

Dear Boren Scholar or Fellow,

When you became a Boren awardee, you entered an elite group of the nation's best and brightest. As such, the National Security Education Program invites you to take part in a survey conducted for us by the Center for Naval Analyses (CNA).

The purpose of this survey is to evaluate the Boren Awards program by identifying where alumni currently work and how their careers have developed since completing their service requirement. This is your chance to express your views regarding Boren Awards. As a recipient of such a selective award, your response is extremely important as we review programmatic outcomes and effectiveness.

Your response is voluntary and anonymous. The information you provide will be statistically summarized with the responses of others and will not be attributable to any single individual. We are sending you the survey electronically via a secure internet site. It should only take about 15 minutes to complete. Please click the link below to connect to the secure internet site. When prompted, please use the following username and password to access the survey:

Your username is: <<DISPLAY EMAIL ADDRESS>>

Your password is: <<DISPLAY EMAIL ADDRESS>>

If you have problems accessing the survey website, or have any questions about the study, please contact CNA study director, Ms. Jessica Wolfanger, at 1-800-344-0007 (x2842) or at wolfanj@cna.org.

Thank you for your input.

Best Regards,

The National Security Education Program Service Team
