Public reporting burden of this collection of information is estimated to average 2 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC Reports Clearance Officer, 1600 Clifton Road, MS-74, Atlanta, GA 30333, ATTN: PRA (0920-0828).

**Additional Information:**

TRAINING: Don't Know/Not sure and Refused are not allowed. If the person answering the phone doesn't know the answers to the questions, attempt to get someone else to the phone and re-read the introductory text. If no one is available, schedule a callback. **If the person answering the phone refuses to answer these questions or breaks off a call, code the Screener as a Refusal or other appropriate disposition. This is true throughout the Screener.**

Home use includes a phone which serves a house, apartment, or condominium. If the phone serves a residence such as barracks, dorm, or nursing home, code as business use only.

L3. The CDC uses the data collected by this study to develop more effective public health programs. Your household's participation is voluntary and important to the success of this study.

First, I need to randomly select one adult who lives in your household to be interviewed. Including yourself, how many adults age 18 and older currently live in this household? Please do not include students living away at school.

[IF NEEDED: Include adults who think of this household as their primary place of residence. Include adults who usually stay in the household but are temporarily away on business, vacation, or in a hospital.]

IF SELECTED RESPONDENT PROVIDES IDENTIFIER, CONTINUE WITH:

We're gathering information on health and tobacco from selected people across the United States. Your phone number has been chosen randomly from a list of all telephone numbers in the U.S.

Your participation in the study is voluntary. You don't have to answer any question you don't want to, and you can end the interview at any time. I won't ask for your full name, address, or other personal information that can identify you.

The interview takes about 15 to 25 minutes to complete, depending on your situation.

There are no known risks to you for taking part in this interview. There are no direct benefits to you for taking part in this interview, but your answers are important and will help the CDC better understand health issues and plan health programs. Your answers will be maintained in a secure manner. Any information that might identify you, such as your telephone number, will never be linked to your answers and will not appear in any written reports or publications.

If you have any questions about this survey, I will provide a telephone number for you to call to get more information.

This call may be monitored for quality assurance.
