they were either created in my capacity as a Federal Government employee and are therefore in the U.S. public domain or they were created by me alone in my private capacity and automatically qualify for a U.S. copyright. If a U.S. copyright presently applies to any item listed above, I agree to irrevocably dedicate that or those copyrights to the public domain. As a result, the USGS, or anyone else, may freely publish, reproduce, use and/or distribute these creations in any media at no cost and without temporal or geographic restriction. If the USGS uses any of these creations in its products or services, it agrees to credit the provider. I, the provider, understand that if the foregoing representations concerning copyright ownership are determined to be incorrect or false, resulting in the USGS or the U.S. Government being sued for copyright infringement, I agree to indemnify the USGS and/or the U.S. Government for any resulting out-of-pocket expenses arising from defending and/or settling such litigation.

Uploaded photos will be displayed with the specimen record you are reporting. These photos may also be used in presentations or other products.

By uploading your photos, you are agreeing to these uses.

Please answer the following random question for security purposes:

What is one thousand three hundred and forty nine as digits? 

OMB Control Number: 1028-0098

Expiration Date: 12/31/2013

PAPERWORK REDUCTION ACT STATEMENT: The Paperwork Reduction Act requires us to tell you why we are collecting this information, how we will use it, and whether or not you have to respond. The information that we are collecting will be used by the U.S. Geological Survey to monitor and provide information concerning the status, distribution, and potential impacts of non-native aquatic organisms in accordance with the *Nonindigenous Aquatic Nuisance Control and Prevention Act of 1990 - Public Law 101-646 (Nov 29, 1990)*. Your responses are voluntary. A Federal agency may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB Control Number. We estimate that it was take an average of 10 minutes per response, including the time for reviewing the instructions and completing the form. You may send comments concerning the burden estimates or any aspect of this information collection to the USGS Information Collection Clearance Officer, 2150 Centre Avenue, Fort Collins, CO 80525.

PRIVACY ACT STATEMENT: You are not required to provide your personal contact information in order to submit a sighting. However, if you do not provide contact information, we may be unable to contact you for additional information to confirm and verify your sighting. If you do provide contact information, this information will only be used to initiate follow-up communications with you. The records for this collection will be maintained in the appropriate Privacy Act System of Records identified as Computer Registration System. (INTERIOR/USGS-20) published at 74 FR
