i. INTRODUCTION

INTERVIEWER SELECT STAFF NAME AND SITE NAME FROM DROP DOWN MENU.

PROGRAMMER: PRELOAD STAFF NAMES AND SITE NAMES.

INTERVIEWER: ASK PROGRAM STAFF: **Does he have at least one living biological child under 18 years of age?** IF YES, ASK PROGRAM STAFF TO PUT RESPONDENT ON THE PHONE AND START THE INTERVIEW. IF NO, TELL PROGRAM STAFF: **He is ineligible for the study because he does not have a living biological child under 18 years old.**

1. **Hello, my name is [INTERVIEWER NAME], and I work for Mathematica Policy Research. I understand that you are interested in [PROGRAM NAME] and the Parents and Children Together study. Is that correct?**

YES..... 1

NO..... 0 GO TO 6a

2. **Great. Thanks for taking the time to talk to me today. I would like to tell you a little bit more about the study, which is called PACT for short. Please stop me at any time if you have a question.**

The [PROGRAM NAME] program is part of the PACT study, a national study being conducted by the U.S. Department of Health and Human Services. The study is being done to learn more about which services help fathers build better relationships with their children and their families, as well as improve their economic stability. The Department of Health and Human Services asked a research team from Mathematica to assist with the study.

The [PROGRAM NAME] program is for fathers. If you want to be in the program, you have to agree to be a part of the PACT study. If you decide that you do not want to be a part of the study, you will not be able to participate in [PROGRAM NAME] program. You will be given information about other services that you can receive in the community.

If you decide to be in the [PROGRAM NAME] program and the study, I will ask you to complete a short survey on the telephone with me today. This will take about 30 minutes. You will receive \$10 in appreciation of your time.

Do you have any questions about what I've said so far?

YES..... 1

NO..... 0 GO TO 3

- 2a. **What is your question?**

INTERVIEWER: PRESS F10 TO ACCESS FAQ

3. Because the [PROGRAM NAME] program can only serve a limited number of fathers, a computer will randomly select whether or not you can participate in the program. The computer will place you into one of two groups. One of the groups will receive [PROGRAM NAME] program services at no cost to them. The other group will not receive [PROGRAM NAME] program services. The computer works like a flip of a coin—assignment to a group is completely random. The chance of being able to receive services is not influenced by what you say to program staff or to me. A staff member from [PROGRAM NAME] will let you know if you are assigned to the program group or not after today’s interview.

If you are not randomly assigned to participate in the [PROGRAM NAME] program, you will be provided with information on other services available to you in the community.

Do you have any questions at this time?

YES..... 1

NO..... 0 GO TO 4

3a. What is your question?

INTERVIEWER: PRESS F10 TO ACCESS FAQ

4. Regardless of whether you can participate in services or not, the research team at Mathematica will contact you again by phone in about twelve months. At that time, you will be asked to complete a survey about topics such as your relationships and interactions with your child or children, your relationship with other family members, your employment, and services you receive.

You may also be asked to participate in focus groups, in-person interviews and to complete check lists about interactions with your child. Researchers may also ask for permission to interview your child. You will receive money as a token of appreciation for the time you spend in these activities.

The decision to participate in the survey in 12 months, the interviews, and the check lists is voluntary and will have no effect on your participation in the program, and you can decide in 12 months whether to participate in the survey, interviews, and check lists then.

Do you have any questions now?

YES..... 1

NO..... 0 GO TO 5

4a. What is your question?

INTERVIEWER: PRESS F10 TO ACCESS FAQ

5. If you agree to be part of the study, it means you are giving permission for the [PROGRAM NAME] program to share information with the study team about you and the services you receive from the program. At any time, after you have been randomly assigned, you can call our study helpline to say that you no longer want the program to share information about you with the researchers, and that will have no effect on the services available to you.

The research team may also contact federal and state agencies for information about your employment and earnings, child support agreements, and criminal background.

Everything you tell the program staff or the researchers will be kept strictly private and will not be shared with anyone, except as required by law. However, if a person on the study team observes child abuse, it must be reported as required by law.

Only the researchers will be able to access information you give them and nothing will ever be said about you as an individual. Instead, information about you will be combined with information about everybody else in the study, so the researchers can say things like "30 percent of fathers in the program have two children."

Your participation in the study could help in providing services in the future to other fathers like you.

There are no known risks of participating in this study, except that you may feel uncomfortable answering some questions in the interviews. You can refuse to answer those questions if you wish, and it will not change your participation in the program.

Your participation in the program and the study is strictly voluntary.

6b. Your participation is important because it will help us learn about services for fathers like you in the future. All information we collect will be kept strictly private, and you will receive \$10 for completing the survey today. Will you reconsider and agree to participate in the PACT study?

YES, I WILL PARTICIPATE..... 1 GO TO A1

7. Thank you very much for your time. Can you please hand the phone back to the staff person at [PROGRAM NAME]?
