Attachment H: Household Survey for General Public_ Study Screener

Public reporting burden of this collection of information is estimated to average 25 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-xxxx)

Study Screener

Samptype = 1 = Address Based Sample we matched to a phone number

Samptype = 2 = Phone numbers received from return postcards from non-matched address based sample

//ask all//

Introduction:

HELLO, I am calling on behalf of the Centers for Disease Control and Prevention. My name is **(name)**. We are gathering information from residents of communities that have been affected by tornadoes. Your household has been chosen randomly, and I would like to ask some questions about how your health and well-being were affected by tornados that hit the area in April 2011. This call may be monitored and recorded for quality control.
