The program provides eligible participants with supplemental nutritious food, nutrition counseling and education, nutrition-health screening, and referrals to other health agencies.

The purpose of the WIC Overseas information system is to automate the processes used to determine eligibility for the DoD WIC Overseas program and administer participant benefits. The WIC Overseas information system employs automated, physical, and system safeguards designed to ensure availability, authentication, confidentiality, integrity, and non-repudiation.

Personally Identifiable Information (PII)/protected health information (PHI) collected by the WIC Overseas information system includes name, date of birth, truncated Social Security Number (SSN), mailing address, telecommunications numbers (e.g., mobile, fax, telephone), medical notes, E-mail address, military status and/or records, and other personal data including household income, nutritional risk/medical data which includes anthropometric (length or stature and weight), biochemical data (hematocrit or hemoglobin), and dietary data (24-hour food recall). Medical history data includes such items as pregnancy history, food allergies, medical conditions (i.e., asthma, diabetes, lactose intolerance, etc). The PII collected pertains to the following categories of individuals: members of the Armed Forces, civilian employees, and DoD contractors living overseas (or in a U.S. Territory or possession), and their family members who apply for benefits in the DoD WIC Overseas program.

The system is owned by the TRICARE Management Activity (TMA) and operated by Women, Infants and Children (WIC) Overseas, Choctaw Archiving Enterprise, 2161 Military Highway, Suite 214, San Antonio, Texas 78213; telephone number (210) 341-3336.

The WIC Overseas Information System is subject to the DoD Information Assurance Certification and Accreditation Process (DIACAP) annually and has been found to maintain information assurance, PII protections, and security postures consistent with those required under DoD Instruction 8510.01. The WIC Overseas Information System was DIACAP certified and received Authorization to Operate on August 13, 2007. The most recent annual review was completed on August 3, 2009.
