*Select all of the following that you would like to discuss at your appointment:

Disability

- You must have worked in jobs covered by Social Security.
- You must have a medical condition that meets Social Security's definition of disability.

You may qualify for disability benefits if you have been unable to work because of illness, injuries or other conditions that:

- will last at least 12 months, or
- can be expected to result in death. [More info](#)

Retirement

- You should apply for benefits no more than four months before the date you want your benefits to start.
- If you are not getting Social Security and you are not ready to retire, you should still sign up for Medicare four months before your 65th birthday. [More info](#)

Medicare

- Medicare is our country's health insurance program for people age 65 or older.
- Certain people younger than age 65 can qualify for Medicare, too, including those who have disabilities and those who have permanent kidney failure or amyotrophic lateral sclerosis (Lou Gehrig's disease).
- The program helps with the cost of health care, but it does not cover all medical expenses or the cost of most long-term care. [More info](#)

Supplemental Security Income (SSI)

- SSI is a federal program that provides monthly payments.
- You must have limited income and assets, and
- You must be 65 or older, or blind or have a disability. [More info](#)

*Would you also be interested in Supplemental Security Income (SSI)?

Yes No

Disability Date

You have indicated you are interested in Disability benefits. To protect your rights with Social Security and help schedule this appointment, we need more information.

*When do you believe your condition(s) became severe enough to keep you from working (even if you have never worked)?

Estimate if necessary.
