OMB#: 0925 – 0625

Expiry Date: 01/31/2014

Collection of this information is authorized by The Public Health Service Act, Section 411 (42 USC 285a). Rights of your participation in the NCI CIRB is protected by The Privacy Act of 1974. Participation is voluntary, and there are no penalties for not participating or withdrawing from the NCI CIRB at any time. Refusal to participate will not affect your benefits in any way. The information collected will be kept private to the extent provided by law. Names and other identifiers will not appear in any report of the NCI CIRB. Information provided will be combined for all participants and reported as summaries. You are being requested to complete this instrument so that we can conduct activities involved with the operations of NCI CIRB Initiative.

NOTIFICATION TO RESPONDENT OF ESTIMATED BURDEN

Public reporting burden for this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0625). Do not return the completed form to this address.

2. Verifying Study Status

Studies may be permanently closed with the CIRB if they have a status of “Completed” or “Administratively Completed.” Select either A or B below and check the boxes to verify the requirements for that status in the submitted Continuing Review Application.

A. Completed – Section 1.1.8 of the Continuing Review Application

Definition: The study is considered completed with the CIRB only when all of the following are true:

- The study has been closed to accrual.
- All participants have completed study intervention.
- All participants have completed all follow-up activities.
- Analysis of the data is complete.
- The study has met its primary objectives and a final study report/publication has been submitted.

B. Administratively Completed – Section 1.1.8 of the Continuing Review Application

Definition: The study is considered administratively completed with the CIRB when it has been stopped earlier than planned and all of the following are true:

- The study has been closed to accrual.
- All participants are no longer receiving study intervention.
- All follow-up activities have ceased.
- No further activity or data analyses are being performed.

3. Determination:

- Approve the permanent closure of the study with the CIRB.
- Forward for review by the convened CIRB (provide reason in Question 4)
- Reviewer requests additional information before a determination can be made (provide additional information requested in Question 4)
