Are you looking for data for a race or ethnic group (race, ancestry, or tribe)?

No, I'm not looking for race or ethnic group data.

I'm looking for general information about basic race groups, or basic counts of ancestries or tribes.  
Use "Basic Groups" to find data about more than one race group within a single table, for instance, the 7 basic race groups, hispanic or latino, or the populations of the 57 race combinations.

I'm looking for detailed information about race groups.  
Use "Detailed Groups" to find detailed demographic data for one or more specific race, ethnic or ancestry groups (e.g. White and Black, Navajo alone, or Taiwanese alone). These tables come from the Decennial Census (SF 2, SF 4, and AIAN) and the American Community Survey (Selected Population Profiles, Selected Population Tables and AIAN Tables).
