

postsecondary education such as enrollments, degrees and other awards earned, tuition and fees, average net price, student financial aid, graduation rates, revenues and expenditures, faculty salaries, and staff employed. The IPEDS web-based data collection system was implemented in 2000–01, and it collects basic data from approximately 7,500 postsecondary institutions in the United States and the other jurisdictions that are eligible to participate in Title IV Federal financial aid programs. All Title IV institutions are required to respond to IPEDS (Section 490 of the Higher Education Amendments of 1992 (Pub. L. 102–325)). IPEDS allows other (non-title IV) institutions to participate on a voluntary basis. About 200 elect to respond. IPEDS data are available to the public through the College Navigator and IPEDS Data Center Web sites. NCES seeks authorization to continue its IPEDS data collection. Current authorization expires 6/30/2014 (OMB No. 1850–0582). Clearance is also sought for the 2014–15 and 2015–16 data collections in order to provide institutions advanced notice of changes to the current data collection. Because the already approved 2013–14 IPEDS data collection has not yet taken place, we are carrying over the documentation and estimated burden associated with the 2013–14 data collection. The 30-day public comment period for this collection concluded on September 9, 2013. In response to the public comments, two revisions have been made to the proposed IPEDS 2013–2016 collection: (1) The item “Serial Titles” was deleted from the Academic Libraries component because it had been deleted from the 2012 Academic Libraries Survey between the Technical Review Panel meeting and the submission of the clearance package, and (2) a cohort status report at 6 years was added for all institutions to the Outcome Measures component to accommodate the measurement of awards in a timeframe that will align with proposed policy changes related to federal student loan limits and to provide a second point in time measure to assist students and their parents in the college selection process. Award information will now be reported at both the 6 year and 8 year timeframe, 8 years after the cohort enters the institution. As a result of these changes,

NCES is opening another 30-day public comment period.
