

**Appendix C - EPA Headquarters and EPA Region  
Burden and Cost**

Note: This appendix presents the total incremental burden and cost to EPA Headquarters and Regions (permitting authorities) over the three year period of the ICR. To calculate the average annual burden and cost presented in Section 6(e) of the ICR (Bottom Line Burden Hours and Cost Tables), the total incremental burden and cost presented in this appendix is divided by three.

Activity	User Type	Data Type	Number of Data Elements	Burden Per Data Element (min)	Cost Per Data Element	Burden Per Response (min)	Cost Per Response	Annual No. of Responses	No. of Affected Respondents	Number of Years Responding	Total Number of Responses	Total Burden (min)	Total Cost

<b>Other Activities Total</b>											<b>456</b>	<b>7,860,800</b>	<b>7,344,438</b>	
*For these activities, the total number of responses is italicized because the activity is related to a cost of the rule, but does not correspond to information that is submitted (i.e., a response). The italicized number represents the number of times the burden and cost for that activity is incurred, but is not counted in the response total.														
**Operations and Maintenance of the ICIS-NPDES system are conducted by technical staff, and therefore counted as a labor cost (rather than a capital cost) in the bottom line burden and cost.
