The screenshot displays the CMS QualityNet website interface. At the top, there are navigation links for "What is QualityNet Secure Portal?", "Help Center", and a checked "Register For Secure QualityNet Portal" option. The main header includes the CMS.gov logo and a search bar. Below the header is a horizontal menu with categories: Home, Hospitals - Inpatient, Hospitals - Outpatient, Physician Offices, ASCs, ESRD, Quality Improvement, and File Exchange.

The main content area is divided into several sections:

- QualityNet Registration:** Lists options for Hospitals - Inpatient, Hospitals - Outpatient, Physician Offices, QIO, and ESRD.
- Getting started with QualityNet:** Includes links for System Requirements, Test Your System, Registration, Sign-in instructions, Security Statement, Password Rules, QualityNet Users Guide, PDF, and QualityNet Reports Users Guide, PDF.
- Join ListServes:** Encourages signing up for notifications and discussions.
- Downloads:** Lists CART - Inpatient, CART - Outpatient, and CART Module Designer.
- QualityNet News:** Features a headline "Hospital Compare Preview Reports now available" dated July 2012, stating that preview reports are available on the QualityNet portal. It also includes a "Headlines" section with items like "ListServe subscribers urged to re-register" and "FY 2013 IPPS proposed rule published, open for public comment".
- About QualityNet:** Explains that the site is established by the Centers for Medicare & Medicaid Services (CMS) and provides healthcare quality improvement news, resources, and data reporting tools.
- Training:** Lists training opportunities such as QualityNet Training, QualityNet Event Center, and Question and Answer Tool Training, WRF Transcript, PDF.
- Secure QualityNet Portal:** A prominent blue box with a "LOGIN" button and a link to "Agree to our Terms of Use".
- Know the Security Policy:** A section advising users to read the QualityNet System Security Policy, PDF, before transmitting or receiving healthcare information.
- Questions & Answers:** Lists categories for Hospitals - Inpatient and Hospitals - Outpatient, with a note that first-time registration is required.
- Known Issues - Hospital Reporting 1.0:** Lists issues for Inpatient and Outpatient reporting.

The footer contains a "QualityNet Home" button, the CMS.gov logo, and a disclaimer: "Federal government website managed by the Centers for Medicare & Medicaid Services. TDS security. Baltimore, MD 21224." It also includes a "QualityNet Helpful Links" section with links to Contact QualityNet, About QualityNet, Accessibility Statement, Privacy Policy, and Terms of Use, as well as "QualityNet Tools" (Help Center, FAQs, Service Desk) and "CMS Sites" (Enterprise Portal, CMS.gov).

The screenshot shows the CMS QualityNet portal interface. At the top left, there is a 'Help Center' link and the CMS .gov logo. A search bar is located at the top right. The main content area features a dialog box titled 'Choose Your QualityNet Destination'. The dialog box contains the following text: 'QualityNet systems and applications are in the process of being consolidated. During this time of transition, please select your primary quality program and user/facility type below to reach the right log in screen for your QualityNet portal.' Below this, it asks the user to 'Select your primary quality program:' and lists several options: 'Hospital Reporting' (with sub-options: Ambulatory Surgical Center Quality Reporting, Cancer Hospital Quality Reporting, Inpatient Quality Reporting, Outpatient Quality Reporting, and Psychiatric Facility Quality Training), 'Physicians Quality Reporting System / eRx', 'End Stage Renal Disease Networks', and 'Quality Improvement Organizations'. A 'CANCEL' button is at the bottom of the dialog box. A yellow 'Help' overlay box is positioned to the right of the dialog box, containing the text: 'Help', 'Forgot your quality program type?', and 'Register for a QualityNet account'. The footer of the page includes a 'QualityNet Home' button, the CMS .gov logo, and contact information for the Centers for Medicare & Medicaid Services. Below the footer, there are three columns of links: 'QualityNet Helpful Links' (Contact QualityNet, About QualityNet, QualityNet Accessibility Statement, QualityNet Privacy Policy, QualityNet Terms of Use), 'QualityNet Tools' (Help Center, FAQs, Service Desk), and 'OMB Sites' (Emergence Portal, CMS.gov).

Hospital Quality Reporting Program Notice of Participation (Pledge Form) - Agreement

The hospital agrees to follow procedures for participating in the Hospital Quality Reporting Program as outlined in the federal regulations found in the Federal Register, or in indicating its decision to decline participation.

Each hospital must complete this "Hospital QR Notice of Participation" as outlined in the Hospital QR Reference Checklist on QualityNet and in the federal regulations found in the Federal Register. In an effort to alleviate the burden associated with submitting this form annually, effective with the Hospital QR Notice submitted for participation in FY 2009 or later, a hospital that indicated its intent to participate will be considered an active Hospital QR participant. CMS determines a need to pledge again, or the hospital submits a withdrawal to CMS.

This information is in compliance with the CMS guidelines for hospitals submitting their quality performance data in accordance with Section 5001(b) of the Deficit Reduction Act of 2005. Hospitals that do not follow the guidelines as outlined in the federal regulations may receive a reduction of 2.0 percent in their Medicare Annual Payment Update (APU) for the applicable fiscal year. In order to avoid the reduction in their Annual Payment Update, hospitals must also continue to display quality information for public viewing as required by section 1881(b)(2) (B)(i)(V) of the Social Security Act. Before this information is displayed, hospitals will be permitted to review their information as it is recorded. Based on section 1881(b)(2)(B)(i)(V) of the Social Security Act for payments beginning with FY2006, CMS is required to add other measures that affect conditions among affected parties. Eligible hospitals must follow the regulations as outlined in the federal regulations, and as summarized in the Hospital QR Reference Checklist on QualityNet.

In order to receive the full market basket update, CMS must publish on Hospital Compare the hospital's submitted data for the required measures. Data aggregated at the hospital level will be provided to the Secretary.

We intend operating under the submitted Provider ID:

These screen shots are for the Web-Based Notice of Participation function, which is expected to go live as part of the Hospital Reporting tool set by June 27, 2013. These screen shots are mock-ups of the expected functionality, which is still in development, and may not be fully representative. A paper-based form will also be submitted in the PRA package.
