TART CHERRY NOMINATION PETITION FORM

TO TART CHERRY GROWERS AND HANDLERS:

Marketing Order 930 (Order), regulating the handling of tart cherries in Michigan, New York, Pennsylvania, Oregon, Utah, Washington, and Wisconsin became effective on _____

The Department of Agriculture (Department) is conducting the nomination and election process for membership on the 18-member Cherry Industry Administrative Board (Board) for the initial terms of office. The Order provides authority for tart cherry growers and handlers in each of the nine districts to submit their names for nomination for membership on the Board. Submitted names of each eligible candidate will be placed on separate handler and grower ballots which will, in turn, be mailed first to tart cherry handlers, then to tart cherry growers.

The Department will select 17 of the initial members of the Board from the growers and handlers receiving the greatest number of votes within each district. The Order also provides that all industry members have the opportunity to submit names for the public member and alternate public member positions. The newly elected Board will then have the responsibility of electing the public member and alternate at its first meeting.

If you are interested in submitting your name for nomination to the Board as a grower or handler member or alternate grower or handler member for the initial one-, two-, or three-year term of office, please read the following information and submit the completed nomination petition form to the Northwest Marketing Field Office. The completed nomination petition form must be received by the Department no later than the close of business on _____. If you know of any eligible individuals who might be interested in serving on the Board in the public member or alternate public member positions, please submit their names in the spaces provided.
