

Catfish Production

ISSN: 1948-271X

Released January 28, 2013, by the National Agricultural Statistics Service (NASS), Agricultural Statistics Board, United States Department of Agriculture (USDA).

Catfish Value of Sales Down 20 Percent from 2011

Catfish growers in the United States had sales of 341 million dollars during 2012, down 20 percent from 423 million dollars the previous year. The top four States (Mississippi, Alabama, Arkansas, and Texas) accounted for 95 percent of the United States total sales. The United States total foodsize sales of 319 million dollars decreased by 18 percent from the previous year. Sales of stockers totaled 10.8 million dollars in 2012, compared to 17.1 million dollars in 2011. Fingerling and fry sales totaled 10.9 million dollars, down 25 percent from 2011.

By point of first sale, direct sales to processors accounted for 96 percent of total foodsize fish sales, up 1 percent from the previous year. Direct sales to other producers accounted for 93 percent of stocker sales compared with 73 percent in 2011.

Water Surface Acres Down 7 Percent from January 1, 2012

The water surface acres being used for catfish production as of January 1, 2013, totaled 83.0 thousand acres, down 7 percent from the 89.4 thousand acres used a year earlier. Of the total acres, 2.07 thousand are to be renovated during the period of January 1 to June 30, 2013. An additional 85 acres are under construction or expected to be constructed and in use by July 1, 2013. During the period of July 1 through December 31, 2012, the area taken out of production totaled 5.29 thousand acres. As of January 1, 2013, foodsize fish were produced on 65.6 thousand acres, fingerling-producing acres totaled 12.7 thousand, and 2.18 thousand acres were being used for broodfish production.

Inventory Numbers

Catfish producers had 540 thousand broodfish on hand January 1, 2013, down 4 percent from January 1, 2012. Large foodsize fish on hand totaled 5.2 million on January 1, 2013, a 43 percent increase from a year ago. The number of medium foodsize fish decreased 10 percent to 58.0 million, while small foodsize fish numbers decreased 8 percent to 104 million. Large stockers on hand January 1, 2013, at 127 million fish, were down 23 percent from the previous year. Small stocker numbers decreased 29 percent to 212 million. There were 399 million fingerlings on hand January 1, 2013, down 12 percent from January 1, 2012.

Terms and Definitions Used for Catfish Production Estimates

Broodfish: Fish kept for egg production, including males. Broodfish produce the fertilized eggs, which go to hatcheries. The most desirable size is 3 to 10 pounds or 4 to 6 years of age.

Fingerlings: Fish weighing 2 to 60 pounds per 1,000 fish or 2 to 6 inches in length.

Foodsize (large): Fish weighing over 3 pounds.

Foodsize (medium): Fish weighing over one and one-half pounds to 3 pounds.

Foodsize (small): Fish weighing over three-fourths of a pound to one and one-half pounds.

Fry: Fish weighing less than 2 pounds per 1,000 fish or less than 2 inches in length.

Stocker (large): Fish weighing over 180 pounds to 750 pounds per 1,000 fish.

Stocker (small): Fish weighing over 60 pounds to 180 pounds per 1,000 fish or over 6 inches in length.

Terms and Definitions Used to Describe Point of First Sale

Government Agencies: Sales to Federal, State, or local government agencies for the purpose of stocking public waters.

Live Hauler/Broker: Sales made to an individual or company that generally purchases live fish from a producer and transports them in an oxygenated tank truck to other outlets.

Other Outlets: Sales to outlets not meeting one of the other defined outlets.

Point of First Sale Outlet: The first point at which money changes hands.

Processors: Sales made directly to a plant for processing.

Recreational Stocking: Only includes fish sold to individuals or private entities for the sole purpose of stocking recreational waters.

Retail Outlets: Fish sold directly to entities who buy fish to re-sell to consumers. Includes grocers, restaurants, and fish markets.

Wholesale to Other Producers: Fish sold to other producers for the intention of growing out for further sale at a later time.

Statistical Methodology

Survey Procedures: Data for catfish production are collected from all known producers in the seven published states and a sample of producers from the remaining states. Individual NASS field offices maintain a list of all known catfish producers and use known sources of producers to update their lists. Operators are mailed a questionnaire as close as possible to January 1 and given adequate time to respond by mail. Those that do not respond by mail are telephoned or possibly enumerated in person during the middle of January.

Estimation Procedures: Sound statistical methodology is employed to derive the estimates from reported data. All data are analyzed for unusual values. Data from each operation are compared to their own past operating profile and to trends from similar operations. Data for missing operations were estimated based on similar operations or historical data. NASS field offices prepare these estimates by using a combination of survey indications and historic trends. Individual State estimates are reviewed by the Agricultural Statistics Board for reasonableness.

Revision policy: Estimates for the previous year are subject to revision when current estimates are made. Revisions are the result of late or corrected data.

Reliability: In the seven published states, catfish production estimates are based on a census of all known active producers and therefore, have no sampling variability. However, since all operations in the other states category are not included in the sample, survey estimates are subject to sampling variability. Survey results are also subject to errors such as omissions, duplication, and mistakes in reporting, recording, and processing the data. While these errors cannot be measured directly, they are minimized through strict quality controls in the data collection process and a careful review of all reported data for consistency and reasonableness.

Information Contacts

Listed below are the commodity specialists in the Livestock Branch of the National Agricultural Statistics Service to contact for additional information. E-mail inquiries may be sent to nass@nass.usda.gov

Dan Kerestes, Chief, Livestock Branch	(202) 720-3570
Bruce Boess, Head, Poultry and Specialty Commodities Section	(202) 720-4447
Cody Brokmeyer – Poultry Slaughter, Turkey Hatchery, Turkeys Raised	(202) 690-3237
David Colwell – Cold Storage	(202) 720-8784
LaKeya Jones – Catfish Processing, Catfish Production, Trout Production, Census of Aquaculture, Honey, Mink	(202) 720-0585
Dawn Keen – Egg Products	(202) 720-4448
Kim Linonis – Layers, Eggs	(202) 690-8632
Miste Salmon – Broiler Hatchery, Chicken Hatchery	(202) 720-3244

Access to NASS Reports

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site: <http://www.nass.usda.gov>
- Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit <http://www.nass.usda.gov> and in the “Follow NASS” box under “Receive reports by Email,” click on “National” or “State” to select the reports you would like to receive.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: nass@nass.usda.gov.

The United States Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9410, or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay). USDA is an equal opportunity provider and employer.
