Proposed Data Reports

Proposed Data Reports

- o *Denote sub reports*
- Annual Summary of Screening, Diagnostic, and Intervention Data
- Total Infants Screened for Hearing Loss
 - o Infants Screened for Hearing Loss Before One Month of Age
 - o Infants Screened for Hearing Loss After One Month but Before Three Months of Age
 - o Infants Screened for Hearing Loss After Three Months of Age
- Total Infants Not Screened for Hearing Loss
- Infants Passing the Final Hearing Screening before One Month of age
 - o Infants Passing the Final Hearing Screening before One Month of age
 - o Infants Passing the Final Hearing Screening After One Month but Before Three Months of Age
 - o Infants Passing the Final Hearing Screening After Three Months of Age
- Infants Not Passing the Final Hearing Screening before One Month of age
 - o Infants Not Passing the Final Hearing Screening before One Month of age
 - o Infants Not Passing the Final Hearing Screening After One Month but Before Three Months of Age
 - o Infants Not Passing the Final Hearing Screening After Three Months of Age

- Infants in the NICU
 - o Infants in NICU that Pass Screening
 - o Infants in NICU that did Not Pass Screening

- Infants Found to have Normal Hearing
 - o Infants Found to have Normal Hearing Before Three Months of Age

 - o Infants Found to have Normal Hearing After Three Months of Age but Before Six Months of Age

 - o Infants Found to have Normal Hearing After Six Months of Age

- Infants Identified with Hearing Loss
 - o Infants Identified with Hearing Loss Before Three Months of Age

 - o Infants Identified with Hearing Loss After Three Months of Age but Before Six Months of Age

 - o Infants Identified with Hearing Loss After Six Months of Age

- No Diagnosis Reported
 - o Infants Loss to Follow-up / Loss to Documentation

- Other Cases of Identified Hearing Loss
 - o Non-permanent, Transient Hearing Loss

 - o Hearing loss among Residents and Non-Residents

- Number of Infants with Hearing Loss Referred for Part C Early Intervention Services
 - o Number of Infants Eligible for Part C Early Intervention Services
 - o Number of Infants Not Eligible for Part C Early Intervention Services
- Infants with Hearing Loss Enrolled in Part C Early Intervention Services
 - o Infants with Hearing Loss Enrolled in Part C Early Intervention Services Before six Months of Age
 - o Infants with Hearing Loss Enrolled in Part C Early Intervention Services After six Months but Before Twelve Months of Age
 - o Infants with Hearing Loss Enrolled in Part C Early Intervention Services After Twelve Months of Age
- Infants with Hearing Loss Enrolled in Non-Part C Early Intervention Services
 - o Infants with Hearing Loss Enrolled in Early Intervention Services Other than Part C Before six Months of Age
 - o Infants with Hearing Loss Enrolled in Early Intervention Services Other than Part C After six Months but Before Twelve Months of Age
 - o Infants with Hearing Loss Enrolled in Early Intervention Services Other than Part C After Twelve Months of Age
- Type and Severity for Cases of Unilateral Hearing Loss
- Type and Severity for Cases of Bilateral Hearing Loss
- Hearing Screening by Age and Maternal Demographics

- Diagnosis by Age and Maternal Demographics
- Receipt of Early Intervention Services by Age and Maternal Demographics
