## INTRODUCTION AND INFORMED CONSENT FOR INTERVIEW RESPONDENTS AGE 18+

**IF INTERVIEW RESPONDENT IS NOT SCREENING RESPONDENT,**  
INTRODUCE YOURSELF AND STUDY AS NECESSARY: Hello, I'm \_\_\_\_\_,  
and I'm working on a nationwide study sponsored by the U.S. Department of  
Health and Human Services. You should have received a letter about this study.  
(SHOW LEAD LETTER, IF NECESSARY.)

### READ THE BOXED INFORMATION BELOW BEFORE STARTING EVERY INTERVIEW

This year, we are interviewing about 70,000 people across the nation. You have been randomly chosen to take part. You may choose not to take part in this study, but no one else can take your place. We will give you \$30 when you finish the interview.

#### **GIVE GRAY STUDY DESCRIPTION TO R IF YOU HAVE NOT ALREADY DONE SO.**

This study asks about tobacco, alcohol, and drug use or non-use, knowledge and attitudes about drugs, mental health, and other health issues. It takes about an hour. You will answer most of the questions on the computer, so I will not see your answers. We are only interested in the combined responses from all 70,000 people, not just one person's answers. This is why we do not ask for your name and we keep your answers separate from your address. RTI may contact you by phone or mail to ask a few questions about the quality of my work. This is why we ask for your phone number and current address at the end of the interview.

While the interview has some personal questions, federal law keeps your answers private. We hope that protecting your privacy will help you to give accurate answers. You can quit the interview at any time and you can refuse to answer any questions.

If it is all right with you, let's get started.

(Can we find a private place to complete the interview?)

# **INTRODUCTION AND INFORMED CONSENT FOR INTERVIEW RESPONDENTS AGE 12-17**

## **FIRST, OBTAIN PERMISSION FROM THE PARENT AND READ THE BOXED INFORMATION BELOW**

Your (AGE) year-old child has been selected to be in this study. Your child's participation is voluntary. This interview asks about tobacco, alcohol, and drug use or non-use, knowledge and attitudes about drugs, mental health, and other health related issues. All of your child's answers will be confidential and used only for statistical purposes. Since your child will answer most of the questions on the computer, I will never see the answers, and you are not allowed to see them either. If it is all right with you, we'll get started.

(Can we find a private place to complete the interview?)

(Hello, my name is \_\_\_\_\_. I am calling from RTI International regarding a study sponsored by the U.S. Department of Health and Human Services.)

Our records indicate that you were interviewed.

This call is to *verify the quality* of our interviewer's performance. It will take less than two minutes of your time. For training and quality assurance purposes, this call may be monitored.

(This is a scientific research study and the quality of data is essential. We monitor our interviewer's work in several ways. One very important check is to call some of the residences that were contacted to ensure the interviewer followed proper procedures and behaved professionally.)
