Nomination Form of Veterinary Shortage Situations for the Veterinary Loan
Repayment Program (VMLRP)**

1SUBJECT: Supporting Statement for Paperwork Reduction Act Submission for the Nomination Form of Veterinary Shortage Situations for the Veterinary Loan Repayment Program (VMLRP)

A. JUSTIFICATION

1. CIRCUMSTANCES MAKING COLLECTION OF INFORMATION NECESSARY

In January 2003, the National Veterinary Medical Service Act (NVMSA) was passed into law adding section 1415A to the National Agricultural Research, Extension, and Teaching Policy Act of 1997 (NARETPA). This law established a new Veterinary Medicine Loan Repayment Program (7 U.S.C. 3151a) authorizing the Secretary of Agriculture to carry out a program of entering into agreements with veterinarians under which they agree to provide veterinary services in veterinarian shortage situations.

The purpose of the program is to assure an adequate supply of trained food animal veterinarians in shortage situations and provide USDA with a pool of veterinary specialists to assist in the control and eradication of animal disease outbreaks.

The National Institute of Food and Agriculture (NIFA) will designate geographic and practice areas that have a shortage of food supply veterinarians in order to carry out the VMLRP goals of strengthening the nation's animal health infrastructure and supplementing the Federal response during animal health emergencies. NIFA will carry out NVMSA by entering into educational loan repayment agreements with veterinarians who agree to provide veterinary services in veterinarian shortage situations for a determined period of time.

Before NIFA educational loan repayment agreements can be issued, certain nomination information is required from State animal health officials. This information is obtained via a VMLRP Veterinarian Shortage Situation Nomination Form. Because the nominations submitted are reviewed by peer panelists, it is particularly important that the information be provided in a standardized fashion to ensure equitable treatment for all.

2. HOW, BY WHOM, AND PURPOSE FOR WHICH INFORMATION IS TO BE USED

NIFA will publish a solicitation (in the Federal Register and on the NIFA website) for the veterinarian shortage situations. State animal health officials will submit the necessary information to NIFA using the Veterinarian Shortage Situation Nomination form.

NIFA will convene a panel of food supply veterinary medicine experts from Federal and state agencies, as well as institutions receiving Animal Health and Disease Research Program funds under section 1433 of NARETPA, who will review the nominations and make recommendations to the NIFA Program Manager.

3. USE OF IMPROVED INFORMATION TECHNOLOGIES

NIFA will provide this form on its website as a PDF-fillable form when the solicitation for VMLRP Veterinarian Shortage Situations is published in the *Federal Register*. Submissions are accepted via a dedicated mailbox www.vmlrp@nifa.usda.gov.

4. EFFORTS TO IDENTIFY DUPLICATION

This is the first and only loan repayment program for NIFA. There is no similar information available which can be used or modified to meet the information needs of this program. The information requested is specific to the program and need only be submitted when nominating a position for a veterinarian shortage situation for the Veterinary Medicine Loan Repayment Program.

5. METHODS TO MINIMIZE BUDGET OF SMALL BUSINESSES OR ENTITIES

Small Businesses are not impacted by this information collection.

6. CONSEQUENCE IF INFORMATION COLLECTION WERE LESS FREQUENT

State animal health officials submit VMLRP Veterinarian Shortage Situation Nomination forms, only when NIFA requests nominations for a designated veterinarian shortage situation. NIFA will normally request submission of nominations on an annual basis, however, NIFA reserves the right to solicit veterinarian shortage situations every two or three years, as appropriate. The submission of information must be timely in order to receive nominations in NIFA, properly screen nominations, and to accomplish steps to establish and carry out the evaluation process.

7. SPECIAL CIRCUMSTANCES FOR INFORMATION COLLECTION

- Requiring respondents to report information to the agency more often than quarterly:

The agency does not require respondents to report information on a quarterly basis but rather on a situational basis.

- Requiring respondents to prepare a written response to a collection of information in fewer than 30 days after receipt of it.

- In connection with a statistical survey, that is not designed to produce valid and reliable results that can be generalized to the universe of study;

This information collection does not include statistical surveys.

- Requiring the use of a statistical data classification that has not been reviewed and approved by OMB;

This information collection does not require the use of statistical data classification that has not been reviewed and approved by OMB.

- That includes a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use;

This information collection does not require a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use.

- Requiring respondents to submit proprietary trade secret, or other confidential information unless the agency can demonstrate that it instituted procedures to protect the information's confidentiality to the extent permitted by law.

This information collection does not require respondents to submit proprietary trade secret, or other confidential information.

8. FEDERAL REGISTER NOTICE

The notice for this proposed information collection appeared in the *Federal Register* on Monday, April 22, 2013 (74 FR 32788). NIFA did not receive any *Federal Register* comments.

CONSULTATIONS WITH PERSONS OUTSIDE THE AGENCY

There were no consultations with persons outside the Agency.

9. DECISION TO PROVIDE ANY PAYMENT OR GIFT TO RESPONDENTS, OTHER THAN REMUNERATION OF CONTRACTORS OR GRANTEEES

The agency does not provide payment or gift to respondents.

10. CONFIDENTIALITY PROVIDED TO RESPONDENTS

The information collection will be handled in accordance with the Freedom of Information Act and the Privacy Act.

11. QUESTIONS OF A SENSITIVE NATURE

None of the information requested on the, VMLRP Veterinarian Shortage Situation Nomination Form is of a sensitive nature.

12. ESTIMATE OF BURDEN

It is estimated that it will take approximately two hours to complete the PDF-fillable form with checkboxes and text-limiting fields to minimize the overall burden.

ANNUALIZED COSTS TO RESPONDENTS

Based on the median salary of a state government employed veterinarian of \$70,000 or an hourly wage of \$33.65, NIFA estimates the total annual cost burden to respondents for the value of their time to complete and submit a nomination to be \$16,152 (\$33.65 x 480).

Form	No. of Respondents	Annual Frequency per Response	Total Annual Responses	Hours per Response	Total Hours
VMLRP Veterinarian Shortage Situation Nomination	60	1-8 (average of 4)	240	2.0	480

The median salary was derived from PayScale (<http://www.payscale.com/research/US/Job=Veterinarian/Salary>).
