SUPPLEMENTARY INFORMATION: FEMA, Grant Programs Directorate (GPD) awards thousands of grants and each year through various grant programs. These programs award funds for projects used to improve homeland security and emergency preparedness. The National Environmental Policy Act of 1969 (NEPA), Public Law 91-190, Sec. 102(B) and (C), 42 U.S.C. 4332, the National Historic Preservation Act of 1966 (NHPA), Public Law 89-665, 16 U.S.C. 470f and a variety of other environmental and historic preservation laws and Executive Orders (EO) require the Federal government to examine the potential impacts of its proposed actions on communities, public health and

safety, and cultural, historic, and natural resources prior to undertaking those actions. The GPD process of considering these potential impacts is called an environmental and historic preservation (EHP) review which is employed to examine compliance with multiple EHP authorities through one consolidated process. With input from grantees, the EHP Screening Form was revised for clarity and ease of use. The 2013 Screening Form does not require any new information, and includes an appendix with guidance on providing photographs with the EHP submission. Grantees are no longer required to submit floodplain and wetlands maps, or information about the proposed project's relationship to an existing master plan.

Collection of Information

Title: Environmental and Historic Preservation Screening Form.
OMB Number: 1660-0115.

Type of Information Collection: Revision of a currently approved information collection.

FEMA Forms: FEMA Form 024-0-1, Environmental and Historic Preservation Screening Form.

Abstract: NEPA requires that each Federal agency to examine the impact of its actions (including the actions of grantees using grant funds) on the human environment, to look at potential alternatives to that action, and to inform both decision-makers and the public of those impacts through a transparent process. This Screening Form will facilitate FEMA's review of grantees actions in FEMA's effort to comply with the environmental requirements.

Affected Public: State, Local or Tribal Government; not-for-profit institutions.

Number of Respondents: 3,000.

Number of Responses: 3,000.

Estimated Total Annual Burden Hours: 24,000 hours.

SUPPLEMENTARY INFORMATION: The Port Security Grant Program (PSGP) is a DHS grant program that focuses on infrastructure protection activities. The PSGP is one tool in the comprehensive set of measures authorized by Congress and implemented by the Administration to strengthen the Nation's critical infrastructure against risks associated with potential terrorist attacks. The vast bulk of U.S. critical infrastructure is owned and/or operated by State, local and private sector partners. PSGP funds support increased port-wide risk management; enhanced domain awareness; training and exercises; and further capabilities to prevent, detect, respond to, and recover from attacks involving improvised explosive devices (IEDs) and other non-conventional weapons. Section 102 of the Maritime Transportation Security Act of 2002, as amended (46 U.S.C. 70107), established the PSGP to provide for the establishment of a grant program for a risk-based allocation of funds to implement Area Maritime Transportation Security Plans and

facility security plans among port authorities, facility operators, and State and local government agencies required to provide port security services.
