

## Performance Reporting Glossary and Guide for ARRA High Growth and Emerging Industries (HGEI) Grantees

Each required reporting element is described and/or defined in accordance with federal policy and/or the OMB-approved performance reporting requirements, with additional information and clarification provided as appropriate. Underlined terms are linked to (CTRL + click) and defined in the glossary.

### Part 1: Quarterly Performance Report (Training Grantees Only)

Note: Grantees that are providing training and employment services to participants will be required to collect and store participant data in an ETA-provided Recovery Act Data Collection (RAD) System, and then use that system to generate a quarterly performance report and submit a quarterly narrative report. This section, Part 1: Quarterly Performance Reports, applies to grants awarded under the following Solicitations for Grant Applications (SGAs): SGA/DFA PY-08-18, SGA/DFA PY-08-19, SGA/DFA PY-08-20, and SGA/DFA PY-09-01. The required format for the quarterly performance report is detailed below in Part 1 of the Reporting Glossary and Guide and the quarterly narrative report is detailed below in Part 2 of the Reporting Glossary and Guide.

Reporting Item	Description/Definition	Additional Information
<b>Section A. Grantee Identifying Information</b>		
<b>A.1 Grantee Name</b>	The grantee name as it appears on the appropriate Notice of Obligation (NOO) or equivalent official document from the U.S. Department of Labor (DOL).	Self-explanatory.
<b>A.2 Grant Number</b>	The grant number as it appears on the appropriate NOO or equivalent official document from the U.S. Department of Labor.	ARRA HGEI grantees should have a grant number beginning with "GJ."
<b>A.3 Program/Project Name</b>	The name of the ARRA HGEI grant program or project.	ARRA grantees should enter the name of their specific program or project which they received a grant to implement.
<b>A.4 Industry</b>	Enter the industry focus of the ARRA HGEI grant program or project.	The term industry refers to the primary industry on which grantees indicated they would focus in their grant statement of work.
<b>A.5 Other Industry</b>	Enter the second industry focus of the ARRA HGEI grant program or project if applicable.	If grantees identified a second industry on which their grant will focus in their statement of work, they should enter it here.
<b>A.6 Grantee Address</b>	The mailing address as it appears on the appropriate NOO or equivalent official document from the U.S. Department of Labor.	Self-explanatory.
<b>A.7 Report Quarter End Date</b>	The last day of the reporting quarter in the format mm/dd/yyyy. For example, if the report is being prepared for the quarter ending March 31, 2010, the entry in this field should be reported as 03/31/2010.	The Report Quarter End Date will be March 31, June 30, September 30, or December 31, in addition to the applicable year.
<b>Section B. Customer Summary Information</b>		
<b>B.1 Total Exitters</b>	The total number of participants who exited during the most recent reporting period. Exit occurs when a participant has not received any <a href="#">services funded by the program</a> for 90 consecutive calendar days, has no <a href="#">gap in service</a> , and is not scheduled for <a href="#">future services</a> . The <a href="#">date of exit</a> is applied retroactively to the last day on which the individual received a service funded by the program. In this context, "services" includes all grant-funded services except retention and <a href="#">follow-up services</a> . More information on "services" is included in the glossary.	The term <a href="#">exit</a> should not be confused with the term <a href="#">completion</a> . Unlike completion, <a href="#">exit</a> is reported for all participants, successful or not. In addition, the <a href="#">date of exit</a> is only determined after a participant has gone 90 days without a service and does not have a gap in service or plans for a future service. Participants should <i>not</i> be exited immediately following completion of a program (e.g., the last day of class or graduation)—the project must wait until 90 days of no service has taken place before an exit can be officially recorded. Because grantees must wait the 90 days, they should be aware that data on Total Exitters cannot be reported in "real time." In other words, because of the way <a href="#">exit</a> is defined, the exitters reported in any given Quarterly Performance Report (QPR) will represent individuals determined to have exited in the previous quarter.
<b>B.2 Total Participants Served</b>	The total number of individuals who received a service or, if it is an ongoing activity, are continuing to receive a service funded by the program during the reporting period. A participant is an individual determined eligible to participate in the program <u>and</u> who receives a service funded by the program. This does <i>not</i> include individuals who <u>only</u> receive a determination of eligibility to participate in the program.	Eligibility criteria are determined by the grantee in accordance with the funding opportunity through which the grant was awarded, and must comply with all relevant federal rules and regulations (e.g., non-discrimination and veterans' priority of service). Further, in addition to including all individuals who receive <a href="#">education/job training services</a> , this reporting item also includes individuals who receive any <a href="#">grant-funded service</a> beyond a <a href="#">determination of eligibility</a> and <a href="#">career awareness or exploration activities</a> . Examples of grant-funded services include, but are not limited to, training, counseling, comprehensive and specialized

		assessments, and case management services. Finally, grantees should be aware that this element and element B.3 are reported in “real time.” In other words, for the quarter ending 3/31/10, grantees would report the number of Total Participants Served <i>for that report quarter</i> (i.e., January 2010 through March 2010).
<b>B.3 New Participants Served</b>	The total number of individuals who, following a determination of eligibility, began receiving their first service funded by the program during the reporting period.	This reporting element is distinguished from “ <a href="#">Number Began Education/Job Training Activities</a> ” because it includes all individuals who receive a <a href="#">grant-funded service</a> beyond a <a href="#">determination of eligibility</a> and <a href="#">career awareness or exploration activities</a> for the first time during the grant.
<b>B.3a.i Male</b>	The total number of new participants who self-identify their gender is male.	The sum of the number of males reported in Item B.3a.i and females reported in Item B.3a.ii should equal the number of New Participants Served in Item B.3.
<b>B.3a.ii Female</b>	The total number of new participants who self-identify gender is female.	
<b>B.3b Hispanic/Latino</b>	The total number of new participants who self-identify their ethnicity as Hispanic/Latino.	Requirements promulgated by the federal Office of Management and Budget (OMB) require that information on ethnicity be captured prior to capturing separate information on race. This term includes persons of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture in origin, regardless of race.
<b>B.3c.i American Indian or Alaska Native</b>	The total number of new participants who self-identify their race as American Indian or Alaska Native.	This racial category includes persons having origins in any of the original peoples of North America and South America (including Central America), and who maintain cultural identification through tribal affiliation or community recognition.
<b>B.3c.ii Asian</b>	The total number of new participants who self-identify their race as Asian.	This racial category includes persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent (e.g., Bangladesh, Bhutan, India, Nepal, Pakistan, Sri Lanka, and Sikkim). This area includes, for example, Cambodia, China, Japan, Korea, Malaysia, the Philippine Islands, Thailand, and Vietnam.
<b>B.3c.iii Black or African American</b>	The total number of new participants who self-identify their race as Black or African American.	This racial category includes persons having origins in any of the black racial groups of Africa.
<b>B.3c.iv Native Hawaiian or Other Pacific Islander</b>	The total number of new participants who self-identify their race as Native Hawaiian or Other Pacific Islander.	This racial category includes persons having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
<b>B.3c.v White</b>	The total number of new participants who self-identify their race as White.	This racial category includes persons having origins in any of the original peoples of Europe, the Middle East, or North Africa.
<b>B.3c.vi More Than One Race</b>	The total number of new participants who self-identify more than one of the racial categories outlined in Rows B.3b.ii through B.3b.vi.	Persons who self-identify belonging to two or more of the racial categories in B.3c.i – B.3c.v should be solely included in this data element, as well as item B.3b if applicable.
<b>B.3d.i 8th grade and under</b>	The total number of new participants that the grantee has identified for whom 8th grade or under is their highest education level completed.	This category includes persons who have completed the 8th grade or under and have not completed any higher education level when they begin receiving their first grant-funded service.
<b>B.3d.ii 9th grade – 12th grade</b>	The total number of new participants that the grantee has identified for whom their highest education level completed is any grade between 9th grade and 12th grade.	This category includes persons who have completed 9th, 10th, 11th, or 12th grade, have not completed any higher education level, and have not attained a high school degree or GED or equivalent when they begin receiving their first grant-funded service.
<b>B.3d.iii High School graduate or equivalent</b>	The total number of new participants the grantee has identified that have graduated high school or the equivalent.	This category includes persons who have completed the 12th grade and attained a high school diploma or GED or equivalent when they begin receiving their first grant funded service. It also includes persons with a disability who have received a certificate of attendance/completion.
<b>B.3d.iv 1 –4 years or more of college, or full- time technical or</b>	The total number of new participants the grantee has identified that have attended 1-4 years or more of college or a full-time technical or vocational school, and have not attained a certificate or degree.	This category includes persons who have attended 1-4 years of college or a full-time technical or vocational school, or attended 4 years or more of college or a full-time technical or vocational school, <u>and have not</u> attained a certificate or degree, when they begin receiving their first grant-funded

<b>vocational school</b>		service.
<b>B.3d.v Associate's Degree</b>	The total number of new participants the grantee has identified that have attained an Associate's Degree.	This category includes persons who have attended 1-4 years of college or a full-time technical or vocational school, or attended 4 years or more of college or a full-time technical or vocational school, <u>and attained</u> an Associate's Degree when they begin receiving their first grant funded service.  Please see the glossary for additional information on <a href="#">ASSOCIATE'S DEGREE</a> .
<b>B.3d.vi Bachelor's Degree</b>	The total number of new participants the grantee has identified that have attained a Bachelor's Degree.	This category includes persons who have attended 1-4 years of college or a full-time technical or vocational school, or attended 4 years or more of college or a full-time technical or vocational school, <u>and attained</u> a Bachelor's Degree when they begin receiving their first grant-funded service.  Please see the glossary for additional information on <a href="#">BACHELOR'S DEGREE</a> .
<b>B.3e.i Participants Younger Than 18</b>	The total number of new participants the grantee has identified who are younger than 18 when they begin receiving their first grant-funded service.	Self explanatory
<b>B.3e.ii 18-24</b>	The total number of new participants the grantee has identified who are 18 to 24 years old when they begin receiving their first grant-funded service.	Self explanatory
<b>B.3e.iii 25-34</b>	The total number of new participants the grantee has identified who are 25 to 34 years old when they begin receiving their first grant-funded service.	Self explanatory
<b>B.3e.iv 35-44</b>	The total number of new participants the grantee has identified who are 35 to 44 years old when they begin receiving their first grant-funded service.	Self explanatory
<b>B.3e.v 45-54</b>	The total number of new participants the grantee has identified who are 45 to 54 years old when they begin receiving their first grant-funded service.	Self explanatory
<b>B.3e.vi 55 or older</b>	The total number of new participants the grantee has identified who are 55 years old or older when they begin receiving their first grant-funded service.	Self explanatory
<b>B.3f Eligible Veterans</b>	The total number of new participants that grantee has identified who meet one of the two conditions for veteran status as outlined in the Additional Information section.	To be eligible for veteran status, individuals must meet one of the following criteria: 1) A person who served at least one day in the active military, naval, or air service, and who was discharged or released under conditions other than dishonorable, as specified in 38 U.S.C. 101(2). Active service includes full-time Federal service in the National Guard or a Reserve component. This definition of "active service" does not include full-time duty performed strictly for training purposes (i.e., that which often is referred to as "weekend" or "annual" training), nor does it include full-time active duty performed by National Guard personnel who are mobilized by State rather than Federal authorities (State mobilizations usually occur in response to events such as a natural disasters). 2) Is a person who is (a) the spouse of any veteran who died of a service-connected disability, (b) the spouse of any member of the Armed Forces serving on active duty, who at the time of application for the priority, is listed in one or more of the following categories and has been so listed for a total of more than 90 days: (i) missing in action; (ii) captured in the line of duty by a hostile force; or (iii) forcibly detained or interned in the line of duty by a foreign government or power; or (c) the spouse of any veteran who has a total disability

		<p>resulting from a service-connected disability, as evaluated by the Department of Veterans Affairs; or (d) or the spouse of a veteran who died while a disability so evaluated was in existence.</p> <p>A spouse whose eligibility is derived from a living veteran or service member (i.e., categories b. or c. above) would lose his or her eligibility if the veteran or service member were to lose the status that is the basis for the eligibility (e.g. if a veteran with a total service-connected disability were to receive a revised disability rating at a lower level). Similarly, for a spouse whose eligibility is derived from a living veteran or service member, that eligibility would be lost upon divorce from the veteran or service member.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<b>B.3g Limited English Proficiency</b>	The total number of new participants who self-identify that they have Limited English Proficiency.	<p>This category includes individuals who have limited ability in speaking, reading, writing or understanding the English language and (a) whose native language is a language other than English, or (b) who live in a family or community environment where a language other than English is the dominant language.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r the first time that they begin receiving grant-funded services, if appropriate.</p>
<b>B.3h Persons with a Disability</b>	The total number of new participants who self-identify that they have any "disability," as defined in Section 3(2) of the Americans with Disabilities Act of 1990 (42 U.S.C. 12102). Under that definition, a "disability" is a physical or mental impairment that substantially limits one or more of the person's major life activities.	<p>Definitions for "<a href="#">physical or mental impairment</a>" and "<a href="#">major life activities</a>," are included under <a href="#">Disability</a> in the glossary. These definitions are found in paragraphs (1) and (2) of 29 CFR 37.4.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<b>B.3i Unemployed Individuals</b>	The total number of new participants the grantee has identified as unemployed.	<p>This category includes individuals who are without a job and who want and are available to work.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<b>B.3j Dislocated Workers</b>	The total number of new participants the grantee has identified as dislocated workers.	<p>This category includes individuals who were terminated or laid-off or have received a notice of termination or lay-off from employment; or were self-employed but are now unemployed.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<b>B.3k Incumbent Workers</b>	The total number of new participants the grantee has identified as incumbent workers.	<p>This category includes incumbent workers who need training to secure full-time employment, advance in their careers, or retain their current occupations, such as low-wage workers, workers who need to upgrade their skills to retain employment, and workers who are currently working part-time.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<b>B.3l</b>	The total number of new participants the grantee has identified as	<b>Guidance for this specific data element applies to grants awarded</b>

<p><b>Workers Impacted by National Energy and Environmental Policy</b></p>	<p>workers impacted by national energy and environmental policy.</p>	<p><b>under the following SGAs: SGA/DFA PY-08-18 and 20. Only grants awarded under these specific SGAs should report on this data element.</b></p> <p>This category includes individuals who: 1) are currently employed in an occupation in the utilities; transportation and warehousing; manufacturing; construction; mining, quarrying, and oil and gas extraction; or other sectors that have been adversely affected by national energy and environmental policies; and have received a notice of termination or lay-off from employment; or 2) were employed in an occupation in the utilities; transportation and warehousing; manufacturing; construction; mining, quarrying, and oil and gas extraction; or other sectors that have been adversely affected by national energy and environmental policies; and are now unemployed.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<p><b>B.3m Individuals in Need of Updated Training Related to the Energy Efficiency and Renewable Energy Industries</b></p>	<p>The total number of new participants the grantee has identified as individuals in need of updated training related to the energy efficiency and renewable energy industries.</p>	<p><b>Guidance for this specific data element applies to grants awarded under the following SGAs: SGA/DFA PY-08-18 and 20. Only grants awarded under these specific SGAs should report on this data element.</b></p> <p>This category includes individuals who are currently employed; or were terminated or laid-off or have received a notice of termination or lay-off from employment; or were self-employed but are now unemployed; and can benefit from training that will help them enter or advance in the energy efficiency and renewable energy industries identified in WIA section 171(e)(1)(B)(ii), and/or will enable them to acquire or enhance skills needed to enter occupations within one or more of the "growth, enhanced, and emerging" green industries in accordance with the funding opportunity in which the grant was awarded.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<p><b>B.3n Individuals Seeking Employment Pathways Out of Poverty and into Self-Sufficiency</b></p>	<p>The total number of new participants the grantee has identified as individuals seeking employment pathways out of poverty and into self-sufficiency.</p>	<p><b>Guidance for this specific data element applies to grants awarded under the following SGA: SGA/DFA PY-08-20. Only grants awarded under this specific SGA should report on this data element.</b></p> <p>This category includes individuals who reside in high poverty areas, which are areas where the poverty rate is 15% or greater, who demonstrate that they could benefit from skill training that will help them enter or advance in the energy efficiency and renewable energy industries identified in WIA section 171(e)(1)(B)(ii), and/or will enable them to acquire or enhance skills needed to enter occupations within one or more of the "growth, enhanced, and emerging" green industries in accordance with the funding opportunity in which the grant was awarded.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<p><b>B.3o Individuals with a Criminal Record</b></p>	<p>The total number of new participants the grantee has identified as having a criminal record.</p>	<p><b>Guidance for this specific data element applies to grants awarded under the following SGAs: SGA/DFA PY-08-19 and 20. Only grants awarded under these specific SGAs should report on this data element.</b></p>

		<p>This category includes individuals who are or have been subject to any stage of the juvenile or criminal justice process, for whom services under this Act may be beneficial; or who require assistance in overcoming artificial barriers to employment resulting from a record of arrest or conviction. ETA includes individuals with a juvenile or criminal record in the definition for this term.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<b>B.3p High School Dropouts</b>	The total number of new participants the grantee has identified as not having completed high school.	<p>This category includes individuals who are no longer attending any secondary school and who have not received a secondary school diploma or its recognized equivalent.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<b>B.3q Disadvantaged Workers within Areas of High Poverty</b>	The total number of new participants the grantee has identified as disadvantaged workers within areas of high poverty.	<p><b>Guidance for this specific data element applies to grants awarded under the following SGA: SGA/DFA PY-08-19. Only grants awarded under this specific SGA should report on this data element.</b></p> <p>This category includes individuals with no incomes or low incomes who live in areas where the poverty rate is 15% or greater and who can benefit from skill training that will help them enter or advance in the energy efficiency and renewable energy industries identified in WIA section 171(e) (1)(B)(ii), and/or will enable them to acquire or enhance skills needed to enter occupations within one or more of the "growth, enhanced, and emerging" green industries in accordance with the funding opportunity in which the grant was awarded.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<b>B.3r Individuals Impacted by Automotive-related Restructuring</b>	The total number of new participants the grantee has identified as having been impacted by the restructuring of the Automotive industry.	<p><b>Guidance for this specific data element applies to grants awarded under the following SGAs: SGA/DFA PY-08-18, SGA/DFA PY-08-20, and SGA/DFA PY-09-01. Only grants awarded under these specific SGAs should report on this data element.</b></p> <p>This category refers to individuals who reside in one of the 312 counties impacted by automotive-related restructuring as identified by The Center for Automotive Research. Only residents of the communities included on The Center for Automotive Research list will qualify for this status. Please see Attachment 1 of the glossary for additional information on <a href="#">counties impacted by automotive-related restructuring</a>.</p> <p>Participants can be reported in one or more 'Other Demographic' fields in B.3f-B.3r for the first time they begin receiving grant-funded services, if appropriate.</p>
<b>Section C. Program Services, Activities, and Other Related Assistance</b>		
<b>C.1 Number Began Receiving Education/Job Training Activities</b>	The total number of participants who began receiving industry and/or <a href="#">occupational skills education and job training activities</a> during the reporting period. This does not include those who receive only career awareness or career exploration activities.	Unlike " <a href="#">New Participants Served</a> ," this only includes participants who began receiving industry and/or occupational <a href="#">education/job-training activities</a> . Please see the glossary for additional information on <a href="#">education/job-training activities</a> .
<b>C.1a (1)-(20)</b>	For each individual reported in Item C.1 as began receiving education/job training activities, the industry sector in which that	This category is a sub-set of C.1 Number Began Education/Job Training

<p><b>NAICS Industry Code</b></p>	<p>participant began education/job training activities (as identified by the 20 North American Industrial Classification System (NAICS) 2-digit sector codes listed). The sum of rows C.1a(1) through C.1a(20) should equal the total number reported in Item C.1. There does not need to be an entry in each row. For example, if all of the participants for the reporting quarter began education/job training activities in Health Care, they should all be reported in Row C.1a(16) NAICS 62—Health Care and Social Assistance. For assistance on identifying appropriate NAICS sectors codes for an employer, refer to the listing and keyword search function at the Census Bureau web site: <a href="http://www.census.gov/epcd/naics02/naicod02.htm">www.census.gov/epcd/naics02/naicod02.htm</a></p>	<p>Activities. Participants reported in C.1a(1)-(20) NAICS Industry Code <u>must</u> also be reported in C.1 Number Began Education/Job Training Activities in the same reporting quarter.</p> <p>Grantees should make every effort to correctly identify the appropriate <a href="#">NAICS code</a>. The link to the <a href="#">Census Bureau's NAICS Web Site</a> included in the reporting format is a very useful tool for identifying the correct NAICS code. Participants reported in C.1a (1)-(20) <u>must</u> also be reported in C.1 Began Education/Job Training Activities in the same reporting quarter.</p>
<p><b>C.1a.i (1)-(8) Green Industry Sector</b></p>	<p>For the participants reported in item C.1 as began receiving education/job training activities and in C.1a(1)-(20) NAICS Industry Code, report participants according to the green industry sector in which they began education/job training activities, if appropriate. There does not need to be an entry in each row. For example, if all of the participants for the reporting quarter began education/job training in Biofuels, they should all be reported in row C.1a.i(4) Biofuels.</p>	<p><b>Guidance for this specific data element applies to grants awarded under the following SGAs: SGA/DFA PY-08-18, SGA/DFA PY-08-19, and SGA/DFA PY-08-20. Only grants awarded under these specific SGAs should report on this data element.</b></p> <p>This category is a sub-set of C.1a(1)-(20) NAICS Industry Code, and includes only participants who begin education job training activities in green industry sectors in accordance with the funding opportunity in which the grant was awarded. Participants reported in C.1a.i(1)-(8) Green Industry Sector <u>must</u> also be reported in C.1 Number Began Education/Job Training Activities <u>and</u> C.1a(1)-(20) NAICS Industry Code in the same reporting quarter. Please see the glossary for additional information on <a href="#">green industry sectors</a>.</p>
<p><b>C.1b Participated in On-the-job Training Activities</b></p>	<p>The total number of participants who participated in On-the-job training activities for <a href="#">the first time during the grant</a> this quarter.</p>	<p>This data element is a subset of C.1 Number Began Education/Job Training Activities and is reported for participants who began education/job training activities. Participants can be noted as participating in on-the-job training activities the first time during the grant that they participate in on-the-job training activities, if appropriate. Participants can only be reported in C.1b Participated in On-the-job Training Activities one time.</p> <p>Participants can be reported in one or more fields in C.1b-C.1e the first time during the grant they participate in these activities, if appropriate. Please see the glossary for additional information on <a href="#">on-the-job training</a>.</p>
<p><b>C.1c Participated in Registered Apprenticeship Activities</b></p>	<p>The total number of participants who participated in registered apprenticeship activities for <a href="#">the first time during the grant</a> this quarter.</p>	<p>This data element is a subset of C.1 Number Began Education/Job Training Activities and is reported for participants who began education/job training activities. Participants can be noted as participating in registered apprenticeship activities the first time during the grant they participate in registered apprenticeship activities, if appropriate. Participants can only be reported in C.1c Participated in Registered Apprenticeship Activities one time.</p> <p>Participants can be reported in one or more fields in C.1b-C.1e the first time during the grant they participate in these activities, if appropriate. Please see the glossary for additional information on <a href="#">registered apprenticeship activities</a>.</p>
<p><b>C.1d Participated in Pre-apprenticeship Activities</b></p>	<p>The total number of participants who participated in Pre-apprenticeship activities for <a href="#">the first time during the grant</a> this quarter.</p>	<p>This data element is a subset of C.1 Number Began Education/Job Training Activities and is reported for participants who began education/job training activities. Participants can be noted as participating in pre-apprenticeship activities the first time during the grant they participate in pre-apprenticeship activities, if appropriate. Participants can only be reported in C.1d Participated in Pre-apprenticeship Activities one time.</p> <p>Participants can be reported in one or more fields in C.1b-C.1e the first</p>

		time during the grant they participate in these activities, if appropriate. Please see the glossary for additional information on <a href="#">pre-apprenticeship activities</a> .
<b>C.1e Participated in Classroom Training Activities</b>	The total number of participants who participated in classroom training activities for <a href="#">the first time during the grant</a> this quarter.	This data element is a subset of C.1 Number Began Education/Job Training Activities and is reported for participants who began education/job training activities. Participants can be noted as participating in classroom training activities the first time during the grant they participate in classroom training activities, if appropriate. Participants can only be reported in C.1e Participated in Classroom Training Activities one time.  Participants can be reported in one or more fields in C.1b-C.1e the first time during the grant they participate in these activities, if appropriate. Please see the glossary for additional information on <a href="#">classroom training</a> .
<b>C.2 Participated in Basic Skills Training</b>	The total number of participants who participated in Basic Skills training for <a href="#">the first time during the grant</a> this quarter.	Participants can be noted as participating in basic skills training the first time during the grant they participate in basic skills training activities, if appropriate. Participants can only be reported in C.2 Participated in Basic Skills Training one time, if appropriate.  Please see the glossary for additional information on <a href="#">basic skills training</a> .
<b>C.3 Received Assessment Services</b>	The total number of participants who received assessment services for <a href="#">the first time during the grant</a> this quarter.	Participants can be noted as receiving assessment services the first time during the grant they receive assessment services, if appropriate. Participants can only be reported in C.3 Received Assessment Services one time, if appropriate.  Please see the glossary for additional information on <a href="#">assessment services</a> .
<b>C.4 Received Case Management Services</b>	The total number of participants who received case management services for <a href="#">the first time during the grant</a> this quarter.	Participants can be noted as receiving case management services the first time during the grant they receive case management services, if appropriate. Participants can only be reported in C.4 Received Case Management Services one time, if appropriate.  Please see the glossary for additional information on <a href="#">case management services</a> .
<b>C.5 Received Retention and Follow-up Services</b>	The total number of participants who received retention and follow-up services for <a href="#">the first time during the grant</a> this quarter.	Participants can be noted as receiving retention and follow-up services the first time during the grant they receive retention and follow-up services, if appropriate. Participants can only be reported in C.5 Received Retention and Follow-up Services one time, if appropriate.  Please see the glossary for additional information on <a href="#">retention and follow-up services</a> .
<b>C.6 Received Supportive Services</b>	The total number of participants who received supportive services funded by the program for <a href="#">the first time during the grant</a> this quarter.	Participants can be noted as receiving supportive services the first time during the grant they receive supportive services, if appropriate. Participants can only be reported in C.6 Received Supportive Services one time, if appropriate.  Please see the glossary for additional information on <a href="#">supportive services</a> .
<b>Section D. Indicators of Performance</b>		
<b>D.1 Number Completed Education/Job Training Activities</b>	The total number of participants who completed one or more industry and/or occupational skills education and job training activities during the reporting period.	This data element should only include participants who <a href="#">successfully complete</a> an Education/Job Training activity. Participants can only be noted as completing an education/job training activity once. Please see the glossary for additional information on <a href="#">education/job-training activities</a> .
<b>D.1a Number Received Credential</b>	Of those who completed industry and/or occupational skills education and job training activities, the total number of individuals who received a <a href="#">credential</a> .	Participants <i>must successfully</i> complete training to be counted in this reporting item. If a participant receives a credential and subsequently drops out prior to completion of the program, that participant would <i>not</i> be counted in this reporting item. Participants can only be noted as receiving a credential once in this reporting item.

<b>D.1a (1)-(5) Type of Credential Received</b>	Of those who received a credential, the type of credential received.	This data element is a sub-field of D.1a Number Received Credential and participants must be reported in D.1a in the same reporting quarter to be counted in this reporting item. Participants can only be noted for the type of credential received once in this reporting item.
<b>D.1b Total Credentials Received</b>	Of those who completed industry and/or occupational skills education and job training activities and received a credential, the total number of credentials received.	This data element is reported for participants who successfully complete education/job training activities and are reported in D.1a as receiving a credential, and captures any credentials received during the reporting quarter including the first or any subsequent credentials received. Grantees should be aware that this element is reported in “real time.” In other words, for the quarter ending 3/31/010, grantees would report the total number of credentials received for <i>that report quarter</i> (i.e., January 2010 through March 2010). Participants can be noted as receiving a credential multiple times in this data element, if appropriate. For example, participants progressing along a career pathway may receive more than one credential. However, participants can only be reported in D.1 Number Completed education/Job Training Activities, D.1a Number Received Credential, and D.1a(1-5) Type of Credential Received one time.
<b>D.1c Number Entered Employment</b>	Of those who completed industry and/or occupational skills education and job training activities, the total number of individuals who entered unsubsidized employment.	This element applies to participants who complete education/job training activities and who obtain unsubsidized employment. This includes individuals who are employed when they begin training and enter a new position of employment after program completion, even if the new position is with the same employer, as long as the individuals utilize the competency or competencies they acquired through education/training in their new position. Note: A participant included in the reported counts for D.1c may also be included in D.1c.i.  Grantees should be aware that this element is reported in “real time.” In other words, participants should be reported in D.1c Number Entered Employment in the <u>quarter they obtain unsubsidized employment</u> , regardless of their status as a participant or exiter. It is the grantee’s responsibility to follow up with program participants to accurately account for this required reporting element.  Also, it is important to realize that this data element is different from the “Entered Employment Rate” common performance measure, which is calculated by ETA on behalf of the grantee.
<b>D.1c.i Number Entered Training-Related Employment</b>	Of those who completed industry and/or occupational skills education and job training activities, the total number of individuals who entered unsubsidized employment related to the skill training received.	The data element is a sub-field of D.1c Number Entered Employment and participants must be reported in D.1c in the same reporting quarter to be counted in this reporting item. Employment is considered training-related if the position is for the same occupation or within the same industry as the training provided or if the employer recognizes the credential received by the participant as a result of the grant. Note: A participant included in the reported counts for D.1c.i <u>must</u> also be reported in D.1c in the same quarter.  Grantees should be aware that this element is reported in “real time.” In other words, participants should be reported in D.1c.i Number Entered Training-Related Employment in the <u>quarter they obtain unsubsidized training-related employment</u> , regardless or their status as a participant or exiter. It is the grantee’s responsibility to follow up with program participants to accurately account for this required reporting element.
<b>D.1c.ia (1)-(20) NAICS Industry Code</b>	For each participant reported in Item D.1c.i as entered training-related employment, report the industry sector in which participants entered training-related employment (as identified by the 20 North American Industrial Classification System (NAICS) 2-digit sector codes listed).	This category is a sub-set of D.1c.i Number Entered Training-Related Employment. Participants reported in D.1c.ia (1)-(20) <u>must</u> also be reported in D.1c.i Number Entered Training-Related Employment in the same reporting quarter.

	The sum of rows D.1c.ia(1) through D.1c.ia(20) should equal the total number reported in Item D.1c. There does not need to be an entry in each row. For example, if all of the participants for the reporting quarter obtained training-related employment in Health Care, they should all be reported in Row D.1c.ia(16) NAICS 62—Health Care and Social Assistance. For assistance on identifying appropriate NAICS sectors codes for an employer, refer to the listing and keyword search function at the Census Bureau web site: <a href="http://www.census.gov/epcd/naics02/naicod02.htm">www.census.gov/epcd/naics02/naicod02.htm</a>	Grantees should make every effort to correctly identify the appropriate <a href="#">NAICS code</a> . The link to the <a href="#">Census Bureau's NAICS Web Site</a> included in the reporting format is a very useful tool for identifying the correct.
<b>D.1c.ia.i (1)-(8) Green Industry Sector</b>	Of the participants reported in item D.1c.i as entered training-related employment and in D.1c.ia(1)-(20) NAICS Industry Code section, report participants according to the green industry sector in which they entered training-related employment, if appropriate. There does not need to be an entry in each row, For example, if all of the participants for the reporting quarter began education/job training in Biofuels, they should all be reported in row C.1c.ia.i (4) Biofuels.	<b>Guidance for this specific data element applies to grants awarded under the following SGAs: SGA/DFA PY-08-18, 19, 20. Only grants awarded under these specific SGAs should report on this data element.</b>  This category is a sub-set of D.1c.ia(1)-(20) NAICS Industry Code, and includes only participants who entered training-related employment in green industry sectors in accordance with the funding opportunity in which the grant was awarded. Participants reported in D.1c.ia.i(1)-(8) Green Industry Sector <u>must</u> also be reported in D.1c.i Number Entered Training-Related Employment and D.1c.ia(1)-(20) NAICS Industry Code in the same reporting quarter. Please see the glossary for additional information on <a href="#">green industry sectors</a> .
<b>D.1c.ii Employment Retention</b>	Of the total reported in Item D.1c as entered employment, the total number of individuals who retained unsubsidized employment in the first and second quarters following initial placement.	This data element is a sub-field of D.1c Number Entered Employment and participants must have been previously reported in D.1c to be reported in this item. Of those participants reported in Item D.1c as entered employment, report the total number of individuals employed in <u>both</u> the first and second quarters following initial placement. It is the grantee's responsibility to follow up with program participants to accurately account for this required reporting element.
<b>Section E. Common Performance Measures</b>		
<b>E.1 Entered Employment Rate</b>	Of those individuals who were not employed at the time of program participation, the percentage who were employed in the first quarter after they exit.	Only those "not employed at participation" are included in these calculations. ETA will calculate this measure on behalf of the grantee.
<b>E.2 Employment Retention</b>	Of those who were employed in their first quarter after exit, the percentage employed in <i>both</i> the second and third quarters after exit.	This measure includes all those individuals who were employed in the first quarter after exit, regardless of their employment status at participation. ETA will calculate this measure on behalf of the grantee.
<b>E.3 Average Earnings</b>	Of those who are employed in their first, second, and third quarters after exit, the average gross earnings from the second and third quarters after exit.	This measure includes all those individuals who were employed in the first, second, and third quarters after exit. We're interested in "average earnings" for that specific group of individuals. ETA will calculate this measure on behalf of the grantee.

**Part 2: Quarterly Narrative Report (All Grantees)**

Note: This section, Part 2: Quarterly Narrative Report applies to all grants awarded under ARRA HGEI SGAs. All grantees that are not providing training and employment services to participants will be required to only submit a quarterly narrative report. The required format for the quarterly narrative report is detailed below in Part 2 of the Reporting Glossary and Guide.

<b>Section F. Report Certification/Additional Comments</b>		
<b>F.1 Report Comments/Narrative</b>	Grantees are required to upload into the Recovery Act Data Collection (RAD) System a separate quarterly narrative that includes seven required discussion areas and one optional area for any additional information.	
<b>F.1A Summary of Grant Activities</b>	This section serves as an executive summary for the quarterly grant activities. In one page or less, please provide a short summary of all activities supported by the grant for the current quarter, highlighting key activities. This update may include additional information about training activities and outcomes to supplement the data submitted on the performance report for training and related outcomes, if applicable. This section is not intended to be a list of every partner meeting or communication.	<i>Executive Summary</i> is the key phrase. Lists of meetings, meeting minutes, personal calendars, or similar micro-level data should NOT be included. Instead, focus on macro-level activities that affect the grant and highlight any important activities that happened during the quarter.
<b>F.1B Status Update on Leveraged Resources</b>	Grantees will report federal and non-federal leveraged resources utilized to support grant activities. Grantees should report the cumulative amount of leveraged resources provided by the grantee and partners along with expenditures each quarter. Leveraged resources are those resources the grantee and its partners are providing to support the implementation of ARRA HGEI grants. Leveraged resources include both Federal and non-Federal funds, and may take the form of cash or in-kind contributions. Examples of in-kind contributions include personnel services provided by volunteers or non-grantee staff, donated equipment, supplies, or space. Please note that leveraged resources must also be reported on the Financial Status Report (ETA-9130) quarterly report. Please use this section of the narrative to provide an update on the status of all leveraged resources. The update may include: (1) the organizations that contributed the resources; and (2) the ways in which the resources were used during the current quarter.	Most importantly, this section should include what was provided, where it originated, and how it was used. This section should provide information on the two broad types of leveraged funds: (1) amount of <b>federal</b> leveraged resources, and (2) amount of <b>non-federal</b> leveraged resources. This section allows grantees to provide more precise information on their leveraged resources. Leveraged resources should be used for costs related to the grant purpose, and should be used within the grant period of performance.
<b>F.1C Status Update on Strategic Partnership Activities</b>	Report the critical aspects of the grant partnership activities during the reporting period. The purpose of this section is to describe how the partnership is working together to implement the project. This section is not intended to be a list of every partner meeting or communication. Completing this section of the report allows grantees to reflect critically on their partnerships and contributes to broader discussions amongst grantees on partnership development and management. This section may: (1) discuss how partners have been engaged during the current phase of the project; (2) outline specific roles and contributions of each partner during this quarter; (3) identify any challenges encountered/resolved in the development and management of the partnership; and (4) report new partners that may have been brought into the project.	As the reporting format does not require any quantitative measures specific to strategic partnerships, this narrative section is closely monitored by Federal Project Officers (FPOs).  Stated broadly, this section is designed to be an update on the status of the grant's partnerships. FPOs and program office staff have extensive experience in partnership building, and can connect grantees in need of assistance with helpful resources.
<b>F.1D Timeline for Grant Activities and Deliverables</b>	Provide a timeline of the progress of grant activities, key deliverables for this quarter and future quarters, and if applicable, products available this quarter and in future quarters for broad dissemination to the workforce system. This includes identifying products and deliverables available for broad distribution via the Workforce3One web site and other communication vehicles. Utilize the timeline in the grant's statement of work to identify all major program activities for the entire life of the grant. The timeline will paint a picture of project flow	The timeline in the grant's statement of work should be used as the basis for the first timeline. The timeline must be updated each quarter, noting the date of completion as each activity is accomplished. The timeline should include the entire life of the grant, identifying project goals, the progress of grant activities, milestones, deliverables, and completed products.

	<p>that includes start and end dates, schedule of activities, and projected outcomes. In order to reap the most benefit from the timeline, it is important that it be updated each quarter noting the actual date of completion as each activity is accomplished. Items to incorporate in the timeline include: project goals, benchmarks, milestones, special events, important deadlines and deliverables.</p>	
<p><b>F.1E Status Of Deliverables and Capacity Building Activities</b></p>	<p>The purpose of this section is to collect additional information that details the status of capacity building activities and/or the development of deliverables occurring under the grant, highlights those that have been completed, and assesses how well the capacity building strategies of the program are meeting the training needs of the targeted industries through impact measures.</p> <p><b>All Training Grantees</b> In this section, training grantees should include a detailed discussion of the activities and products associated with the development of deliverables as noted above.</p> <p><b>Green Capacity Building Grants (SGA/DFA PY-08-21)</b> <u>This measure pertains to Green Capacity Building Grantees only, in accordance with the funding opportunity in which the grant was awarded.</u> In this section, grantees should include a detailed discussion of the activities and products associated with capacity building strategies and deliverable development as noted above, including: (1) the status of all capacity building activities and deliverable development occurring under the grant during the quarter, including percentage completed this quarter, if appropriate; (2) the growth in capacity building activities over time; (3) how well the program is meeting local industry demand for workforce training, if applicable; (4) any current or potential issues or challenges that may affect the timely completion of those activities, along with solutions rendered; and (5) a discussion of the progress in addressing issues, challenges or concerns identified in previous quarterly reports.</p> <p>Green Capacity Building grantees should also submit the following data: (1) The number of instructors who participated in grant-funded capacity building activities; (2) The number of students subsequently trained by those instructors; and (3) The number of other people participating and/or benefiting from capacity building activities.</p> <p><b>State Labor Market Information Improvement (LMI) Grants (SGA/DFA PY-08-17)</b> <u>This measure pertains to State LMI grantees only, in accordance with the funding opportunity in which the grant was awarded.</u> State LMI grantees should include a detailed discussion of strategies and deliverable development for labor market research, data collection and estimation, and dissemination, as noted above. State LMI Grantees should include: (1) the status of all labor market information improvement strategies and deliverable development occurring under the grant during the quarter, including percentage completed this quarter, if appropriate; (2) the growth in labor market information activities over time; (3) how well the program is meeting local workforce development system and/or industry demand for labor market information; (4) any current or potential issues or challenges that may affect the timely completion of those activities, along with solutions rendered; and (5) a discussion of the progress in addressing</p>	<p>All deliverables developed with grant funds and other capacity building activities should be discussed in this section. Each grantee should provide information on each of the elements they are asked to address.</p> <p><b>Green Capacity Building Grants (SGA/DFA PY-08-21)</b> <u>The following measure pertains to Green Capacity Building Grantees only, in accordance with the funding opportunity in which the grant was awarded.</u> Additionally, Green Capacity Building Grantees should explain the methodology used to calculate the three specified capacity building outcomes: 1) the number of instructors who participated in grant-funded capacity building activities; 2) the number of students subsequently trained by those instructors; and 3) the number of other people participating and/or benefiting from capacity building activities. Additional information on these three measures is included below.</p>

issues, challenges or concerns identified in previous quarterly reports.

Additionally, State LMI grantees should also submit the following data: (1) labor market research or direct data collection activities to date; (2) implementation of dissemination strategies and formats to share information on research information and data produced through the grant activity; (3) development of labor market information tools or systems to automate the collection or processing of data; (4) development or implementation of products or tools to enhance the labor exchange infrastructure to serve the populations and needs outlined in the State LMI SGAs.

**Healthcare Virtual Career Platform (HVCP) Grants, Category 1 (SGA/DFA PY-09-09)**

This measure pertains to the HVCP Category 1 Grantee only, in accordance with the funding opportunity in which the grant was awarded. In this section, grantees should include a detailed discussion of the activities and products associated with platform strategies and deliverable development, including: (1) the status of all grant activities and deliverable development occurring under the grant during the quarter (including a brief description of the activities associated with each deliverable identified in the Statement of Work), including percentage completed this quarter, if appropriate; (2) the growth in grant activities over time; (3) any current or potential issues or challenges that may affect the timely completion of those activities, along with solutions rendered; and (4) a discussion of the progress in addressing issues, challenges or concerns identified in previous quarterly reports.

**Healthcare Virtual Career Platform (HVCP) Grants, Category 2 (SGA/DFA PY-09-09)**

This measure pertains to HVCP Category 2 Grantees only, in accordance with the funding opportunity in which the grant was awarded. In this section, grantees should include a detailed discussion of the activities and products associated with capacity building strategies and outcome deliverables stated in the Statement of Work. This discussion should include (1) the status of all capacity building activities and deliverable development occurring under the grant during the quarter, including percentage completed this quarter, if appropriate; (2) the growth in capacity building activities over time; (3) any current or potential issues or challenges that may affect the timely completion of those activities, along with solutions rendered; (4) the outcome deliverables that are identified in the Statement of Work and may include the number of participants served, the number of certifications issued to staff and partners, or the increase in technology capacity at the site locations; and (5) a discussion of the progress in addressing issues, challenges or concerns identified in previous quarterly reports.

**ARRA of 2009 Health Care Pilot Grants**

This measure pertains to ARRA of 2009 Health Care Pilot grantees only, in accordance with the funding opportunity in which the grant was awarded. ARRA Health Care Pilot grantees should include a detailed discussion of strategies and deliverable development for Community Health Workers' (promotoras) training, and employment opportunities for trainees through partnerships with public and private nonprofit organizations, as well as health care providers.

	<p>ARRA of 2009 Health Care Pilot grantees' narrative during the quarter should include: (1) the status of recruitment strategies to engage potential promotoras from diverse and underserved communities; (2) the selection of relevant assessments and/or remediation required prior to training; (3) the identification of opportunities for career ladders into other community health or healthcare occupations; (4) the processes required to modify existing courses and course content to conform to this occupation; (5) the selection of the best delivery models for training, such as classroom-based, on-the-job, mentoring etc.; (6) the customization of delivery strategies to incorporate culturally and linguistically appropriate approaches; (7) the identification of any barriers or gaps that may detract from the success of the training strategies, including the wages and benefits available to these workers; (8) planning efforts to foster retention by providing ongoing support during initial employment; (9) efforts to facilitate State certification of positions filled to include Medicaid/Medicare reimbursement to providers for the roles played by the promotoras and if appropriate; (10) perspectives on how the Community Health Workers' (promotoras) role may support local communities' implementation of the Patient Protection and Affordable Care Act.</p> <p>Additionally, ARRA of 2009 Health Care Pilot grantees' narrative details should address any current or potential issues or challenges that may affect the timely completion of those activities, along with solutions rendered, and a discussion of the progress in addressing issues, challenges or concerns identified in previous quarterly reports. All deliverables developed with grant funds and other capacity building activities should be discussed in this section.</p>	
<p><b>F.1F</b> <b>Key Issues and Technical Assistance Needs</b></p>	<p>Summarize any significant issues or problems encountered this quarter and resolution of previous issues and challenges identified in previous quarters. Describe any actions taken or plans for addressing issues, any questions you have for DOL, and any need for assistance from DOL, technical assistance providers, or others. If grantees have nothing to report, that should be specified.</p>	<p>This section is designed to function like a helpline for grantees—FPOs carefully review this section to determine technical assistance opportunities. Listing challenges encountered in this section will enable DOL/ETA staff to connect you with possible solutions or other grantees who have experienced similar challenges.</p>
<p><b>F.1G</b> <b>Best Practices and Success Stories</b></p>	<p>Describe promising approaches, innovative processes, and grant-level and participant-level success stories. Examples may include developing and implementing an outreach campaign, developing new or enhancing existing curriculum, and creating new career assistance tools and resources.</p> <p>Grantees may also describe any lessons learned and how those lessons learned will be implemented</p>	<p>This section has two main goals: identifying GRANT-level successes, and identifying PARTICIPANT-level successes.</p> <p>To meet the first goal, describe any promising approaches and new processes that significantly improved the operation of your grant. Grantees may also include lessons learned by describing barriers to successful program implementation and the key elements or actions necessary to overcome these barriers.</p> <p>To meet the second goal, please compose a "participant success story" by writing a few short paragraphs about a successful participant, when appropriate.</p>
<p><b>F.1H</b> <b>Additional Information (optional)</b></p>	<p>Any other information considered to be important.</p>	<p>This section will also allow grantees to report any grant-specific outcomes not captured in other sections of the quarterly performance and/or narrative report, including, but not limited to, any specific outcomes included in the statement of work. For example, previous grantees have reported "number of participants who received a promotion as a result of training" and "average wage increase of participants."</p> <p>Grantees that are providing supportive services, in accordance with the funding opportunity in which the grant was awarded, should include a</p>

		description of the type(s) of services offered, how they were delivered, and how they contributed to a participants' ability to fully participate in grant-funded activities.
<b>F.2 Name of Grantee Certifying Official</b>	The name of the grantee official who is certifying submission of the report to the Department.	Self-explanatory.
<b>F.3 Telephone Number</b>	The area code (999) and telephone number (999-9999) of the authorized official.	Self-explanatory.
<b>F.4 Email Address</b>	The email address of the authorized official.	Self-explanatory.
<b>Definitions of terms contained in the narrative report</b>		
<b>CAPACITY BUILDING</b>	<p><u>This term pertains to Green Capacity Building Grantees only</u>, the grants awarded through SGA/DFA PY-08-21.</p> <p>“Capacity Building” is defined in the narrative section and includes a broad array of activities, such as curriculum development, equipment procurement, and staff development. This section focuses on capturing three specific quantitative data elements for Green Capacity Building Grantees only..</p>	Recognizing that quantifying capacity building activities is difficult, ETA asks grantees to follow two basic guidelines: 1) ensure that each person is only counted once, even if he or she participates in multiple activities; 2) use a verifiable methodology when calculating each element.
<b>Instructors</b> who participated in grant-funded capacity building activities	<p><u>This measure pertains to Green Capacity Building Grantees only</u>, the grants awarded through SGA/DFA PY-08-21..</p> <p>The number of instructors who participated in grant-funded capacity building activities for <i>the first time during the grant</i> this quarter.</p>	“Participated in grant-funded capacity building activities” should be broadly interpreted; all instructors who attended or led training for instructors, contributed to the development of a curriculum, used equipment, or taught a course at least partially funded by the grant should be included. Instructors need not be employed by the grantee. Both secondary and post-secondary school instructors can be included, as well as other types of instructors. Also note that each instructor can only be counted once even if he/she participates in several capacity-building activities.
<b>Students</b> who participated in grant-funded capacity building activities	<p><u>This measure pertains to Green Capacity Building Grantees only</u>, the grants awarded through SGA/DFA PY-08-21.</p> <p>The number of students subsequently trained by those instructors for <i>the first time during the grant</i> this quarter.</p>	For this data element, “subsequently trained by those instructors” means the student attended a course (or part of a course) taught by an instructor who “participated in grant-funded capacity building activities.”
<b>Other people</b> who participated in grant-funded capacity building activities	<p><u>This measure pertains to Green Capacity Building Grantees only</u>, the grants awarded through SGA/DFA PY-08-21.</p> <p>The number of other people participating and/or benefiting from capacity building activities for <i>the first time during the grant</i> this quarter.</p>	This measure is meant to capture the effectiveness of grantees' outreach activities, and should be broadly interpreted. For example, grantees implementing career awareness activities should report the number of people who participated in these activities. This could include the number of individuals attending a recruitment seminar, the number of user sessions on an outreach web site, the number of students who were provided career awareness materials at an industry-related career awareness program, or any other similar activities. This data must be verifiable through records kept by grantees (as opposed to being data that is based on rough grantee estimates).
<b>LEVERAGED RESOURCES</b>	As explained in the narrative section, leveraged resources are those resources the grantee and its partners may be providing to support the implementation of ARRA HGEI grants. Leveraged resources may take the form of cash or in-kind contributions.	Many grantees stated they would provide leveraged resources in their grant agreements. Please note a key distinction between leveraged resources and required match resources: match does not include the use of federal funds, while leveraged resources has a broader definition that may include federal funds. To calculate the total amount of leveraged resource, in-kind contributions must be translated into a dollar amount and added to any cash leveraged resources.
<b>Federal</b> leveraged resources	For this data element, include all leveraged resources from federal sources, which could include Workforce Investment Act (WIA) formula program dollars.	Grantees can include leveraged resources from both DOL and other federal sources.
<b>Non-federal</b> leveraged resources	For this data element, include all leveraged resources from non-federal sources.	Leveraged resources may be provided from a wide range of non-federal sources, such as businesses, foundations, and community-based organizations.

Glossary to:

**Performance Reporting Glossary and Guide for ARRA High Growth and Emerging Industries (HGEI) Grantees**

Term	Description/Definition for ARRA HGEI Grants
<b>Admission</b>	See <a href="#">DETERMINATION OF ELIGIBILITY</a>
<b>Application</b>	See <a href="#">DETERMINATION OF ELIGIBILITY</a>
<b>Assessment Services</b>	Services that identify an individual’s capabilities and limitations related to successful completion of education/job training activities and attainment and retention of unsubsidized employment. Services may include both an Initial Assessment and Career Assessments. The Initial Assessment or Assessment Interview is designed to determine the participant’s educational level, work history, vocational skills, strengths and weaknesses, or identification of employment barriers and could include the development of an action plan that focuses on using their strengths and reducing weaknesses. Career Assessments are used to determine each participant’s employability, aptitudes, abilities, skills, and interests and to develop a plan to achieve the participant’s employment and related goals. Testing, counseling and employability planning may also be used during the assessment process.
<b>Associate Degree</b>	An award that normally requires at least 2 but less than 4 years of full-time equivalent college work.  For the purpose of these reporting requirements, grantees should include the receipt of an Associate of Arts (A.A.), Associate of Science (A.S.), and Associate in Applied Science (A.A.S) degree when they report that participants have received an “Associate Degree.”
<b>Basic Skills Training</b>	Training associated with improving basic skills in English reading, writing, mathematics, computer skills, or other skills that are widely required in training and employment settings. Basic skills training is generally provided when the participant has a skill level that is at or below the 8th grade level on a generally accepted standardized test or a comparable score on a criterion-referenced test. Examples of basic skills training include, but are not limited to, adult basic education, English as a Second Language (ESL), job readiness training, GED preparation, and pre-vocational services, and can include development of learning skills, communication skills, interviewing skills, and professional conduct.  Basic skills training activities are reported separately from pre-apprenticeship activities, if applicable. If individuals are reported as participating in “pre-apprenticeship activities,” then those same individuals may only be reported as also participating in “basic skills training” if they receive training in basic skills that is separate from the “pre-apprenticeship activities” in which they are participating.
<b>Bachelor’s Degree</b>	An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least 4 but not more than 5 years of full-time equivalent college-level work. This includes all bachelor’s <a href="#">degrees</a> conferred in a 5-year <a href="#">cooperative</a> (work-study) <a href="#">program</a> . A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows students to combine actual work experience with their college studies. This also includes bachelor’s degrees in which the normal 4 years of work are completed in 3 years.
<b>Career Awareness or Exploration Activities</b>	Activities with the primary goal of raising awareness of, or generating interest in, careers in industries or occupations. These activities include, but are not limited to, attending career fairs, giving informational presentations on high growth or emerging industries and occupations within those industries to high-school students, and distributing promotional materials to individuals. If a grantee is not sure if an activity qualifies as a career awareness and/or exploration activity, they should contact their FPO. Depending on a grantee’s statement of work, grant funds may be used to support career awareness and/or exploration activities, but individuals who are involved in <u>only</u> these types of activities are not considered participants.
<b>Case Management Services</b>	The provision of a client-centered approach in the delivery of services, designed: (a) to prepare and coordinate comprehensive employment plans, such as service strategies, for participants to ensure access to necessary workforce investment activities and supportive services, using, where feasible, computer-based technologies; and (b) to provide job and career counseling during program participation and after job placement.
<b>Certificate</b>	A formal award certifying the satisfactory completion of a <a href="#">postsecondary education program</a> .
<b>Classroom Training</b>	See <a href="#">EDUCATION/JOB-TRAINING ACTIVITIES</a>
<b>Completion</b>	The <b>successful</b> completion of Education/Job Training Activities. What constitutes “successful completion”—such as a certain grade or passing a pass/fail program—is determined by each grantee. An individual participant may only be reported as completing education/job training activities in one reporting quarter.  Some grantees’ education/training activities are comprised of a series of courses or activities, and the intent of their education/training activities is for individuals to complete the entire series of courses or activities. In this case, “successful completion” should be defined as finishing the entire series of courses or activities.  For example, some grantees offer Associate degree programs, and their grant statements of work indicate that participants will complete the Associate degree programs during the grant period of performance. In this example, grantees should only report that an individual has completed training when the individual has finished all of the courses and/or activities in the Associate Degree program and is considered a “successful completer” as defined by the grantee. In a second example, some grantees have training programs that focus on the acquisition

	<p>of multiple certifications, and participants successfully complete the program when they receive all the certifications on which the training focuses. In this second example, grantees should only report that an individual has completed training when the individual has finished all of the courses and/or activities for each of the certifications and is considered a “successful completer” as defined by the grantee.</p>
<b>Credential</b>	<p>A credential is awarded in recognition of an individual’s attainment of measurable technical or occupational skills necessary to gain employment or advance within an occupation. These technical or occupational skills are based on standards developed or endorsed by employers. Certificates awarded by workforce investment boards are not included in this definition. Work readiness certificates are also not included in this definition. These certificates are not included in the definition of eligible credentials because they do not document “measurable technical or occupational skills necessary to gain employment or advance within an occupation.” Below is a non-exhaustive, but illustrative, list of types of organizations and institutions that award industry-recognized credentials:</p> <ul style="list-style-type: none"> <li>(i) A State educational agency or a State agency responsible for administering vocational and technical education within a state;</li> <li>(ii) An institution of higher education described in Section 102 of the Higher Education Act (20 USC 1002) that is qualified to participate in the student financial assistance programs authorized by title IV of that Act. This includes community colleges, proprietary schools, and all other institutions of higher education that are eligible to participate in Federal student financial aid programs;</li> <li>(iii) A professional, industry, or employer organization (e.g., National Institute for Automotive Service Excellence certification, National Institute for Metalworking Skills, Inc., Machining Level I credential) or a product manufacturer or developer (e.g., Microsoft Certified Database Administrator, Certified Novell Engineer, Sun Certified Java Programmer) using a valid and reliable assessment of an individual’s knowledge, skills, and abilities;</li> <li>(iv) ETA’s Office of Apprenticeship or a State Apprenticeship Agency;</li> <li>(v) A public regulatory agency, upon an individual’s fulfillment of educational, work experience, or skill requirements that are legally necessary for an individual to use an occupational or professional title or to practice an occupation or profession (e.g., FAA aviation mechanic license, state licensed asbestos inspector);</li> <li>(vi) A program that has been approved by the Department of Veterans Affairs to offer education benefits to veterans and other eligible persons;</li> <li>(vii) Job Corps centers that issue certificates or other credentials;</li> <li>(viii) Institutions of higher education which are formally controlled, or have been formally sanctioned, or chartered, by the governing body of an Indian tribe or tribes.</li> </ul> <p>This includes certificates and degrees. Also see <a href="#">DEGREE</a> and <a href="#">CERTIFICATE</a>.</p>
<b>Date of Exit</b>	<p>The date of exit is always a date of service. It is determined retroactively after a participant has gone 90 days without a service and does not have a “gap in service” or plans for a future service. Participants should not be exited immediately following completion of a program (e.g., the last day of class or graduation)—the project must wait until 90 days of no service has taken place before an exit can be officially recorded.</p>
<b>Date of Participation</b>	<p>The date when the first grant-funded service beyond a determination of eligibility is received. Like the date of exit, the date of participation is always a date of service.</p>
<b>Date of Service</b>	<p>Any date when a participant receives a “grant-funded service.”</p>
<b>Degree</b>	<p>An award conferred by a college, university, or other <a href="#">postsecondary education</a> institution as official recognition for the successful completion of a <a href="#">program</a> of studies.</p> <p>See <a href="#">BACHELOR’S DEGREE</a> and <a href="#">ASSOCIATE DEGREE</a></p>
<b>Determination of Eligibility</b>	<p>Before being enrolled in a grant-funded activity, all potential participants must first be determined eligible to participate. In addition to any eligibility requirements specific to the grantee, applicants should collect information on Gender, Ethnicity/Race, Veterans and Disability Status, and other characteristics and traits from participants as specified in the reporting format.</p> <p>Application and/or admission into a college or training program are considered part of the eligibility determination process, and do not trigger participation.</p>
<b>Disability</b>	<p>A physical or mental impairment that substantially limits one or more of the person’s major life activities. As defined in 29 CFR 37.4:</p> <ul style="list-style-type: none"> <li>(1)(i) The phrase <b>physical or mental impairment</b> means— <ul style="list-style-type: none"> <li>(A) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, hemic and lymphatic, skin, and endocrine;</li> <li>(B) Any mental or psychological disorder such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.</li> </ul> </li> <li>(ii) The phrase <b>physical or mental impairment</b> includes, but is not limited to, such contagious and noncontagious diseases and conditions as orthopedic, visual, speech and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, specific learning disabilities, HIV disease (whether symptomatic or asymptomatic),</li> </ul>

	<p>tuberculosis, drug addiction, and alcoholism. The phrase <b>physical or mental impairment</b> does not include homosexuality or bisexuality.</p> <p>(2) The phrase <b>major life activities</b> means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.</p> <p>(3) The phrase <b>has a record of such an impairment</b> means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.</p> <p>(4) The phrase <b>is regarded as having an impairment</b> means—</p> <ul style="list-style-type: none"> <li>(i) Has a physical or mental impairment that does not substantially limit major life activities but that is treated by the recipient as being such a limitation;</li> <li>(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or</li> <li>(iii) Has none of the impairments defined in paragraph (1) of this definition but is treated by the recipient as having such an impairment.</li> </ul>
<b>Education/Job-Training Activities</b>	<p>Education/job-training activities include: training associated with acquiring an associates degree; classroom training; occupational skills training; on-the-job training; programs that combine workplace training with related instruction, which may include cooperative education programs; skill upgrading and training; customized training and other education and training activities that are competency-based and lead to an industry-recognized credential (where such a credential exists). Other grant-funded services, such as career awareness or career exploration activities, do not meet the criteria for education/job training.</p> <p>For the ARRA HGEI grants, an individual person may only be counted once during the life of the grant in the C.1 "Number Began Receiving Education/Job-Training Activities" and D.1 "Number Completed Education/Job-Training Activities" categories, even if they begin or complete more than one Education/Job-Training Activity.</p>
<b>Eligibility</b>	See <a href="#">DETERMINATION OF ELIGIBILITY</a>
<b>Exiter</b>	A participant who has not received a program or partner-funded service for 90 consecutive days and has no "future services" scheduled. Participants should not be exited immediately following completion of a program (e.g., the last day of class or graduation)—the project must wait until 90 days of no service has taken place before an exit can be officially recorded. "Follow-up services" do not extend the date of exit.
<b>"First time during the grant"</b>	This phrase is included in some definitions to ensure that each person is only counted once during the grant's period of performance in each applicable outcome category or other relevant field. A teacher who participates in capacity-building activities for several quarters, for example, would only be reported during his or her first quarter of participation.
<b>Future Service</b>	Any "grant-funded service" scheduled for a future date.
<b>Gap in Service</b>	A gap in service prevents an unintentional exit from taking place for up to 180 days for three allowable circumstances: (1) training is delayed, (2) a health/medical reason related to the participant or a family member, or (3) a temporary move from the area. All Gaps in Service must be documented in a participant's case file. If needed, an additional gap in service of up to 180 days can be used after the first Gap in Service.
<b>Grant-funded Services</b>	<p>Any activity funded in whole or in part by grant funds is considered a "grant-funded service." Examples of grant-funded services include, but are not limited to, education/job-training activities, counseling, comprehensive and specialized assessments, job search and placement services, and case management services.</p> <p>The "date of participation" is triggered by the first grant-funded service. Please note that application and/or admission into a college or training program are considered part of the eligibility determination process and do not trigger participation.</p>
<b>Green Industry Sector</b>	This includes the energy efficiency and renewable energy industries identified in WIA section 171(e)(1)(B)(ii), as well as other Green Industries as defined in the grantee's Statement of Work, and green occupations in other high growth and emerging industries.
<b>Industry Skills Education and Job Training</b>	See <a href="#">EDUCATION/JOB-TRAINING ACTIVITIES</a>
<b>Major Life Activities</b>	See <a href="#">DISABILITY</a>
<b>NAICS code</b>	The North American Industry Classification System (NAICS) was developed as the standard for use by Federal statistical agencies in classifying business establishments for the collection, analysis, and publication of statistical data related to the business economy of the U.S. NAICS codes are condensed into 20 broad categories.
<b>Occupational Skills Education and Job Training</b>	See <a href="#">EDUCATION/JOB-TRAINING ACTIVITIES</a>
<b>On-the Job Training</b>	See <a href="#">EDUCATION/JOB-TRAINING ACTIVITIES</a>
<b>Participant</b>	An individual determined eligible to participate in the program who has received a "grant-funded service" in either a physical location (e.g., Community College) or remotely through electronic technologies. A "determination of eligibility" alone, however, does not trigger participation.
<b>Physical/Mental Impairment</b>	See <a href="#">DISABILITY</a>
<b>Pre-apprenticeship Activities</b>	Pre-apprenticeship activities are activities designed to impart basic skills that might improve an individual's ability to be selected by a Registered Apprenticeship Program Sponsor for participation in a Registered Apprenticeship Program. Activities could include introducing the

	<p>basics of a skilled occupation, or core industry skill training including tool identification, industry math/science, industry-related reading/literacy and industry-specific training. For example, a curriculum for a construction industry occupation may include pre-vocational identification and use of tools, blueprint reading, basic shop skills, safety procedures, math skills, and physical conditioning. Activities could also include soft skills such as work readiness training, team building, work-place culture; and services such as English as a Second Language, mentoring, networking events, on-going support groups, drivers' license recovery programming, and leadership development workshops.</p> <p>Pre-apprenticeship activities are reported separately from basic skills training activities, if applicable. See "Basic Skills Training" for more information.</p>
<b>Registered Apprenticeship Activities</b>	<p>Registered apprenticeship activities are activities that: include one or more of the following three elements: (1) lead to the development and registration or modification of Registered Apprenticeship Program Standards in industries targeted through ARRA HGEI SGAs (standards are registered with the U.S. Department of Labor's (DOL), Office of Apprenticeship (OA), or a DOL-recognized State Apprenticeship Agency); (2) lead to the development or modification of National Guidelines for Apprenticeship Standards (Guideline Standards are certified by DOL OA) for programs in industries targeted through ARRA HGEI SGAs; or (3) provide the various elements of Registered Apprenticeship Program Standards, such as structured on-the-job learning, related instruction in technical subjects, and mentoring apprentices.</p>
<b>Retention and Follow-up Services</b>	<p>Services provided after a participant's completion and/or exit designed to ensure successful outcomes and reinforce and stabilize job placement. Examples of these types of services include, but are not limited to, post-graduation counseling, support groups, job retention services, follow-up services, and follow- along services.</p> <p>Though these services may be financed with grant funds, for performance reporting purposes retention and follow-up services are not considered "grant-funded services" and do not extend the "date of exit." It is the grantee's responsibility to follow up with program participants to accurately account for job retention.</p>
<b>Quarter of Completion</b>	The quarter in which a participant completes "education/job-training activities."
<b>Services funded by the program</b>	See <a href="#">GRANT-FUNDED SERVICES</a>
<b>"Successfully" complete</b>	See <a href="#">COMPLETION</a>
<b>Supportive Services</b>	Services such as transportation, child care, dependent care, housing, and needs-related payments, as defined at WIA sections 101(46) and 134(e)(2) and (3), that are necessary to enable an individual to participate in activities in accordance with the funding opportunity in which the grant was awarded.
