

BIS-4023P INSTRUCTIONS

To participate in NATO International Competitive Bidding (ICB), U.S. firms must be approved by the U.S. Department of Commerce. Firms should submit an application for each facility (i.e., main office, branch, subsidiary, etc.) to be considered for NATO ICB.

If there is a change in corporate status of an approved firm, (e.g., merger, acquisition or reorganization), a new application should be submitted.

The following instructions correspond to the numbered format of the BIS-4023P:

1. ~~Complete name and~~ ^{Full legal name and street} address of facility.
2. ~~For Commerce Use Only:~~ ^{Facility's Commercial and Government Entity (CAGE) Code}
3. Indicate the Defense Investigative Service (DIS) clearance level or N/A. The lack of a DIS clearance does not disqualify a company from bidding on unclassified NATO contracts.
4. Complete if parent company is located outside the U.S.
5. Attach a company resume that includes a description of recent technical contracts, with reference to work performed for U.S., ~~state and local governments as well as~~ foreign governments.
6. Attach a current annual report/~~financial report~~ ^{set of financial documents} indicating audit, review, or compilation by an independent CPA. If an annual report is not prepared by a subsidiary, the annual report for the parent company may be submitted instead.
7. Identify ~~using~~ ^{the} North American Industry Classification ^{System's} (NAICS) ~~numbers all goods/services to be considered for NATO ICB. Select~~ ^{NAICS codes} NAICS numbers are provided at the end of this form. If other ^{NAICS codes} goods/services apply, please ~~make~~ ^{make} reference to the NAICS website: <http://www.census.gov/epcd/www/naics.html> ^{provided by the facility. Some frequently used NAICS codes}
8. Signature of ~~point of contact for NATO contracts.~~ ^{company representative.}
