**Graduate Medical Education Alumni Survey
(OMB # 0925-0602; expires 8/31/2012)**

Please take a few minutes to complete the survey below, which will ask about your current work experience and other accomplishments. It will also invite you to retrospectively evaluate your training program and serve, if you are agreeable, to be a resource or advisor to current and future trainees in your program.

Through this survey, the NIH Graduate Medical Education Program is collaborating with your program to (a) identify opportunities that will enhance the clinical research training we provide our residents and fellows and (b) stay better connected with you and the other graduates of our clinical training programs.

Please note that the information you share with us will only be accessible to authorized GME staff. When reported external to the GME office as part of our quality improvement process, all feedback will be anonymous and reported in the aggregate.

Thank you for helping us to improve and stay connected.
