### Conditions of Use and Logon

This is a U.S. Federal Government system and shall be used only by authorized persons for authorized purposes. Users do not have a right to privacy in their use of this government system. System access, activity, and information stored or transmitted may be monitored for adherence to acceptable use policy. Users of this system hereby consent to such monitoring. Improper or illegal use detected may result in further investigation for possible disciplinary action, civil penalties, or referral to law enforcement for criminal prosecution. This system contains non-public information that must be protected from unauthorized access, disclosure, sharing, and transmission violation of which can result in disciplinary action, fines, and/or criminal prosecution.

By logging into this application, I understand and agree to use the application in the manner in which it is intended. I agree to keep my user ID or password secured, not allowing others access. Unauthorized access to information or information systems is prohibited. Failure to comply with these rules will result in loss of access.

**Funded FOA users: Type the User ID and password assigned to you for this application.**

- Passwords are case-sensitive.
- For security reasons, a period of 45 or more minutes of inactivity requires that you log in again.
- After 5 unsuccessful attempts to log in, your account will be temporarily locked for 15 minutes.

### DELTA FOCUS Funding Opportunity Announcement OMB Information:

Form Approved: OMB 0920-0968

Expiration Date: 5/31/2016

Public reporting burden of this collection of information varies from 3 to 15 hours with an estimated average of 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0968)

### Comprehensive Cancer Control Funding Opportunity Announcement OMB Information:

Form Approved: OMB 0920-0841

Expiration Date: 3/31/2016

Public reporting burden of this collection of information varies from 3 to 6 hours with an estimated average of 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, GA 30333; ATTN: PRA (0920-0841)

### Collaborative Funding Opportunity Announcement OMB Information:

Form Approved: OMB 0920-0870

Expiration Date: 11/30/2013

Public reporting burden of this collection of information is estimated to average 6 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0870)

### Community Transformation Grant Funding Opportunity Announcement OMB Information:

Form Approved: OMB 0920-0946

Expiration Date: 8/31/2015

Public reporting burden of this collection of information varies from 3 to 15 hours with an estimated average of 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0946)

**Related Annual Objective:**    **C2.1 - Increase the percent of people with diabetes who call the Tobacco Quitline from 9% to 10% by March 2014.**

**Progress Period:**    **Second 6 Months**

**Objective's Target Met:**    **No**

**Current Measurement:**    **3**

**Describe Progress:**    **There were 3332 intakes to the Tobacco Quitline of which 86 were PWD, for a rate of 2.58%. However, 60 of the 86 PWD are in smoking cessation treatment for a rate of 69.77%.**

**Facilitating Factors of Success:**    **The diabetes program educates the public on tobacco smoking and usage cessation of all tobacco products at events and ensures smoking cessation literature is available to the public. The Quitline quit rate is 37%.**

**Barriers/Issues Encountered:**    **Data on people with prediabetes and gestational diabetes is not available due to funding reduction and staff reduction.**

**Plans to Overcome Barriers/Issues Encountered:**    **The Tobacco Program is pursuing additional grant opportunities.**

**Unanticipated Outcomes Resulting from the Objective:**    **Reduction in the length of smoking cessation treatment with nicotine replacement therapy was cut by one half.**
