

Household / NRFU – Automated Protocol (Round 3)

INTERVIEW ID: _____

INTERVIEW DATE: ___/___/___ START TIME: _____ AM / PM

Hello, my name is _____. I work for RTI/RSS a research company that has been hired by the Census Bureau to conduct research on the census forms. Thanks for agreeing to help us today. Let me start by telling you a little about what we will be doing. Every ten years the United States conducts a census, or count, of everyone who is living in the United States. The form we're working on today is the kind you might access online, using a computer, tablet, or smartphone if you thought you had not been counted in the census.

Permission to Record:

Because it would be hard to keep track of everything you say today, I would like to record this session. [HAND RESPONDENT THE CONSENT FORM IF YOU HAVE NOT ALREADY.] Please read over this consent form and let me know if you have any questions. When you are ready, please sign the form. I want you to know that your responses will be kept strictly confidential and will only be seen by members of the project team and the Census Bureau. Your participation in this study is completely voluntary and you can decline to answer any particular question. At the end of the study, we will delete any record of your responses from our machines. Your name will never be used in any reports.

Think-out-loud Instructions:

What I'll ask you to do today is to fill the questionnaire out, just as you would if you accessed it online. But, so I can keep track of what you are doing, I'd like you to describe what you are doing and thinking as you go along. For example, I may ask you a question that seems relatively simple such as "How many cars do you have?" Instead of just providing a number, tell me what you were thinking when you answered it. For example, my response would be "Well I have an SUV that I drive every day and I also have an old truck. But the truck does not currently run. I assume that you mean working cars, so...one. I just have one car." This kind of response will help me understand how you understood and interpreted the question so that we can see what each question means to you. I may remind you to think aloud as we go along. After some of the questions, I will ask you some additional questions about your answers to the Census. Some of these questions may sound a little strange. For example, I might ask you what a certain word means to you or how you came up with your answer. Again, the reason for this is to see how people understand each question. Even though some of these questions may sound like I am giving you a test, there are no right or wrong answers. We are interested in how these questions work for you.

Do you have any questions before we begin?

IF CONSENT WAS GIVEN, START TAPE RECORDER AND DEVICE RECORDER.

LOGON TO APP (PASSWORD: CSM##2012).

[GIVE DEVICE TO R AND SAY: So that I can follow along more easily, please read the survey questions aloud and tell me your answers.]

[ADMINISTER SCRIPTED PROBES AFTER RESPONDENT HAS ANSWERED ALL QUESTIONS IN THE SECTION; NOTE USABILITY ISSUES AS THEY OCCUR. ADMINISTER DEBRIEFING PROBES AFTER SCRIPTED PROBES.]

P182. NOTE IF NEW ADDRESS WAS PROVIDED AND COMPLETENESS OF THAT ADDRESS.

B. Enumeration Questions 12-16 Debriefing

INTERVIEWER: BEFORE PROCEEDING, CHECK FOR SIGNS OF R FATIGUE (SIGHS, COMMENTS). PLEASE NOTE ANY COMMENTS PROVIDED BY THE PARTICIPANT OR SIGNS OF FATIGUE BELOW THEN RESUME THE INTERVIEW AND COMPLETE THE FINAL SECTION.

- B1. IF OTHERS: When you answered these questions about living or staying someplace else, were you thinking about everyone in the household [SUCH AS PEOPLE ADDED AFTER THE INITIAL ROSTER] or just some people [SUCH AS PEOPLE INCLUDED IN INTIAL ROSTER]?
- B2. IF OTHERS IN HHD: How confident are you in the answers you provided for the other people in the household?
- B3. Are there any other places that you (or the other people you mentioned) stay that we did not ask about or that you were not sure counted?
- B4. IF APPLICABLE AND HHD: How easy or difficult was it for you to type the addresses on the device?
- B5. IF APPLICABLE: How sure or unsure are you that you provided the correct address(es)? IF UNSURE: If this were the real census, what would you do? [Would you look them up, call someone, make your best guess?]

B6. IF OTHERS IN HHD: How sure or unsure are you about where the other people in your household were staying on and around June 1, 2013?

B7. IF ANY RESPONSES TO THE CENSUS QUESTIONS ARE INCONSISTENT, UNEXPECTED, OR COMPLICATED, ASK: I need to make sure I understand where you / [NAME] would have been counted. Please describe in your own words you / [NAME]'s living situation and how much time you/he/she spends at each place you have told me about?

DO NOT READ:

Example 1: If the R says that he was at their usual residence around June 1, but had told you previously that he was traveling then.

Example 2: If the R says that he/she sometimes stayed somewhere in Q3 & Q14, but then did not provide addresses to the follow-up questions.

Example 3 (Be Counted only): If R said in Q2 about experiencing homelessness in a shelter but did not report staying.

C. FINAL DEBRIEFING

Thanks, we're almost finished. I have a few more questions for you.

[SCROLL BACK TO THE "This is who we have listed at [address]" QUESTION SO THAT YOU CAN SEE THE NAMES PROVIDED OR ELSE REFER TO YOUR NOTES.]

- C1. Was there anything in these questions that you found sensitive or uncomfortable to answer?
- C2. Was there any information for yourself or others that you would be hesitant to provide on the census form?
- C3. Aside from the things we've talked about, were there any questions or instructions that you find confusing or difficult to answer?
- C4. Did you find parts of the interview repetitive? If so, what parts?
- C5. If you were going to answer your census questionnaire on your own, without an interviewer, how would you prefer to do it: CHECK ALL THAT APPLY

- Yes No On a smartphone? (What kind: _____)
- Yes No On a tablet? (What kind: _____)
- Yes No On a laptop or desktop?
- Yes No On a paper form?

FOR EACH "Yes" ANSWER CHOSEN, ASK: Why?

C6. If you don't answer the census on your own, an interviewer might be sent to your home to get your census information. How would you feel about the interviewer using..... CHECK ALL THAT APPLY.

- a smartphone to do the interview?
- a tablet, like an iPad?
- a laptop computer?
- a paper form?

Which do you prefer and why?

C7. Now, thinking of an interviewer using a smartphone, a tablet or a laptop computer, would it make a difference to you if the interviewer used her own device or a government-issued device?

IF R SHOWED CONCERN WITH PERSONAL DEVICE: The information people give will not be saved in the personal machines. Instead, they will be encrypted through a secure internet server and the machine is just used to get to the secure server. Would this explanation assure you? (IF NOT: What should the Census Bureau say to assure you that interviewers' personal devices work the same as government-issued devices?)

C8. Do you own or have access to...

- ___ A smartphone? (What kind: _____)
- ___ A tablet? (What kind: _____)
- ___ A laptop or desktop?

I have one more question about technology that might be used to improve the next Census. Please look at the following. HAND R THE PRINTOUT WITH THIS QUESTION: In order to count people in the right place, the Census Bureau must collect detailed geographic information about each person's place of residence. If you were at home completing your census on a smartphone or tablet, we could determine your location easily and accurately using GPS technology. Would you allow the Census Bureau to collect GPS coordinates on a one-time-only basis to determine where to count you in the census?

C9. Tell me why/why not? [IF NECESSARY: What additional information would you want to know?]

C10. What does geographic information mean to you in this question?

End Time: _____
