Will your entity bill Medicaid for drugs purchased at 340B drug prices?

Yes No

If "Yes," please provide the Pharmacy/Clinic Medicaid Provider Number(s) and/or National Provider Identifier(s) (NPI) used to bill Medicaid for 340B drugs (*please include the number(s) and State*):

Medicaid Provider Number(s) _____ and/or _____

National Provider Identifier(s) _____ and/or _____

If your entity bills Medicaid for 340B drugs that may be subject to a payment of a Medicaid rebate to a state, you must submit to OPA the pharmacy/clinic Medicaid number and/or NPI which is used to bill Medicaid for outpatient drugs. If you are unsure of your Medicaid billing number and/or NPI, please check with your State Medicaid agency. It is important that your Medicaid billing status is accurate in the 340B database Medicaid Exclusion File to prevent Medicaid rebates on drugs that were purchased under the 340B Drug Pricing Program and to ensure that the state Medicaid Agency has accurate information for those drugs not purchased under the 340B Program. You must notify OPA prior to any change in your Medicaid billing status.

Please choose one of the following:

- The hospital will purchase orphan drugs under the 340B Program and maintain auditable records to demonstrate compliance with the orphan drug exclusion.
- The hospital cannot or does not wish to maintain auditable records regarding compliance with the orphan drug exclusion and will purchase all orphan drugs outside of the 340B Program regardless of the indication for which the drug is used.
