

HSN ong Term Care Facility Component—Annual Facility Survey

Page 1 of 2			
*required for saving	Tracking #:		
Facility ID:	*Survey Year:		
*National Provider ID:	State Provider #:		
Facility Characteristics			
*Ownership (check one):	_	_	
□ For profit □ Not for profit, including church	Government (not VA)	Uveterans Affairs	
*Certification (check one):	_	_	
	Medicaid only	State only	
*Affiliation (check one):			
☐ Multi-facility organization (chain) ☐ Hospital system, attached ☐ Hospital system, free-standing			
In the previous calendar year:			
*Average daily census:			
*Total number of chart clay recidents:	longth of ctay for chart ctay	v racidante:	
*Total number of short-stay residents: Average length of stay for short-stay residents: *Total number of long-stay residents: Average length of stay for long-stay residents:			
Average length of stay for long-stay residents			
*Total number of new admissions:			
*Number of Beds: *Number of Pediatric Beds (age <21):			
*Indicate which of the following primary service types are provided by your facility. On the day of this survey, indicate			
the number of residents receiving those services (list only one service type per resident, i.e. total should sum to resident census on day of survey completion):			
Primary Service Type Se	ervice provided? Number	of residents	
a. Long-term general nursing:			
b. Long-term dementia:			
c. Skilled nursing/Short-term (subacute) rehabilitation:			
d. Long-term psychiatric (non dementia):			
e. Ventilator:			
f. Bariatric:			
g. Hospice/Palliative:			
h. Other:			
Infection Control Practices			
*Total staff hours per week dedicated to infection control activity	/ in facility:		
a. Total hours per week performing surveillance:			
b. Total hours per week for infection control activities other th	nan surveillance:	_	
	and a start that a start start start as	Continued >>	
Assurance of Confidentiality: The voluntarily provided information obtained in this surveillance system that would permit identification of any individual or institution is collected with a guarantee that it will be held in strict confidence, will be used only for the purposes stated, and will not otherwise be disclosed or released without the consent of the individual, or the institution in accordance with Sections 304, 306 and 308(d) of the Public Health Service Act (42 USC 242b, 242k, and 242m(d)).			
Public reporting burden of this collection of information is estimated to average 45 minutes per response, including the time for reviewing instructions, searching existing			
data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate			
or any other aspect of this collection of information, including suggestions for reducing this burden to CDC, Reports Clearance Officer, 1600 Clifton Rd., MS D-74, Atlanta, GA 30333, ATTN: PRA (0920-0666).			
Atlanta, GA 30333, ATTN: PRA (0920-0666). CDC 57.137 (Front) Rev 2 v7.1			

Long Term Care Facility Component—Annual Facility Survey Page 2 of 2 Facility Microbiology Laboratory Practices			
If No, where is your facility's antimicrobial suscer			
 Affiliated medical center, within sam Commercial referral laboratory 	he health system U Medical center, contracted locally		
*2. Indicate whether your facility screens new admissio (check all that apply)	ns for any of the following multidrug-resistant organisms:		
\Box We do not screen new admissions for MDROs	S		
□ Methicillin-resistant Staphylococcus aureus (N	/IRSA)		
If checked, indicate the specimen types sent	for screening: (check all that apply)		
\Box Nasal swabs \Box Wound swabs	\Box Sputum \Box Other skin site		
Vancomycin-resistant Enterococcus (VRE) If checked, indicate the specimen types sent	for screening: (check all that apply)		
\Box Rectal swabs \Box Wound swabs			
 Multidrug-resistant gram-negative rods (incluc resistant Acinetobacter, etc.) If checked, indicate the specimen types sent Rectal swabs Wound swabs 	les carbapenemase resistant Enterobacteriaceae; multidrug- for screening: (check all that apply)		
	•		
laboratory where your facility's testing is performed	sed most often by your facility's laboratory or the outside d? (check one)		
Enzyme immunoassay (EIA) for toxin	\Box GDH plus NAAT (2-step algorithm)		
□ Cell cytotoxicity neutralization assay	GDH plus EIA for toxin, followed by NAAT for discrepant results		
 Nucleic acid amplification test (NAAT) (e.g., PCR, LAMP) LAMP, Toxigenic culture (<i>C. difficile</i> culture followed by detection of toxins) 			
Glutamate dehydrogenase (GDH) antigen plus EIA for toxin (2-step algorithm)	Other (specify):		
	ference laboratories, or the brand names of <i>C. difficile</i> tests; most options provided. Please ask your laboratory, refer to the Tables of ance on selecting the correct option to report.)		
Electronic Health Record Utilization			
*Indicate whether any of the following are available in a	an <u>electronic health record</u> (check all that apply):		
Microbiology lab culture and antimicrobial susceptibility results	\Box Medication orders		
☐ Medication administration record	\Box Resident vital signs		
\Box Resident admission notes	□ Resident progress notes		
Resident transfer or discharge notes	\Box None of the above
