SUBJECT: DMDC Review of Boren Scholarship and Fellowship Package for
OMB Approval

As requested, DMDC has reviewed the subject study protocol and its supporting materials as part of the OMB submission process through WHS. The concerns raised in our reviews have been adequately addressed. Our recommendation to WHS/ESD is that the study protocol and the data collection materials are sufficiently designed and developed in order to be sent forward as required to obtain OMB approval for this Public Information Collection.

The point of contact for this review is Dr. Paul Rosenfeld, 571-372-0987,
