

FEMA Form 024-0-1, TITLE: EHP Screening Form

LOCATION	CURRENT TEXT	REVISED TEXT
Intro Instructions	<p><i>This form should be attached to all project information sent to the Grant Programs Directorate (GPD) to initiate an environmental and historic preservation (EHP) regulatory compliance review. Complete sections A – D of this form, as applicable; completion of this form does not conclude the EHP review process and FEMA may need to go back to you for further information. When questions are not applicable to the project, leave the field blank. This form is intended to be completed electronically. Refer to Appendix B (page 10) for guidance on how to make an aerial map (if required for your project), and refer to Appendix C (page 11) for a list of online resources to help you provide visual documentation. Contact GPD-EHP for a version of this form that is suitable for printing and completing by hand. To check (X) a box, left double-click using your mouse and a Check Box Form Field Box will appear. On the Check Box Form Field Box, select the default value as Checked and press OK. To write in a text field (____), select the text field with your mouse and begin typing.</i></p> <p><i>Your completed screening form with necessary attachments must be submitted to the Centralized Scheduling and Information Desk (CSID) at askcsid@dhs.gov with the following information in the subject line of the e-mail: EHP Submission: Project Name, Subgrantee Name; Grant Award Number (i.e., EHP Submission: Camera Installation, Anytown Courthouse, 2010-AB-C1-2345).</i></p>	<p>Directions for completing this form: This form is designed to initiate and facilitate the environmental and historic preservation (EHP) compliance review for your FEMA preparedness grant-funded project(s). FEMA conducts its EHP compliance reviews in accordance with National Environmental Policy Act (NEPA) and other EHP-related laws and executive orders. In order to initiate EHP review of your project, you must complete all relevant sections of this form and submit it to the Grant Programs Directorate (GPD) along with all other pertinent project information. Failure to provide requisite information could result in delays in the release of grant funds. Be advised that completion of this form does not complete the EHP review process. You will be notified by FEMA when your review is complete and/or if FEMA needs additional information.</p> <p>There is no need to complete and submit this form if the grant scope is limited to planning, management and administration, classroom-based training, tabletop exercises and functional exercises, or purchase of mobile and portable equipment where no installation is needed. Information Bulletin 345, Grant Programs Directorate Programmatic Environmental Assessment, September 1, 2010, provides details on these activities.</p> <p>This form should be completed electronically. The document is available in both Word and Adobe Acrobat (pdf) formats at this website: (http://www.fema.gov/library/viewRecord.do?fromSearch=fromsearch&id=4802). The following website has additional guidance and instructions on the EHP review process and the information required for the EHP review: http://www.fema.gov/plan/ehp/ehpreview/index.shtml</p> <p>Submit completed form through your grant administrator who will forward it to GPDEHPInfo@dhs.gov. Please use the subject line: EHP Submission: Project Title, location, Grant Award Number (Example, EHP Submission: Courthouse Camera Installation, Any Town, State, 12345; 2011-SS-0xxxx).</p>

A. PROJECT INFORMA TION	<p>Grant Program Name: _____ DHS Grant Award Number: _____ _____</p> <p>Project Name: _____ Grant Fiscal Year: _____ (Provide if no award number is available)</p> <p>Project Type (Check all that apply): <input type="checkbox"/> Physical security enhancements (i.e., installation of fencing, cameras, TWIC readers, bollards, motion detection systems, x-ray machines, lighting, etc.)</p> <p><input type="checkbox"/> New installation/construction/renovation (i.e., emergency operations centers, docks, piers, security guard buildings, etc.)</p> <p><input type="checkbox"/> Renovations/upgrades/modifications to structures 50 years old or older Communication towers, related equipment, and equipment shelters</p> <p><input type="checkbox"/> Other ground disturbing activities (i.e., trenching, excavation, etc.)</p> <p><input type="checkbox"/></p> <p>Training and exer cises (spe cify whet her disc ussio n- base d or</p>	<p>DHS Grant Award Number:....._____</p> <p>_____</p> <p>Grant Program:....._____</p> <p>_____</p> <p>Grantee....._____</p> <p>_____</p> <p>Grantee POC:....._____</p> <p>_____</p> <p>Mailing address:....._____</p> <p>_____</p> <p>E-mail:....._____</p> <p>_____</p> <p>Sub grantee:....._____</p> <p>_____</p> <p>Subgrantee POC:....._____</p> <p>_____</p> <p>Mailing address:....._____</p> <p>_____</p> <p>E-mail:....._____</p> <p>_____</p> <p>Estimated cost of project:....._____</p> <p>_____</p> <p>Project title: _____</p> <p>Project location (physical address or latitude- longitude):</p>

<p>B. PROJECT DESCRIPT ION/LOCA TION</p>	<p><i>The following information will be required in order to complete a review for each project type. If multiple "project types" describe the same project, [i.e., physical security enhancements AND renovations of structures 50 years old or older AND other ground disturbing</i></p>	<p>Based on the proposed project activities, determine which project type applies below and complete the corresponding sections that follow. For multi-component projects or those that may fit into multiple project types, complete the sections that best apply and fully describe all major components in the project description. If the project involves multiple</p>

activities], it is not necessary to repeat information; please make a note to refer back to the previous entry.

Enter Project Description: _____

The project description should contain a brief summary of what specific action is proposed, where it is proposed, and how it will be implemented. If this proposed project will be part of a larger project, please state the funding source. If the funding source is another GPD grant, please include the award number.

Project Type: **Physical security enhancements (i.e., installation of fencing, cameras, TWIC readers, bollards, motion detection systems, x-ray machines, lighting, etc.)**

Project Location (*physical project address or latitude/longitude of project location*): _____

Year existing building(s) or structure(s) involved in the proposed project was built: _____

Color site photos attached?

Ground-level site photos (showing where installations are proposed): Yes No

Aerial photograph with project limits outlined and with the location of any proposed installations identified (refer to Appendix B for guidance): Yes No

Will ground disturbance be required? Yes (provide total extent (*depth, length, and width*) _____) No

Has the ground been previously disturbed? Yes No

If yes, please describe the current disturbed condition of the area

sites, information for each site (such as age of structure, location, ground disturbance, etc.) must be provided. Attach additional pages to this submission, if needed.

1. **Purchase of equipment.** Projects in this category involve the purchase of equipment that will require installation on or in a building or structure. Complete other portions of Section B as needed. Complete Section C.1.
2. **Training and exercises.** Projects in this category involve training exercises with any field-based components, such as drills or full-scale exercises. Complete Section C.2.
3. **Renovations/upgrades/modifications or physical security enhancements to existing structures.** Projects in this category involve renovations, upgrades, retrofits, and installation of equipment or systems in or on a building or structure. Examples include, but are not limited to: interior building renovations; electrical system upgrades; sprinkler systems; vehicle exhaust systems; closed circuit television (CCTV) cameras; security fencing; access control for an area, building, or room; bollards; motion detection systems; alarm systems; security door installation or upgrades; lighting; and audio-visual equipment (projectors, smart boards, whiteboards, monitors, displays, and projector screens). Complete Section C.3.
4. **Generator installation.** Projects in this category involve installation of new or replacement generators, to include the concrete pads, underground fuel and electric lines, and if necessary, a fuel storage tank. Complete Section C.4.
5. **New construction/addition.** Projects in this category involve new construction, addition to, or expansion of a facility. These projects involve construction of a new building, or expansion of the footprint or profile of a current structure. Complete Section C.5.
6. **Communication towers, antennas, and related equipment.** Projects in this category involve construction of new or replacement communications towers, or installation of communications-related equipment on a tower or building or in a communications shelter or building.

(i.e., parking lot, commercial development, etc.):

If no, include other visual documentation (see Appendix C for a list of online mapping resources):

Technical drawings/site plans (if available) Yes No

FEMA Flood Insurance Rate Map (FIRM), with project limits outlined Yes No

U.S. Fish and Wildlife Service, National Wetlands Inventory (NWI) Map, with project limits outlined Yes No

U.S. Department of Agriculture (USDA) Soil Survey Map, with project limits outlined Yes No

Will any equipment or structures need to be installed? Yes No

If yes, please explain how and where this installation is proposed to be done (include site-specific photographs, and attach additional pages, if needed):

Will the equipment use the existing infrastructure for

Complete Section C.6.

7. **Other.** Projects that do not fit in any of the categories listed above. Complete Section C.7.

electrical distribution systems?

Yes No

Are there any known structures or buildings that are 50 years old or older in the project area or immediate vicinity? *(If yes, please provide the location of the structure(s), ground-level color photos of these structures, and identify their location(s) on the aerial map; see Appendix C for the web address of the National Register of Historic Places)* Yes No

Is there any *previously* completed environmental documentation for this project (i.e., environmental assessment, wetland delineation, archaeological study)? Yes No
(please attach documentation)

Is there any *previously* completed agency coordination for this project (i.e., correspondence with the U.S. Fish and Wildlife Service, State Historic Preservation Office, Tribal Historic Preservation Office)?

Yes *(please attach documentation)* No

Project Type: New installation/construction/renovation (i.e., emergency operations centers, docks, piers, security guardhouse, etc.)

Project Location (*physical project address or latitude/longitude of project location*): _____

Year existing building(s) or structure(s) involved in the proposed project was built: _____

Describe the setting of the area where the new installation/construction/renovati

on is proposed (i.e., urban, suburban, or rural; forested or open field): _____

Color site photos attached?

Ground-level site photos (showing where installations are proposed):
 Yes No

Aerial photograph with project limits outlined and with the location of any proposed installations identified (refer to Appendix B for guidance): Yes No

Will ground disturbance be required?

Yes (provide total extent (depth, length, and width) _____)
 No

Has the ground been previously disturbed? Yes No

If yes, please describe the current disturbed condition of the area (i.e., parking lot, commercial development, etc.):

If no, include other visual documentation (see Appendix C for a list of online mapping resources):

Technical drawings/site plans (if available) Yes No

FEMA Flood Insurance Rate Map (FIRM), with project limits outlined Yes
 No

U.S. Fish and Wildlife Service, National Wetlands Inventory

(NWI) Map,
with project
limits outlined
 Yes No

U.S.
Department of
Agriculture
(USDA) Soil
Survey Map,
with project
limits outlined
 Yes No

Will any equipment or structures
need to be installed? Yes
No

If yes, please explain how and
where this is proposed to be
done (*include site-specific
photographs, and attach
additional pages, if needed*):

Are there any known structures
or buildings that are 50 years old
or older in the project area or
immediate vicinity? (*If yes,
please provide the location of
the structure(s), ground-level
color photos of these structures,
and identify their location(s) on
the aerial map; see Appendix C
for the web address of the
National Register of Historic
Places*)? Yes No

Is there any *previously*
completed environmental
documentation for this project
(i.e., environmental assessment,
wetland delineation,
archaeological study)? Yes
(*please attach documentation*)
 No

Is there any *previously*
completed agency coordination
for this project (i.e.,
correspondence with the U.S.
Fish and Wildlife Service, State
Historic Preservation Office,
Tribal Historic Preservation
Office)?

Yes (*please attach
documentation*) No

Project Type:
Renovations/upgrades/modifications to structures 50 years old or older

Is the building or structure listed in the National Register of Historic Places, or has it previously been determined eligible for listing in the National Register of Historic Places? (See Appendix C for the web address of the National Register of Historic Places)
Yes No Unknown

Project Location (*physical project address or latitude/longitude of project location*): _____

Year existing building(s) or structure(s) involved in the proposed project was built:

Color site photos attached?

Ground-level site photos (showing where installations are proposed):
 Yes No

Aerial photograph with project limits outlined and with the location of any proposed installations identified (refer to Appendix B for guidance): Yes No

Will ground disturbance be required?
 Yes (provide total extent (*depth, length, and width*) _____)
 No

Has the ground been previously disturbed? Yes No

If yes, please describe the current disturbed condition of the area (i.e., parking lot, commercial development, etc.):

If no, include other

visual documentation (see Appendix C for a list of online mapping resources):

Technical drawings/site plans (if available) Yes No

FEMA Flood Insurance Rate Map (FIRM), with project limits outlined Yes No

U.S. Fish and Wildlife Service, National Wetlands Inventory (NWI) Map, with project limits outlined Yes No

U.S. Department of Agriculture (USDA) Soil Survey Map, with project limits outlined Yes No

Will any equipment or structures need to be installed? Yes No

If yes, please explain how and where this is proposed to be done (*include site-specific photographs, and attach additional pages, if needed*):

Are there any known structures or buildings that are 50 years old or older in the project area or immediate vicinity? (*If yes, please provide the location of the structure(s), ground-level color photos of these structures, and identify their location(s) on the aerial map; see Appendix C for the web address of the*

National Register of Historic Places) Yes No

Is there any *previously* completed environmental documentation for this project (i.e., environmental assessment, wetland delineation, archaeological study)? Yes *(please attach documentation)*?
 No

Is there any *previously* completed agency coordination for this project (i.e., correspondence with the U.S. Fish and Wildlife Service, State Historic Preservation Office, Tribal Historic Preservation Office)?

Yes *(please attach documentation)* No

Project Type: **Communication towers, related equipment, and equipment shelters**

Project Location (*physical project address or latitude/longitude and elevation above mean sea level of project location*): _____

Year existing building(s) or structure(s) involved in the proposed project was built:

Color site photos attached?

Ground-level site photos (showing where installations are proposed):
 Yes No

Aerial photograph with project limits outlined and with the location of any proposed installations identified (refer to Appendix B for guidance): Yes No

For projects involving antenna (e) installations on existing towers, provide the height of the

existing tower _____ and the height of the tower following the installation of the new antenna (e)_____.

For new projects, state the total height (in feet) of the communication tower or structure, including any antennae to be mounted: _____

If the proposed tower height is greater than 199 feet above ground level, state why this is needed to meet the requirements of the project: _____

Will the tower be free-standing or require guy wires? Free standing Guy wires

If guy wires are required, state number of bands and how many: _____

State why a guyed tower is needed to meet the requirements of this project: _____

What kind of lighting will be installed, if any (e.g., white strobe, red strobe, or steady burning)? _____

Have measures been incorporated for minimizing impacts to migratory birds? Yes No

If yes, describe: _____

Has an FCC registration been obtained for this tower? Yes No Registration #: _____

Has the FCC E106 process been completed? Yes No

Has the FCC TCNS process been completed? Yes No If yes, attach all relevant environmental documentation submitted as part of the registration process, including use of the Tower Construction

Notification System
(TCNS), if applicable.

FRN# _____

Will ground disturbance be
required?

Yes (provide total extent
(depth, length, and width) _____

No

Has the ground been previously
disturbed? Yes No

If yes, please describe
the current disturbed
condition of the area
(i.e., parking lot,
commercial
development, etc.):

If no, include other
visual documentation (see
*Appendix C for a list of online
mapping resources*):

Technical
drawings/site plans (if
available) Yes
No

FEMA Flood
Insurance Rate Map
(FIRM), with project
limits outlined Yes
 No

U.S. Fish and
Wildlife
Service,
National
Wetlands
Inventory
(NWI) Map,
with project
limits outlined
 Yes No

U.S.
Department of
Agriculture
(USDA) Soil
Survey Map,
with project
limits outlined

Yes No

Will any equipment or structures need to be installed? Yes No

If yes, explain how and where this is proposed to be done (*include site-specific photographs, and attach additional pages, if needed*): _____

Are there any known structures or buildings that are 50 years old or older in the project area or immediate vicinity? (*If yes, provide the location of the structure(s), ground-level color photos of these structures, and identify their location(s) on the aerial map; see Appendix C for the web address of the National Register of Historic Places*) Yes No

Is there any *previously* completed environmental documentation for this project (i.e., environmental assessment, wetland delineation, archaeological study)? Yes No (*attach documentation*) No

Is there any *previously* completed agency coordination for this project (i.e., correspondence with the U.S. Fish and Wildlife Service, State Historic Preservation Office, Tribal Historic Preservation Office)?

Yes (*attach documentation*) No

Will equipment be co-located on existing FCC licensed tower or other structure? Yes No

If yes, type of structure: _____

If no, please complete Appendix A.

Project Type: **Other ground disturbing activities (i.e., trenching, excavation, fiber optics, etc.)**

Project Location (*physical project address or latitude/longitude of project location*): _____

Year existing building(s) or structure(s) involved in the proposed project was built:

Color site photographs and maps attached?

Ground-level site photos (showing where ground disturbance are proposed):
Yes No

Aerial photograph with project limits outlined and with the location of any proposed ground disturbance identified (refer to Appendix B for guidance): Yes
No

What type of ground disturbance is needed and why (*i.e., utility trenching, etc.*)? _____

Provide the total extent of ground disturbance required (*depth, length, and width*):

Has the ground been previously disturbed? Yes No

If yes, please describe the current disturbed condition of the area (*i.e., parking lot, commercial development, etc.*):

If no, include other visual documentation (*see Appendix C for a list of online mapping resources*):

Technical drawings/site plans (if available) Yes
No

FEMA Flood Insurance Rate Map

(FIRM), with project limits outlined Yes
 No

U.S. Fish and Wildlife Service, National Wetlands Inventory (NWI) Map, with project limits outlined
 Yes No

U.S. Department of Agriculture (USDA) Soil Survey Map, with project limits outlined
 Yes No

Will any equipment or structures need to be installed? Yes No

If yes, please explain how and where this is proposed to be done (*include site-specific photographs, and attach additional pages, if needed*):

Are there any known structures or buildings that are 50 years old or older in the project area or immediate vicinity? (*If yes, provide the location of the structure(s), ground-level color photos of these structures, and identify their location(s) on the aerial map; see Appendix C for the web address of the National Register of Historic Places*)

Yes No

Is there any *previously* completed environmental documentation for this project (i.e., environmental assessment, wetland delineation, archaeological study)? Yes No
(*please attach documentation*)

Is there any *previously* completed agency coordination for this project (i.e., correspondence with the U.S. Fish and Wildlife Service, State Historic Preservation Office, Tribal Historic Preservation Office)?

Yes (*please attach documentation*) No

Project Type: **Training and Exercises (field-based only)**

If the training is discussion-based or an operations-based functional exercise, then no further information is required. If the training is operations-based, then provide the following:

Will the operations-based training take place at an existing facility having established procedures for that particular proposed exercise, and that conform with existing land use designations (refer to Information Bulletin #329 Clarification for further information)? Yes No

If yes, please provide the name and location of the facility:

Does the training exercise differ in any way (frequency, amount of facilities/land used, materials or equipment used, number of participants, type of activities, etc.) from previously permitted training exercises and training practices? Yes No

If yes, explain any differences between the proposed activity and those that have been approved in the past, and the reason(s) for the change in scope. _____

If yes, the operations-based training is taking place at an existing facility (as described

above), no further information is required. If the operations-based training is not occurring at an existing facility, provide the following:

Project Location (*physical project address or latitude/longitude of project location*): _____

Year existing building(s) or structure(s) involved in the proposed project was built:

Will ground disturbance be required to prepare the training site? Yes No

If yes, give total extent (*depth, length, and width*), and provide visual documentation:

Color site photos attached?

Ground-level site photos (showing where installations are proposed):
 Yes No

Aerial photograph with project limits outlined and with the location of any proposed installations identified (refer to Appendix B for guidance): Yes No

Has the ground been previously disturbed? Yes No

If yes, please describe the current disturbed condition of the area (i.e., parking lot, commercial development, etc.):

If no, include other visual documentation (see Appendix C for a list of online mapping resources):

Technical drawings/site plans (if available) Yes No

FEMA Flood Insurance Rate Map (FIRM), with project limits outlined Yes No

U.S. Fish and Wildlife Service, National Wetlands Inventory (NWI) Map, with project limits outlined Yes No

U.S. Department of Agriculture (USDA) Soil Survey Map, with project limits outlined Yes No

Will any equipment or structures need to be installed to facilitate training? Yes No

If yes, explain how and where this is proposed to be done (*include site-specific photographs, and attach additional pages, if needed*):

Describe the scope of the proposed training (purpose, frequency, facilities/location needed, materials and equipment needed, number of participants, and type of activities required) (*Attach additional pages, if needed*): _____

Is there any *previously* completed environmental documentation for this project (i.e., environmental assessment, wetland delineation, archaeological study)? Yes No
(*please attach documentation*)

Is there any *previously* completed agency coordination

	<p>for this project (i.e., correspondence with the U.S. Fish and Wildlife Service, State Historic Preservation Office, Tribal Historic Preservation Office)?</p> <p><input type="checkbox"/> Yes (please attach relevant documentation) <input type="checkbox"/> No</p> <p>Project Type: <input type="checkbox"/> Purchase of equipment (specify what equipment, and the quantity; for generators, please state the capacity) _____</p> <p>Will any equipment need to be installed? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If yes, please explain how and where this is proposed to be done (<i>include site-specific photographs, and attach additional pages, if needed</i>):</p> <p>_____</p> <p>Year existing building(s) or structure(s) involved in the proposed project was built:</p> <p>_____</p>

<p>SECTION D. PROJECT DETAILS</p>		<p>Complete all of the information requested below.</p> <p>1. <input type="checkbox"/> Project installation</p> <p>a. Explain how and where renovations/upgrades/modifications would take place, or where equipment/systems will be installed:</p> <p>b. Would ground disturbance be required to complete the project or training? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>• If Yes, provide total extent (depth, length, and width) of each ground-disturbing activity. Include both digging and trenching. For example, light poles and fencing have unique ground-disturbing activities (e.g., six light poles, 24" dia. x 4' deep; trenching 12" x 500' x 18" deep; 22 fence posts, 12" diameter x 3' deep, and 2 gate posts, 18" diameter x 3' deep):</p>

		<ul style="list-style-type: none"> • If Yes, describe the current disturbed condition of the area (e.g., parking lot, road right-of-way, commercial development): <p>c. Would the equipment use the existing infrastructure for electrical distribution systems? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <ul style="list-style-type: none"> • If No, describe power source and detail its installation at the site: <p>2. <input type="checkbox"/> Age of structure/building at project site</p> <p>a. Provide the year existing building(s) or structure(s) on/in/nearest to the location involved in the proposed project was built:</p> <ul style="list-style-type: none"> • If the building or structure involved is over 45 years old and significant renovation, rehabilitation, or modification has occurred, provide the year(s) modified and briefly describe the nature of the modification(s): <p>b. Are there any structures or buildings that are 50 years old or older in or adjacent to the project area? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <ul style="list-style-type: none"> • If yes, provide the location of the structure(s), ground-level color photographs of the structure(s), and identify their location(s) on an aerial map: <p>c. Is the project site listed in the National Register of Historic Places (National Register), or in/near a designated local or National Register Historic District? The internet address for the National Register is: http://nrhp.focus.nps.gov <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <ul style="list-style-type: none"> • If Yes, identify the name of the historic property, site and/or district and the National Register document number: <p>3. <input type="checkbox"/> Site photographs, maps and drawings</p> <p>a. Attach site photographs. Site photographs are required for all projects. Use the following as a checklist for photographs of your project. Attach photographs to this document or as accompanying documents in your submission.</p> <ul style="list-style-type: none"> • Labeled, color, ground-level photographs of the project site: <input type="checkbox"/> Required • Labeled, color photograph of each location
--	--	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

		<p>where equipment would be attached to a building or structure: <input type="checkbox"/> Required</p> <ul style="list-style-type: none"> Labeled, color aerial photograph of the project site: <input type="checkbox"/> Required Labeled, color aerial photographs that show the extent of ground disturbance (if applicable): <input type="checkbox"/> Attached Labeled, color ground-level color photographs of the structure from each exterior side of the building/structure (applicable only if building/structure is more than 45 years old): <input type="checkbox"/> Attached <p>b. Are there technical drawings or site plans available? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <ul style="list-style-type: none"> If yes, attach: <input type="checkbox"/> Attached <p>Appendix A has guidance on preparing photographs for EHP review</p> <p>4. <input type="checkbox"/> Environmental documentation</p> <p>a. Is there any previously completed environmental documentation for this project at this proposed project site (e.g., Environmental Assessment, or wetland delineation, or cultural/archaeological study)? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <ul style="list-style-type: none"> If Yes, attach documentation with this form: <input type="checkbox"/> Attached <p>b. Is there any previously completed agency coordination for this project (e.g., correspondence with the U.S. Fish and Wildlife Service, State Historic Preservation Office, Tribal Historic Preservation Office)? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <ul style="list-style-type: none"> If Yes, attach documentation with this form: <input type="checkbox"/> Attached <p>c. Was a NEPA document was prepared for this project? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <ul style="list-style-type: none"> If Yes, what was the decision? (Check one, and please attach): <ul style="list-style-type: none"> <input type="checkbox"/> Finding of No Significant Impact (FONSI) from an Environmental Assessment (EA) or <input type="checkbox"/> Record of Decision (ROD) from an Environmental Impact Statement (EIS). Name of preparing agency: Date approved:
<p>Appendix A. Guidance for Supporting</p>	<p>Appendix B. Aerial Photography Guidance</p> <p>1. Obtain aerial photo; there are multiple online sources for aerial photos that are either free or request a nominal fee.</p>	<p>Photographs are a vital component of the EHP review process and add an additional level of understanding about the nature and scope of the project. They also provide pre-project documentation of site conditions. Please follow the guidance</p>

<p>Photographs for EHP Grant Submissions</p>	<ol style="list-style-type: none"> 2. Copy the aerial image. 3. Open Microsoft Paint, Power Point, or other graphics-oriented software and paste the aerial image on the canvas. 4. Using drawing tools such as line drawing, shapes, and fill colors, label exactly where facility security enhancements will be installed i.e. fencing, lighting, cameras. 5. Cut and paste completed drawing into Word document and explain details of the facility security enhancements. 6. An example of a completed product is provided below. <p>Applicant Name: X Bus Company Grant Program: FY 2008 Intercity Bus Security Grant Program Grant Number: 2008-XX-XX-0000</p> <p>Project Description: Facility Security Enhancements was awarded to X Bus Company in January 2009. Above are the enhancements that we wish to make to our facility. One camera will be installed. The building that the camera will be mounted on was built in 1975. The installation will include 6,412 linear feet of chain link security fencing. A total of 4 light posts will be installed. The light posts holes will cause 12” in diameter and 36” deep of ground disturbance.</p> <p>If there are known historic resources (buildings, structures, districts, sites, etc.) within sight of the facility, indicate their location on the aerial photograph also. The National Register of Historic Places can be reviewed at: http://nrhp.focus.nps.gov/natreghome.do?searchtype=natreghome.</p>	<p>provided below when preparing photographs for your EHP submission. The following pages provide examples of best practices used in earlier EHP submissions.</p> <p>Minimum requirements for photographs.</p> <ol style="list-style-type: none"> 1. Photographs should be in color. 2. Label all photographs with the name of facility, location (city/county, state) and physical location (physical address or latitude-longitude). 3. Label the photographs to clearly illustrate relevant features of the project, such as location of installed features (e.g., cameras, fences, sirens, antennas, generators) and ground disturbance. See examples below. 4. Identify ground disturbance. Adding graphics to a digital photograph is a means to illustrate the size, scope and location of ground disturbing activities. <p>Best Practices</p> <ol style="list-style-type: none"> 1. Provide photographs in a separate file. 2. Place no more than 2 pictures per page. 3. Compressing pictures files (such as with Microsoft Picture Manager) or saving the file in pdf format will reduce the size of the file and facilitate e-mail submissions. 4. Identify the photograph file with the project name so that it can be matched to the corresponding FEMA EHP screening form. 5. Maximum file size for enclosures should not exceed 12 MB. If the total size of files for an EHP submission exceeds 12 MB, send the submission in multiple e-mails. 6. If necessary, send additional photographs or data in supplemental e-mails. Please use the same e-mail subject line with the additional label: 1 of x, 2 of x, . . . x of x. <p>Options for Creating Photographs</p> <ol style="list-style-type: none"> 1. Obtain an aerial photo. There are multiple online sources for aerial photographs. 2. For the aerial photo, use the screen capture feature (Ctrl + Print Screen keys) and copy the image to photo editing software, such as Paint, or PhotoShop.1 Use that software to crop the image so the photo has the content necessary. 3. Open PowerPoint, or other graphics-oriented software, and paste the aerial or ground-level photograph on the canvas. 4. Use drawing tools, such as line drawing and shapes, to indicate the location of project features (for example: fencing, lighting, sirens, antennas, cameras, generators). 5. Insert text to label the features and to label the photograph.
-----------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

		<p>6. Use drawing tools to identify ground-disturbing activities (if applicable).</p> <p>7. Save the file with the project name or grant number so that it can be appropriately matched to the corresponding FEMA EHP screening form. Include this file with the EHP screening when submitting the project.</p> <p>Example Photographs</p> <p>Ground-level photographs of nearby historic structures and buildings. Consultation with the State Historic Preservation Office (SHPO) may be required for projects involving structures that are more than 50 years old, or are on the National Register of Historic Places. In that event, it will be necessary to provide a color, ground-level photograph of each side of the building/structure.</p>
