PRIVACY THRESHOLD ANALYSIS (PTA)

**This form is used to determine whether
a Privacy Impact Assessment is required.**

Please use the attached form to determine whether a Privacy Impact Assessment (PIA) is required under the E-Government Act of 2002 and the Homeland Security Act of 2002.

Please complete this form and send it to your component Privacy Office. If you do not have a component Privacy Office, please send the PTA to the DHS Privacy Office:

Rebecca J. Richards
Senior Director of Privacy Compliance
The Privacy Office
U.S. Department of Homeland Security
Washington, DC 20528
Tel: 703-235-0780

PIA@dhs.gov

Upon receipt from your component Privacy Office, the DHS Privacy Office will review this form. If a PIA is required, the DHS Privacy Office will send you a copy of the Official Privacy Impact Assessment Guide and accompanying Template to complete and return.

A copy of the Guide and Template is available on the DHS Privacy Office website, www.dhs.gov/privacy, on DHSConnect and directly from the DHS Privacy Office via email: pia@dhs.gov, phone: 703-235-0780.

SPECIFIC PTA QUESTIONS

1. Please describe the purpose of the project or program: *Please provide a general description of the project and its purpose in a way a non-technical person could understand.*
The FEMA FIMA uses FEMA Form (FF) 086-0-28, Community Assistance Contact (CAC) and FF 086-0-29, Community Assistance Visit (CAV) in determining community assistance needs. These information collection tools provide a systematic means of monitoring community NFIP compliance. Through the CAC and CAV process and the associated FEMA forms to collect the data, FEMA can also determine to what extent communities are achieving the flood loss reduction objectives of the NFIP. By providing assistance to communities, the CAC and CAV process also serve to enhance FEMA's goals of reducing future flood losses, thereby achieving the cost-containment objective of the NFIP. This information is part of OMB ICR 1660-0023.

2. Project or Program status			
Date first developed:	1985	**Pilot launch date:**	Click here to enter a date.
Date last updated:	2010	**Pilot end date:**	Click here to enter a date.

3. From whom does the Project or Program collect, maintain, use or disseminate information? *Please check all that apply.*	☒ DHS Employees ☐ Contractors working on behalf of DHS ☒ Members of the public ☐ This program does not collect any personally identifiable information[1]

4. What specific information about individuals could be collected, generated or retained? *Please provide a specific description of information that might be collected, generated or retained such as names, addresses, emails, etc.*
The following information about FEMA employees, local government, and community points of contacts include:

---

[1] DHS defines personal information as "Personally Identifiable Information" or PII, which is any information that permits the identity of an individual to be directly or indirectly inferred, including any information that is linked or linkable to that individual, regardless of whether the individual is a U.S. citizen, lawful permanent resident, visitor to the U.S., or employee or contractor to the Department. "Sensitive PII" is PII, which if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual. For the purposes of this PTA, SPII and PII are treated the same.

Name (both full and initials), Telephone number, Address, Name of Community, Community ID Number, and Agency.	
Does the Project or Program use Social Security Numbers (SSNs)?	
If yes, please provide the legal authority for the collection of SSNs:	Click here to enter text.
If yes, please describe the uses of the SSNs within the Project or Program:	Click here to enter text.

5. Does this system employ any of the following technologies: *If project or program utilizes any of these technologies, please contact Component Privacy Officer for specialized PTA.*	☐ Closed Circuit Television (CCTV) ☐ Sharepoint-as-a-Service ☐ Social Media ☐ Mobile Application (or GPS) ☒ Web portal[2] ☐ None of the above
If this project is a technology/system, does it relate solely to infrastructure? *For example, is the system a Local Area Network (LAN) or Wide Area Network (WAN)?*	☒ No. Please continue to next question. ☐ Yes. If a log kept of communication traffic, please answer the following question.
If header or payload data[3] is stored in the communication traffic log, please detail the data elements stored.	
Click here to enter text.	

---

[2] Informational and collaboration-based portals in operation at DHS and its components which collect, use, maintain, and share limited personally identifiable information (PII) about individuals who are "members" of the portal or who seek to gain access to the portal "potential members."

[3] When data is sent over the Internet, each unit transmitted includes both header information and the actual data being sent. The header identifies the source and destination of the packet, while the actual data is referred to as the payload. Because header information, or overhead data, is only used in the transmission process, it is stripped from the packet when it reaches its destination. Therefore, the payload is the only data received by the destination system.
