SUPPLEMENTARY INFORMATION:

Collection of Information

Title: Request for the Site Inspection, Landowners Authorization/Ingress/Egress Agreement.

Type of Information Collection: Extension, without change, of a currently approved information collection.

OMB Number: 1660-0030.

Form Titles and Numbers: FEMA Form 010-0-09, Request for the Site Inspection; FEMA Form 010-0-10, Landowner's Authorization Ingress-Egress Agreement.

Abstract: FEMA's Individual and Households Program provides temporary housing to eligible survivors of federally declared disasters in the form of financial payments for rent assistance. When eligible survivors are unable to make use of rental assistance due to a lack of available housing resources, FEMA may provide direct assistance. Manufactured housing units are a form of direct assistance that FEMA may provide. This information is required to determine whether the infrastructure of a site identified by the survivor supports the installation of the unit. This collection also obtains permission for FEMA and its contractors to place the unit on the property. The property owner certifies that they will not obstruct access to the unit nor will they have a lien placed against the unit for their own debts, thus ensuring they will maintain the property so that FEMA can remove the unit when required.

Affected Public: Individuals or households.

Estimated Number of Respondents: 5,000.

Estimated Total Annual Burden Hours: 1,700 hours.

Estimated Cost: The estimated annual cost to respondents for the hour burden is \$47,600.00. There are no annual costs to respondents operations and maintenance costs for technical services. There is no annual start-up or capital costs. The cost to the Federal Government is \$3,229,500.00.
