

Non-Substantive Change Request

2013 Census Test

0607-0975

The Census Bureau wishes to add a Notice of Visit form to this clearance. The form will be used in connection with face-to-face interview contact attempts. If interviewers find no one at home, the notice of visit will be left at the door to alert prospective respondents of the visit. The form will have the telephone questionnaire assistance (TQA) number that respondents can call if they wish to complete the interview.
