic in urine
- We are inviting your child/ward to have his/her blood tested for lead and urine for arsenic

Location for the testing

- The blood testing will take place at **St. Mary's Church in Eilers**

What is involved in this EI?

- **Blood Lead Testing:**
- We will collect 3 milliliters (ml) of blood (less than a teaspoon) from a vein in your child/ward's arm
- This will take 5 minutes or less
- **Urine Arsenic Testing:**
- At home: On the day of the testing, help your younger child/ward collect urine in a plastic cup we give you
- Put your child/ward's name **on the label in the side of the cup**
- Help your child/ward put the urine cup in a zip lock bag in your refrigerator until you bring it up to St. Mary's Church in Eilers
- It should take 5 minutes or less to help collect your child/ward's urine sample
- **A short questionnaire will be administered:**

- This will take 15 to 20 minutes
-

What will happen with the leftover blood and urine?

- The leftover blood and urine will be discarded and not used for anything else
-

When will we get the results?

- You will get your child/ward's results by mail 14 to 18 weeks after testing
-
