Voluntary Emission Recall Quarterly Progress Report (QR) Help Instructions

General

Validate Form Button

Clicking this button will check to see if the form is valid and identify any form errors for correction. Failure to submit a valid form means you have not met reporting requirements and the system will reject the form.

Report Information

Quarter

Indicate the quarter this form is being submitted.

Year

Indicate the year this form is being submitted.

New QR or Correct / Update

If you are submitting this QR for the first time, you should select "New QR". If you are updating or correcting a previously submitted QR, you should select "Correct / Update QR". If you select "Correct/Update VERR", you must enter the corresponding quarter for the QR that you are updating/correcting and the reason for the correction / update in the "Notes" field.

Quarter Report Number

Please enter the applicable quarter for the QR. This is only required for six consecutive quarters after the recall was started.

EPA Voluntary Emission Recall Report (VERR) Number

You must enter the number for the VERR that this quarterly report (QR) corresponds to. This number should be the number for the original VERR. Accordingly, this number should be exactly four digits and must contain zeroes for numbers with fewer than four significant digits (e.g., "0007"). If you are unsure of the original VERR number, you can also use the first four digits of the number for an updated/corrected VERR with an eight digit number (e.g., "0007-R01 => "0007").

Additional Owner Notification this Quarter?

Indicate if you have performed additional notifications, following the initial notification at the start of the recall campaign, to owners of the vehicles involved in the recall campaign for this quarter.

Number of Vehicles / Engines Involved in this Recall

Enter the number of vehicles that are involved in the recall campaign.

Number of Vehicles / Engines Completed - Number Inspected

Enter the number of vehicles that were inspected by the dealership or authorized service/repair facility as part of the recall campaign.

Number of Vehicles / Engines Completed - Number Found to be Affected

Enter the number of vehicles that were inspected and found to be affected with the problem the recall campaign addresses.

Number of Vehicles / Engines Completed - Number Receiving Repair

Enter the number of vehicles that received the repair procedure identified in the recall campaign.
