

The St. Louis Community Credit Union

CREDIT MATTERS

LOAN

*An affordable
option to build
or re-establish
your credit!*

**EVERYONE
QUALIFIES!**

How it works:

- St. Louis Community places \$600 into a restricted savings account.
- For 12 months, you make payments (about \$52 a month).
- As you make payments, funds are released from the savings account. You can either spend that money, or keep it in the savings account to build your own nest egg!
- Your positive payment history is reported to the credit bureaus, helping to raise your credit score!
