

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Meeting of the Presidential Advisory Council on HIV/AIDS

AGENCY: Office of the Assistant Secretary for Health, Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: As stipulated by the Federal Advisory Committee Act, the U.S. Department of Health and Human Service (DHHS) is hereby giving notice that the Presidential Advisory Council on HIV/AIDS (PACHA) will hold a meeting to discuss the Ryan White Program. The meeting will be open to the public.

DATES: The meeting will be held on September 18–19, 2013 from 9:00 a.m. to approximately 5:30 p.m. (EDT).

ADDRESSES: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Washington, DC 20201.

FOR FURTHER INFORMATION CONTACT: Ms. Caroline Talev, Public Health Analyst, Presidential Advisory Council on HIV/AIDS, Department of Health and Human Services, 200 Independence Avenue SW., Room 443H, Hubert H. Humphrey Building, Washington, DC 20201; phone: (202) 205–1178; email caroline.talev@hhs.gov. More detailed information about PACHA can be obtained by accessing the Council's Web site www.aids.gov/pacha.

SUPPLEMENTARY INFORMATION: PACHA was established by Executive Order 12963, dated June 14, 1995, as amended by Executive Order 13009, dated June 14, 1996. The Council was established to provide advice, information, and recommendations to the Secretary regarding programs and policies intended to promote effective prevention and cure of HIV disease and AIDS. The functions of the Council are solely advisory in nature.

The Council consists of not more than 25 members. Council members are selected from prominent community leaders with particular expertise in, or knowledge of, matters concerning HIV and AIDS, public health, global health, philanthropy, marketing or business, as well as other national leaders held in high esteem from other sectors of society. Council members are appointed by the Secretary or designee, in consultation with the White House Office on National AIDS Policy. The agenda for the upcoming meeting will be posted on the Council's Web site at www.aids.gov/pacha.

Public attendance at the meeting is limited to space available. Individuals

who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the designated contact person. Due to space constraints, pre-registration for public attendance is advisable and can be accomplished by contacting Caroline Talev at caroline.talev@hhs.gov by Wednesday, September 11, 2013. Members of the public will have the opportunity to provide comments at the meeting. Any individual who wishes to participate in the public comment session must register with Caroline Talev at caroline.talev@hhs.gov; registration for public comment will not be accepted by telephone. Individuals who register to participate in the public comments session are encouraged to provide a hard copy of their comments to ensure accuracy of this information in the minutes developed for the meeting. The hard copy of the comments can be brought to the meeting and given to the designated PACHA staff member or sent in advance of the meeting to Caroline Talev at caroline.talev@hhs.gov. Public comment will be limited to two minutes per speaker. Any members of the public who wish to have printed material distributed to PACHA members at the meeting should submit, at a minimum, one copy of the materials to Caroline Talev, no later than close of business Wednesday, September 11, 2013.

Dated: July 24, 2013.

B. Kaye Hayes,

Executive Director, Presidential Advisory Council on HIV/AIDS.

Agency for Healthcare Research and Quality

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Agency for Healthcare Research and Quality, HHS.

ACTION: Notice.

SUMMARY: This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) approve the proposed information collection project: “*Evaluation of the Children’s Health Insurance Program Reauthorization Act of 2009 (CHIPRA) Quality Demonstration Grant Program: Survey Data Collection.*” In accordance with

the Paperwork Reduction Act, 44 U.S.C. 3501–3521, AHRQ invites the public to comment on this proposed information collection.

This proposed information collection was previously published in the **Federal Register** on May 31st, 2013 and allowed 60 days for public comment. No comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

DATES: Comments on this notice must be received by September 13, 2013.

ADDRESSES: Written comments should be submitted to: AHRQ’s OMB Desk Officer by fax at (202) 395–6974 (attention: AHRQ’s desk officer) or by email at OIRA_submission@omb.eop.gov (attention: AHRQ’s desk officer). Copies of the proposed collection plans, data collection instruments, and specific details on the estimated burden can be obtained from the AHRQ Reports Clearance Officer.

FOR FURTHER INFORMATION CONTACT: Doris Lefkowitz, AHRQ Reports Clearance Officer, (301) 427–1477, or by email at doris.lefkowitz@AHRQ.hhs.gov.

SUPPLEMENTARY INFORMATION:

Proposed Project

Evaluation of the Children’s Health Insurance Program Reauthorization Act of 2009 (CHIPRA) Quality Demonstration Grant Program: Survey Data Collection

The Children’s Health Insurance Program Reauthorization Act of 2009 (CHIPRA), Public Law 111–3, included funding for five-year grants so that States could experiment with and evaluate several promising ideas related to improving the quality of children’s health care in Medicaid and CHIP. In February 2010, the Centers for Medicare & Medicaid Services (CMS) announced the award of 10 demonstration grants to States that convincingly articulated an achievable vision of what they could accomplish by the end of the five-year grant period, described strategies they would use to achieve the objectives, and explained how the strategies would achieve the objectives. Applicants were encouraged by CMS to address multiple grant categories (described below) and to partner with other States in designing and implementing their projects.

Of the 10 grantee States selected, six are partnering with other States, for a total of 18 demonstration States. The demonstration States are: Colorado (partnering with New Mexico); Florida (with Illinois); Maine (with Vermont); Maryland (with Wyoming and Georgia); Massachusetts; North Carolina; Oregon

(with Alaska and West Virginia); Pennsylvania; South Carolina; and Utah (with Idaho).

These demonstration States are implementing 51 distinct projects in at least one of five possible grant categories, A to E. Category A grantees are experimenting with and/or evaluating the use of pediatric quality measures, including those in the initial core set of children’s health care quality measures (a group of measures developed for state Medicaid and CHIP agencies to report in a standardized fashion to CMS). Category B grantees are promoting health information technologies for improved care delivery and patient outcomes. Category C grantees are implementing person-centered medical homes or other provider-based levels of service delivery. Category D grantees will evaluate the impact of a model pediatric electronic health record. Category E grantees are testing other State-designed approaches to quality improvement in Medicaid and CHIP.

AHRQ’s goal in supporting an evaluation of the CHIPRA Quality Demonstration Grant Program is to provide insight into how best to implement quality improvement programs as well as information on how successful programs can be replicated to improve children’s health care quality in Medicaid and CHIP. The specific goals of this project are as follows:

1. Identify CHIPRA State activities that measurably improve the nation’s health care, especially as it pertains to children.
2. Develop a deep, systematic understanding of how CHIPRA demonstration States carried out their grant-funded projects.

3. Understand why the CHIPRA demonstration States pursued certain strategies.

4. Understand whether and how the CHIPRA demonstration States’ efforts affected outcomes related to knowledge and behavior change in targeted providers and/or consumers of health care.

This study is being conducted by AHRQ through its contractor, Mathematica Policy Research Inc., and their subcontractors, the Urban Institute and AcademyHealth, pursuant to AHRQ’s statutory authority to conduct and support research on health care and on systems for the delivery of such care, including activities with respect to the quality, effectiveness, efficiency, appropriateness and value of healthcare services and with respect to quality measurement and improvement. 42 U.S.C. 299a(a)(1) and (2).

Method of Collection

To meet these goals AHRQ has designed a comprehensive evaluation that will make the best use of qualitative and quantitative research methods. The evaluation will include a survey of pediatricians and family physicians. This survey will include a random sample of physicians in Massachusetts, North Carolina, Ohio, and Pennsylvania. The questionnaire includes questions that support an analysis of (1) Physician attitudes towards specific strategies and resources aimed at improving the quality of care provided to pediatric patients; (2) the extent to which physicians’ practices have attempted to implement changes in order to improve the quality of care provided to pediatric patients; (3) physician attitudes towards the utility of receiving performance

feedback on nine of measures in the core quality measure set that are most relevant to primary care; (4) perceived usefulness of quality-of-care reports received by physician practices; (5) current practices and attitudes towards pay-for-performance financial incentive systems based on quality measure outcomes; (6) physicians’ uses of and attitudes towards electronic health records (EHR) in quality measurement and improvement; (7) current and expected medical home accreditation processes; and (8) physician and practice demographic information. These data will be analyzed in conjunction with CMS claims data to gain insight on physician perspectives on quality measures and quality reporting and foster understanding of the strategies and resources that seemed to contribute most (or least) to those outcomes.

A separate information collection request will be submitted for interviews and focus groups that are part of this evaluation. Administrative and survey data will be analyzed with descriptive and inferential techniques appropriate to answering questions about outcomes and impacts.

Estimated Annual Respondent Burden

Exhibit 1 shows the estimated annualized burden hours for the respondents’ time to participate in this evaluation. The survey will be completed by 1,200 pediatricians and family physicians working in primary care settings in four States (300 per State) and takes 15 minutes to complete. The total burden is estimated to be 300 hours.

EXHIBIT 1—ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Hours per response	Total burden hours
Pediatrician and Family Physician Survey	1,200	1	15/60	300
Total	1,200	n/a	n/a	300

Exhibit 2 shows the estimated annualized cost burden associated with the respondents’ time to participate in

this evaluation. The total cost burden is estimated to be \$25,578.

EXHIBIT 2—ESTIMATED ANNUALIZED COST BURDEN

Form name	Number of respondents	Total burden hours	Average hourly wage rate *	Total cost burden
Pediatrician and Family Physician Survey	1,200	300	\$85.26	\$25,578

EXHIBIT 2—ESTIMATED ANNUALIZED COST BURDEN—Continued

Form name	Number of respondents	Total burden hours	Average hourly wage rate *	Total cost burden
Total	1,200	300	n/a	25,578

*Based upon the higher of the two means of the hourly wages for general and family practitioners and general pediatricians, National Compensation Survey: "May 2011 National Occupational Employment and Wage Estimates, United States." U.S. Department of Labor, Bureau of Labor Statistics.

Request for Comments

In accordance with the Paperwork Reduction Act, comments on AHRQ's information collection are requested with regard to any of the following: (a) Whether the proposed collection of information is necessary for the proper performance of AHRQ health care research and health care information dissemination functions, including whether the information will have practical utility; (b) the accuracy of AHRQ's estimate of burden (including hours and costs) of the proposed collection(s) of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information upon the respondents, including the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the Agency's subsequent request for OMB approval of the proposed information collection. All comments will become a matter of public record.

Dated: August 2, 2013.

Carolyn M. Clancy,
AHRQ Director.

SUPPLEMENTARY INFORMATION:

Proposed Project

Collection of Information for Agency for Healthcare Research and Quality's (AHRQ) Consumer Assessment of Healthcare Providers and Systems (CAHPS) Health Plan Survey Comparative Database

Request for information collection approval. The Agency for Healthcare Research and Quality (AHRQ) requests that the Office of Management and Budget (OMB) reapprove, under the Paperwork Reduction Act of 1995, AHRQ's collection of information for the AHRQ Consumer Assessment of Healthcare Providers and Systems (CAHPS) Database for Health Plans: OMB Control number 0935-0165, expiration July 31, 2013. The CAHPS Health Plan Database consists of data from the AHRQ CAHPS Health Plan Survey. Health plans in the U.S. are asked to voluntarily submit data from the survey to AHRQ, through its contractor, Westat. The CAHPS Database was developed by AHRQ in 1998 in response to requests from health plans, purchasers, and the Centers for Medicare & Medicaid Services (CMS) to provide comparative data to support

public reporting of health plan ratings, health plan accreditation and quality improvement.

Background on the CAHPS Health Plan Survey. The CAHPS Health Plan Survey is a tool for collecting standardized information on enrollees' experiences with health plans and their services. The development of the CAHPS Health Plan Survey began in 1995, when AHRQ awarded the first set of CAHPS grants to Harvard, RTI, and RAND. In 1997 the CAHPS 1.0 survey was released by the CAHPS Consortium. The CAHPS Consortium refers to the research organizations involved in the development, dissemination, and support of CAHPS products. The current Consortium includes AHRQ, CMS, RAND, Yale School of Public Health, and Westat.

Since that time, the Consortium has clarified and updated the survey instrument to reflect field test results; feedback from industry experts; reports from health plan participants, data collection vendors, and other users; and evidence from cognitive testing and focus groups. In November 2006, the CAHPS Consortium released the latest version of the instrument: the CAHPS Health Plan Survey 4.0. The development of this update to the Health Plan Survey has been part of the "Ambulatory CAHPS (A-CAHPS) Initiative," which arose as a result of extensive research conducted with users. AHRQ released the CAHPS Health Plan Survey 4.0, along with guidance on how to customize and administer it. The National Quality Forum endorsed the 4.0 version of the Health Plan Survey in July 2007.

Rationale for the information collection. The CAHPS Health Plan Database uses data from AHRQ's standardized CAHPS Health plan survey to provide comparative results to health care purchasers, consumers, regulators and policy makers across the country. The Database also provides data for AHRQ's annual National Healthcare Quality and National Healthcare Disparities Reports. Voluntary participants include public and private employers, State Medicaid agencies, State Children's Health Insurance
