Welcome to the WIC NSA Cost Collection Instrument.

WIC State Agency Survey

Thank you for participating in the Nutrition Services and Administration (NSA) Cost Study, sponsored by U.S. Department of Agriculture's Food & Nutrition Service (FNS) and administered by Altarum Institute and RTI International.

This survey seeks to understand the various ways NSA grant funds are utilized and how the NSA grant funds have been affected by the numerous program changes of the past decade. Overall, this study will be useful in informing decision-makers about the full range of valuable services that are performed with WIC NSA funds. Please refer to the accompanying email (letter) for full details of the research effort.

You can navigate through the survey using the menu above. The web survey is self-guiding and has a Help menu should you encounter difficulties. We recommend that you use the [User's Guide](#) which contains survey screen shots and more detailed instructions about how to complete the survey. If you need assistance accessing the survey, entering responses, or answering questions, you can call the RTI toll-free survey help line at 1-800-xxx-xxxx, which is available Monday-Friday from 9 a.m. to 7 p.m. EST.

The survey is estimated to take 60 minutes to complete.

Please navigate through the WIC NSA cost collection instrument screens using the menu buttons located on top of the screen and review and/or enter the required information. Clicking on the Confirmation button will confirm that you have entered all information on that screen. All screens must be confirmed before submitting the survey. Clicking the Save button will save the data entered and allow you to complete the information at a later time. You may exit and return to this survey at any time. After completing each page, please confirm your information to ensure that none of your entries are lost.

There is a space for additional comments at the very end.

Based on information gathered from FNS on your FFY13 NSA Grant, we've pre-populated the field below. The NSA Grant includes the formula grant, operational adjustments (OA), and any reallocations you received in FFY 2013. In a separate section, we have obtained information on special funding you received from FNS, such as MIS planning or development funding, EBT funding, breastfeeding peer support funding, or WIC special project or infrastructure funding. In addition, average monthly participation and infant formula rebate data were obtained from your FNS reporting. Please review these numbers and make any corrections.

Indirect Costs

Screen last confirmed 18 Dec 2012 2:57 PM ET by maine

Please respond to the following questions about indirect costs.

1. Total program indirect costs (Please indicate amount paid) \$

2. Allocation methodology

- Calculated using a percentage of our total budget
- Calculated using a percentage of salaries and benefits only
- Set as a fixed dollar amount of the WIC budget
- Direct charged and negotiated every year
- Other (describe):

3. Types of costs included in the indirect costs

Many times, indirect costs are used to support both overall state departmental expenditures related to departmental administration or activities of offices outside of WIC. However, sometimes WIC programs receive support for activities that are necessary for program activities, such as accounting services, MIS support, space, or HR support. For your State WIC Agency, which, if any, of the following services that might be provided to your State WIC Agency are paid for through the use of indirect costs? (Check all that apply.)

- 3-A. Resource services, such as staff recruitment, hiring, and employee benefit management, or payroll

In-Kind Contributions ?

Screen last confirmed 18 Dec 2012 3:22 PM ET by maine

In-kind contributions in the State WIC office are defined as support for WIC activities funded and provided by another entity not directly supported by WIC program funds (Federal or State) or from departmental indirect costs. In-kind contributions at the State level are rare, but do exist in some cases and may be more common in ITOs or Trust Territory WIC programs. Some examples of in-kind support may include:

- An epidemiologist supported by CDC funding but working on WIC studies or providing data analysis support for WIC evaluations.
- A staff person assigned to WIC from the immunization program to help coordinate state efforts to increase immunization rates for WIC clients.
- Support staff that answer phones for WIC, but are funded from Maternal and Child Health Block Grant funds.
- Nutrition education materials developed and supplied by the state's SNAP Education program for distribution and use at local WIC sites.
- A nutritionist paid for by Indian Health Services but providing services to WIC around high-risk nutrition education policies in an ITO State Agency.

Cost Reduction Strategies ?

Screen last confirmed 18 Dec 2012 3:22 PM ET by maine

FNS is interested in knowing of any innovative practices or policies your agency may have implemented since FFY 2010 that have helped you to contain NSA costs while still maintaining or improving your overall service delivery. When considering whether a practice or policy meets the criteria of being innovative, please consider that the practice should: continue quality services at a lower or reduced cost, meet challenges of reduced or same-level grant amounts, or replace older, less efficient practices or policies. If you have made any changes in the past three years that you consider to be innovative or cost effective, please provide a brief description, along with the impact these changes have had on your WIC Program NSA costs, in the text boxes provided below.
