DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5680-N-01]

Federal Housing Administration (FHA) Risk Management Initiatives: Changes to Maximum Loan-to-Value Financing Solicitation of Comment

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: This proposed notice would make changes to the loan-to-value (LTV) financing available to qualified borrowers of FHA-insured loans. This notice proposes to set a 95 percent maximum LTV for FHA-insured loans over \$625,500, with certain exemptions. FHA's annual Fiscal Year 2012 report to Congress on the financial status of the FHA Mutual Mortgage Insurance Fund (MMIF, or Fund), reported a decline from Fiscal Year 2011 in the Fund's statutorily mandated capital reserve ratio and cited FHA's decision to continue taking steps to improve the MMIF's short- and long-term outlook. HUD has determined that this proposed change to the LTV requirements is necessary to improve the health of the MMIF, while ensuring continued access to mortgage credit for American families.

DATES: *Comment Due Date:* March 8, 2013.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Regulations Division, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW., Room 10276, Washington, DC 20410-0500. Commenters should follow the instructions provided on that site to submit comments electronically.

Note: To receive consideration as public comments, comments must be submitted through one of the two methods specified above. Again, all submissions must refer to the docket number and title of the rule. *No Facsimile Comments.* Facsimile (FAX) comments are not acceptable.

SUPPLEMENTARY INFORMATION:

I. Background

During times of economic volatility, the FHA has maintained its countercyclical influence, supporting

the private sector when access to housing finance capital is otherwise constrained. FHA played this role in the recent housing crisis, and the volume of FHA insurance increased rapidly during the housing crisis as private sources of mortgage finance retreated from the market. However, the growth of the MMIF portfolio over the period of time during the housing crisis has contributed significantly to the projected losses to, and a corresponding decrease in the financial soundness of, the Fund. Consistent with the Secretary's responsibility under the National Housing Act (12 U.S.C. 1701 *et seq.*) to ensure that the MMIF remains financially sound, FHA has taken a number of steps to improve the health of the Fund, while ensuring continued access to mortgage credit for American families.

FHA's annual Fiscal Year 2012 report to Congress on the financial status of the MMIF reported a decline in the Fund's statutory capital reserve ratio and cited FHA's plans to continue taking action to improve the Fund's financial soundness.¹ The report estimated that implementing a number of changes to FHA policy since 2009 has improved the economic value of the Fund by at least \$20 billion.²

II. This Notice—Proposed Changes to Maximum LTV for Loans in Excess of \$625,500

Although the steps taken since 2009 have had a positive effect on the financial soundness of the Fund, the projected levels of default, foreclosure, and claims within the existing MMIF portfolio and a number of predicted economic factors have resulted in a lower statutory capital reserve ratio for the MMIF for Fiscal Year 2012 compared to Fiscal Year 2011. In order to further protect the financial soundness of the MMIF, FHA must be vigilant in monitoring the performance of the portfolio, and adjust its standards to effectively manage financial risk. As a result, FHA has been continually evaluating its portfolio to identify and respond to risks in ways that benefit the Fund and, ultimately, consumers and taxpayers. During its evaluation, FHA has determined that the MMIF is subject to greater risk when FHA insures loan amounts in excess of \$625,500. In response to this risk, the maximum LTV
