NOTIFICATION

As stated in 12 CFR 1815.105, if the Fund determines that the Application proposes actions which require an environmental assessment or an environmental impact statement, any approval and funding of the Application will be contingent upon:

- 1. The Applicant supplying to the Fund all information necessary for the Fund to perform or have performed any required environmental review;
- 2. The Applicant not using any Fund Financial Assistance to perform any of the proposed actions in the Application requiring an environmental review until approval is received from the Fund; and
- 3. The outcome of the required environmental review.

In addition, as stated in 12 CFR 1815.106, if the Fund determines that an Application, or any part thereof, is not sufficiently definite to perform a meaningful environmental review prior to approval of the Application, final approval and funding of the Application shall require supplemental environmental review prior to the taking of any action directly using Fund Financial Assistance for any action that is not a categorical exclusion.
