

CHANGE OF OWNERSHIP - CONTRACT SUPPLIER NOTIFICATION FORM

Per Article V of the DMEPOS competitive bidding contract and §414.422(d)(1), a contract supplier is obligated to notify CMS at least 60 calendar days before the anticipated date of a change of ownership (CHOW). Failure to notify CMS may result in a breach of contract.

The purchasing supplier must also complete the Change of Ownership Purchaser form and submit it to the Competitive Bidding Implementation Contractor (CBIC) along with other required documents at least 30 calendar days prior to the effective date of the CHOW. The only exception to this requirement is when a contract supplier is purchasing a non-contract supplier. In this situation, the contract supplier should complete the Contract_Supplier_Location_Update_Form as applicable in addition to this form.

If a contract supplier holds multiple contracts (in a single round or in multiple rounds) and is involved in a change of ownership, a Contract Supplier Notification Form must be submitted for each contract number.
