I, the duly authorized representative of the applicant, hereby request the issuance of historical, non-historical, and/or designated importer licenses. I certify that the applicant meets the applicable eligibility requirements of §6.23 of the Import Regulation. I also certify that the applicant is maintaining on file at the applicant's premises, for audit and inspection by the USDA, all applicable records related to sales, purchases, and transactions, including all applicable records for entries used to qualify for eligibility, for a minimum of 5 years, as described in §6.30 of the Import Regulation.

Additionally, I certify that the applicant will not obtain or use any license for speculation, brokering, or offering for sale, and will not permit any other person to use the license for profit. Furthermore, I understand that the Import Regulation prevents applicants who are affiliated with each other [as defined in §6.23(c)(4)], or who are associated with each other [as defined in §6.23(c)(5)], from receiving a non-historical license for the same article from the same country for the quota year.
