KEY TO CHART: IFLE IRIS SYSTEM SHARED AND INDIVIDUAL SCREENS BY PROGRAM AND REPORT TYPE

SCREEN NAME

In general, screen names are listed on this spreadsheet how they appear in IRIS. One exception is the budget screens. For DDRA and FRA Fellows, the Awarded Budget and the Final Budget screens are considered as "Budget." Where there is a significant difference, each version of the screen name appears separately.

TYPE OF SCREEN

The type of screen is identified. Narrative screens are identified with an "N" in the **Type** column; data screens are identified with a "D," and budget screens with a "B." Screens such as "Update Password" and "Additional Contacts" are listed as "O" for "other."

REPORT TYPE

In the **Report Type** column, three reports are listed (please see below for definitions of each report type). If a particular screen is required for a report, it is listed as "R" and is displayed in bold text with pink highlighting. If the screen is used on one report, but is displayed and updateable on other reports, "UPD" appears in the cell, which is highlighted in blue. If the screen is not used for any reports for a program, or if the program does not use that particular report (NCC or Interim), the cell is shown crossed out with diagonal lines. If a cell is blank, the screen is not used for that report, but does appear on the other reports completed for the program.

NCC: For the purposes of this spreadsheet, NCC refers to the spring report. This is the report used by Program Officers to decide whether or not the project is meeting goals and objectives, and whether or not funding should be approved for the next project year (if a multi-year grant).

INT: For the purposes of this spreadsheet, for all programs other than DDRA, FRA, GPA, and SA, Interim refers to the fall report. For DDRA Fellow, FRA Fellow, GPA Director (annual only) and SA, the pre-fellowship or pre-seminar portion of the report is considered as the Interim.

FIN: The final report is due 90 days after the grant ends. All programs have this report.

AS NEEDED: Screens such as "Additional Contacts" and "Update Password" are not tied to a particular report. As such, these are listed under "As Needed" because the grantee uses them only as necessary.

In general, narrative screens are submitted on the NCC (spring) report, and are updatable on the interim (fall) report, with the original narrative entered displayed on the screen. In general, data screens are submitted on the interim and final reports. For most programs, budgets are submitted on all reports (both the grid and a spreadsheet upload).
