

## Revisions to CMS IPF PRA Package from 2012 to Current Year 2013

Change #	Document	Changes to PRA Package	Reason for the Change
1.	Form 83 – Part 1	Selected different options in check boxes	Modify from “New Collection” based on this being a follow-on year for an existing program
2.	Form 83 – Part 1	Changed government labor required for program	Now that the program has been initiated, it is easier to make a realistic estimate of government labor required
3.	Form 83 – Part 2	Updated burden calculations	There are new measures for reporting that will change the burden
4.	Form 83 – Part 2	Marked burden as being increased due to OPDIV discretion	The addition of new measures is based on CMS discretion for implementing the program
5.	Supporting Statement A	Removed references to program initiation.	This is no longer a new collection, so previous language needed updates
6.	Supporting Statement A	Revised burden calculation	Recalculated burden to represent the new additions of measures to the program
7.	Vendor Authorization	Provided disclaimer to screen shots	Functionality has not been added to the system, so screen shots are mock-ups
8.	DACA	Changed year references	Make form representative of new program year
9.	Notification Letter	Broadened language regarding measures	Include newly added measures for the program
10.	Reconsideration Request	Provided disclaimer and updated language	Updated for new reporting year and language clarification
11.	Notice of Participation	Provided disclaimer and updated language	Updated for new reporting year and language clarification
12.	Extraordinary Circumstance	New Form	New Form
13.	Data Collection	Updated language	Updated for new reporting year and language clarification
14.	Decline to Participate	Updated language and created on line form	Updated for new reporting year and language clarification
