

This application must be submitted for issuance of a U.S. Veterinary Biologics Establishment License. The information will assist in determining the qualifications of the establishment to prepare biological products (9 CFR 102).

According to the Paperwork Reduction Act of 1985, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information is 0579-0013. The time required to complete this information collection is estimated to average 1.0 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information

OMB NO. 0579-0013
