Security Warning:

When opening the IJ template, some users may see a note that says "Security Warning: some active content has been disabled." Click on the [Options ...] button next to the message, select "Enable this content," then click on the [OK] button. If this is not done, the text boxes may not function properly.

As part of the FY 2013 Nonprofit Security Grant Program (NSGP) application, 501(c)(3) organizations within eligible FY 2013 Urban Areas Security Initiative (UASI) Urban Areas must develop a formal Investment Justification (IJ) that addresses each initiative proposed for funding. These IJs must demonstrate how proposed projects address gaps and deficiencies in current programs and capabilities, as well as how the investment supports the building or sustaining of core capabilities within the National Preparedness Goal (NPG). Additionally, the IJ must demonstrate the ability to provide enhancements consistent with the purpose of the program and guidance provided by the Federal Emergency Management Agency (FEMA). Applicants must ensure that the IJ is consistent with all applicable requirements outlined below. Applicants may only submit one IJ on behalf of their nonprofit organization in order to be considered for funding.

FEMA has developed guidelines that establish the required IJ content and helps ensure that submissions are organized in a consistent manner while addressing key data requirements. This template (Office of Management and Budget [OMB] Number: 1660-0110/FEMA Form Number: 089-25) may be used by applicants to complete and submit their IJ. Failure to address these data elements in the prescribed format could potentially result in the rejection of the IJ from review consideration.

Applications must use the following file naming convention when submitting required documents as part of the FY 2013 NSGP: "FY 2013 NSGP <State Abbreviation>_<Urban Area>_<Nonprofit Name>."

If using Excel 2007, applicants are required to save the final version of the IJ in the Excel 97-2003 format before submitting. Excel 2007 or PDF formats cannot be accepted. Instructions on saving the IJ template in the Excel 97-2003 format are below in the "Helpful Hints" Section.

Applications should be submitted by the nonprofit organization to the State Administrative Agency (SAA)/Urban Area Working Group (UAWG) no later than 11:59 p.m. EST, April 4, 2013 to ensure adequate time for a State review of nonprofit applications. If an extension to the deadline is required, nonprofit organizations must consult with their respective SAA/UAWG. SAAs will receive a separate, Excel-based FY 2013 NSGP Scoring Worksheet upon the release of the FY 2013 NSGP Funding Opportunity Announcement (FOA). The FY 2013 NSGP Scoring Worksheet will be used by the SAA to review and score NSGP applications consistent with the guidelines provided in the FY 2013 NSGP IJ and Selection Criteria as well as ensure consistency with programmatic requirements.

Helpful Hints:

Moving through the Investment Justification:

While entering information in the IJ template, applicants should try to minimize the use of the Tab and Enter keys to move between data entry fields. As the template consists of a combination of text boxes and cells, using these keys may cause the cursor to move to an undesired location.

Copying & Pasting in the Investment Justification:

Some applicants may find it helpful to begin drafting their IJ information in MS Word and then pasting this into the Excel-based template. However, please be aware that, when copying and pasting information from Word into the text boxes in the template, any formatting will not carry over.

Also, right-clicking in the text boxes in Excel will not provide the usual pop-up menu where you can select Cut, Copy, Paste, or any of the usual such options. To copy from a text box, users must select the text, then use the [Edit] menu in Excel 2003 or the [Home] tab in Excel 2007 and select [Copy]. To paste data into a text box, click in the text box, then use the [Edit] menu in Excel 2003 or the [Home] tab in Excel 2007 and select [Paste].

Character Count:

The data entry fields included in the IJ allow for the maximum number of characters noted for that section, plus an additional number of characters to account for spaces. Once that limit has been reached, users will not be able to include any additional text.

Spell Check:

When using Spell Check in MS Excel, it will not review information entered into the data entry boxes. Therefore, it is suggested that applicants use MS Word to ensure that the entered information is spelled correctly. To use Spell Check in MS Word:

In MS Word 2003

- a) Click on the [Tools] menu
- b) Select [Spelling] and all spelling issues will be displayed

In MS Word 2007

- a) Click on the [Review] tab near the top of the screen
- b) Click on [Spelling & Grammar] and all spelling issues will be displayed

Saving in Excel 2003 Format:

As stated above, if using Excel 2007 to complete the IJ template, applicants are required to save the final version in the Excel 97-2003 format before submitting. To do that:

- a) Click on the Office Button at the top left of the Excel window
- b) Hover over [Save As] in the list
- c) Click on [Excel 97-2003 Workbook]
- d) In the "Save As" Window, chose a location and file name for the new file. Be sure to use the "FY 2013 NSGP <State Abbreviation>_<Urban Area>_<Nonprofit Name>" file name format noted above.
