FORM 4000 INSTRUCTIONS

A. INFORMATION FOR CHARTERS AND BYLAWS

The subscriber should select a name for the proposed credit union. It is the responsibility of the federal credit union organizers to ensure that the proposed federal credit union name does not constitute an infringement on the name of any corporation in its trade area. The last three words in the name must be "Federal Credit Union." Since the name selected should not duplicate exactly the name of an existing credit union, item 1 provides space for a second choice.

The territory of operations of a Federal credit union is described in the field of membership, item 5. The principal office of the credit union will usually be maintained at a location described in the field of membership.

The proposed field of membership should be defined so clearly that it leaves no room for any doubt as to whom the credit union is to serve or the area which it is to operate. Corporations and other organizations referred to in the definition of the field of membership should be designated by the exact names rather than by some local or popular contraction of these names. Any segment of a larger organization should be identified with the parent. The field of membership for each type of common bond and samples are discussed in detail in Chapter 2 of the "*Chartering and Field of Membership Manual*."

With the guidance of the organizer, the subscribers to the Organization Certificate decide on the number of directors and credit committee members. The board and credit committee must be composed of an odd number of members. The supervisory committee is appointed by the board of directors.

B. CHARACTER AND FITNESS OF SUBSCRIBERS

The names and address of the subscribers should be recorded legibly and completely in item 7 of this report. It is from this information that the National Credit Union Administration prepares Section 3 of the charter. The names of the subscribers must be IDENTICAL to their signatures on the Organization Certificate.
